International Handbook on Whistleblowing Research

The Palgrave International Handbook of Action Research offers a vivid portrait of both theoretical perspectives and practical action research activity and related benefits around the globe, while attending to the

cultural, political, social, historical and ecological contexts that localize, shape and characterize action research.

The Palgrave International Handbook of Action Research ...

This handbook focuses on the often neglected dimension of interpretation in educational research. It argues that all educational research is in some sense 'interpretive', and that understanding this issue belies some usual dualisms of thought and practice, such as the sharp dichotomy between 'qualitative' and 'quantitative' research.
