The establishment of a successful venous access service resembles the establishment of a surgical practice more than it does that of a radiology practice. A catheter service is not simply a venous access placement service (hence we chose not to title

this book Placement of Venous Catheters: A Practical Manual). The key term is service.

A bit Shakespearean, perhaps, but this quote from Venous Catheters: A Practical Manual, by contributor Melvin Rosenblatt, quite elegantly gives perspective to the topic of the book and its importance in the treatment of patients who require central venous access. Venous catheter placement, long in the domain of surgeons, has in recent years been largely absorbed by interventional radiologists.
