The Art Of Family Mediation Theory And Practice

Family mediation This page explains the process of family mediation, when mediation is necessary and the expected standards of a family mediator. What is mediation? Mediation is the process by which families can negotiate about future arrangements for children with the help of a neutral third party. The mediator does not tell parties what to do, but can help the parties to reach their own agreements amicably, whilst trying to

improve communication between them.

It can help all family members, including children, move on quickly to the next stages of their lives, and maintain important family relationships. Survey results show that mediation is a highly successful way of helping couples resolve disputes, with agreements reached in over 70% of cases. Find out more about how mediation can help

Home - Family Mediation Council

Mediation is a new language. Its development relies on the process itself: each case and its dynamics, circumstances and expectations, and the needs and interests of the parties. Therefore, a standardized agreement form for all mediations is not as effective and, in fact, is contrary to the essence and spirit of the process.

The Art Of Writing A Mediation Agreement

In family mediation, clients are encouraged to co-operate with one another to negotiate and find their own ways to move forward with their lives. Research shows that family mediation can cost less than a quarter of the price and take a quarter of the time of going to court and, more importantly, it can ensure better results for families too.

About Family Mediation - The Family Mediators Association

Family mediation is one way of settling disagreements. A trained mediator can help the parties to reach an agreement. A mediator who conducts a MIAM is a qualified independent facilitator who can also discuss other forms of dispute resolution if mediation is not appropriate. 10.
