Trauma, the Body and ...

Trauma and the Body is a detailed review of research in neuroscience, trauma, dissociation, and attachment theory that points to the need for an integrative mind-body approach to trauma. The premise of this book is that, by adding body-oriented

interventions to their repertoire, traditionally trained therapists can increase the depth and efficacy of their clinical work.

Trauma and the Body: A Sensorimotor Approach to ...

What fascinates me about trauma is what it does to you. It helps you survive whatever has tried to hurt you. It's a survival instinct. When you experience trauma your brain protects you, it literally creates a new personality on top of the one you were born with and transforms you.

The Transformation: Discovering Wholeness and Healing After

Trauma (HarperOne) is the handbook for addressing this third dimension on an individual-, community-, and population-wide scale. It is the first comprehensive, evidence-based, step-by-step program for reversing the biological and psychological damage of the trauma that accompanies living in the time of the Coronavirus pandemic, and for discovering and growing through the psychological, physical, and emotional challenges of the ...

The Transformation - The Center for Mind-Body Medicine

After trauma, the SNS remains activated, keeping the body and mind on high alert. The brain and nervous system become stuck in trauma and are

rewired in a way that makes healing a challenge.

When Trauma Gets Stuck in the Body | Psychology Today

Many of the new approaches to working and supporting those who have experienced trauma involve the human body and the lingering impact that trauma has left on the body and the nervous system. The different sessions will introduce several approaches to understanding and responding to trauma and will include exercises, practical tools and experiential sequences.
