A Workbook on Functional English Year - 2021-22

B N M Institute of Technology An Autonomous Institution under VTU *Shashwat Publication*

'A Workbook on Functional English' is a book of a few pages but very rich in contents to provide adequate revision to the students, if they solve the given exercises meticulously. The essentials of the language aspects have been covered, looking at their requirements. It happens that after going to the higher classes, a few language concepts

become faint in the memory. So, this will be an opportunity for them to come out of it. The exercises are based on myriad topics under various categories such as LOTS (Low Order Thinking Skill Questions), MOTS (Middle Order Thinking Skill Questions) and HOTS (Higher Order Thinking Skill Questions) along with a Corporate Vocabulary Repository and Tense Chart. After solving the exercises meticulously with interpretation, a feel of confidence will certainly come among them. So, it is apt to say that without vibrant thoughts, fire within, vigorous practice, cleaning mental cobwebs in the subject and esoteric opportunities, it is difficult to have gravity

in the subject. It is only by earnest endeavour; one's task gets accomplished and not by just planning. The exercises have been so easily and meticulously prepared that the requirements of the students may be met with fairly and squarely. It is suitable enough to make the learners interested in learning. I strongly believe that no obstacle is insurmountable. Hardships and obstacles are not meant to be evaded, but to be mastered. I wish the students all the very best for their future endeavours.
