Book Review.
Recording. By Hugh Robjohns. Published October 2014.
Recording on location presents many challenges: this book will help you meet them. It's usually fairly easy to record soloists or a vocalist in a typical home studio, but trying to capture a whole band or larger ensemble playing together can often be quite impractical, and finding an external

location to serve as a makeshift studio is often a better idea.

Streaming Audio From Websites Apps that record internet streams are the most widely used tools for capturing streaming audio. These software apps record sound from a microphone, an auxiliary input device, or even sound in a

game. Internet recording apps grab any sound that your computer's sound card outputs.

How to Record Streaming Audio and Internet Radio

A remote truck and its interiors, 1970. Remote recording, also known as location recording, is the act of making a high-quality complex audio recording of a live concert performance, or any other location recording that uses multitrack recording techniques outside of a recording studio. The multitrack recording is then carefully mixed, and the finished result is called a remote recording or a live album.
