A military treatise or treatise on war is any work that deals with the "art of war" in some basic aspect. Fundamentally military treatises are treatises on military strategy. Other works may also be included in the definition that, although they deal with other topics, include sensitive information about military matters.

Military treatise - Wikipedia

The choroid is continued, so as to form, by a sort of doubling or fold, the ciliary processes, and is again continued in front of these. This continuation is called the uvea, and is like a circular basin thinned away towards the center, where there is an aperture B.. This aperture is denominated the pupil. It is of various forms in different animals, and is capable of being contracted, or

enlarged.
