Unsheltered

A Novel HarperCollins

New York Times bestseller An NPR pick for Best Books of 2018 An O, The Oprah Magazine's Best Book of 2018 A San Francisco Chronicle Best Book of 2018 One of Christian Science Monitor's best fiction reads of 2018 One of Newsweek's Best Books of the year The New York Times bestselling author of Flight Behavior, The Lacuna, and The Poisonwood Bible and recipient of numerous literary awards—including the National Humanities Medal, the Dayton Literary Peace Prize, and the Orange Prize—returns with a timely novel that interweaves past and present to explore the human capacity for resiliency and compassion in times of great upheaval. How could two hardworking people do everything right in life, a woman asks, and end up destitute? Willa Knox and her husband followed all the rules as responsible parents and professionals, and have nothing to show for it but debts and an inherited brick house that is falling apart. The magazine where Willa worked has folded; the college where her husband had tenure has closed. Their dubious shelter is also the only option for a disabled father-in-law and an exasperating, free-spirited daughter. When the family's one success story, an Ivy-educated son, is uprooted by tragedy he seems likely to join them, with dark complications of his own. In another time, a troubled husband and public servant asks, How can a man tell the truth, and be reviled for it? A science teacher with a passion for honest investigation, Thatcher Greenwood finds himself under siege: his employer forbids him to speak of the exciting work just published by Charles Darwin. His young bride and social-climbing mother-in-law bristle at the risk of scandal, and dismiss his worries that their elegant house is unsound. In a village ostensibly founded as a benevolent Utopia, Thatcher wants only to honor his duties, but his friendships with a woman scientist and a renegade newspaper editor threaten to draw him into a vendetta with the town's powerful men. Unsheltered is the compulsively readable story of two families, in two centuries, who live at the corner of Sixth and Plum in Vineland, New Jersey, navigating what seems to be the end of the world as they know it. With history as their tantalizing canvas, these characters paint a startlingly relevant portrait of life in precarious times when the foundations of the past have failed to prepare us for the future.

Small Wonder

Essays Harper Collins

In her new essay collection, the beloved author of High Tide in Tucson brings to us out of one of history's darker moments an extended love song to the world we still have. From its opening parable gleaned from recent news about a lost child saved in an astonishing way, the book moves on to consider a world of surprising and hopeful prospects, ranging from an inventive conservation scheme in a remote jungle to the backyard flock of chickens tended by the author's small daughter. Whether she is contemplating the Grand Canyon, her vegetable garden, motherhood, adolescence, genetic engineering, TV-watching, the history of civil rights, or the future of a nation founded on the best of all human impulses, these essays are grounded in the author's belief that our largest problems have grown from the earth's remotest corners as well as our own backyards, and that answers may lie in those places, too. In the voice Kingsolver's readers have come to rely on—sometimes grave, occasionally hilarious, and ultimately persuasive—Small Wonder is a hopeful examination of the people we seem to be, and what we might yet make of ourselves.

The Poisonwood Bible Faber & Faber

Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

Prodigal Summer LP Harper Collins

Barbara Kingsolver, a writer praised for her "extravagantly gifted narrative voice" (New York Times Book Review), has created with this novel a hymn to wildness that celebrates the prodigal spirit of human nature, and of nature itself. Prodigal Summer weaves together three stories of human love within a larger tapestry of lives inhabiting the forested mountains and struggling small farms of southern Appalachia. At the heart of these intertwined narratives is a den of coyotes that have recently migrated into the region. Deanna Wolfe, a reclusive wildlife biologist, watches the forest from her outpost in an isolated mountain cabin where she is caught off-guard by Eddie Bondo, a young hunter who comes to invade her most private spaces

and confound her self-assured, solitary life. On a farm several miles down the mountain, another web of lives unfolds as Lusa Maluf Landowski, a bookish city girl turned farmer's wife, finds herself unexpectedly marooned in a strange place where she must declare or lose her attachment to the land. And a few more miles down the road, a pair of elderly, feuding neighbors tend their respective farms and wrangle about God, pesticides, and the complexities of a world neither of them expected. Over the course of one humid summer, as the urge to procreate overtakes a green and profligate countryside, these characters find connections to one another and to the flora and fauna with which they necessarily share a place. Their discoveries are embedded inside countless intimate lessons of biology, the realities of small farming, and the final, urgent truth that humans are only one part of life on earth. With the richness that characterizes Barbara Kingsolver's finest work, Prodigal Summer embraces pure thematic originality and demonstrates a balance of narrative and ideas that only an accomplished novelist could render so beautifully. :

A Novel Other Press, LLC

In this poignant novel, a man guilty of a minor offense finds purpose unexpectedly by way of his punishment—reading to others. After an accident—or “the misfortune,” as his cancer-ridden father’s caretaker, Celeste, calls it—Eduardo is sentenced to a year of community service reading to the elderly

and disabled. Stripped of his driver’s license and feeling impotent as he nears thirty-five, he leads a dull, lonely life, chatting occasionally with the waitresses of a local restaurant or walking the streets of Cuernavaca. Once a quiet town known for its lush gardens and swimming pools, the “City of Eternal Spring” is now plagued by robberies, kidnappings, and the other myriad forms of violence bred by drug trafficking. At first, Eduardo seems unable to connect. He movingly reads the words of Dostoyevsky, Henry James, Daphne du Maurier, and more, but doesn’t truly understand them. His eccentric listeners—including two brothers, one mute, who moves his lips while the other acts as ventriloquist; deaf parents raising children they don’t know are hearing; and a beautiful, wheelchair-bound mezzo soprano—sense his detachment. Then Eduardo comes across a poem his father had copied by the Mexican poet Isabel Fraire, and it affects him as no literature has before. Through these fascinating characters, like the practical, quick-witted Celeste, who intuitively grasps poetry even though she never learned to read, Fabio Morábito shows how art can help us rediscover meaning in a corrupt, unequal society.

Another America/Otra America *Seal Press*

From a bestselling and beloved author, an intensely personal collection of poetry “rich with political and human resonance” (Ursula K. LeGuin) Before becoming the bestselling author we know today, Barbara Kingsolver, as a new college graduate in search of adventure, moved to the borderlands of Tucson, Arizona. What she found, she says, was “another America.” Interweaving past political events, from the US-backed dictatorships in South America to the government surveillance carried out in the Reagan years, Kingsolver’s early poetry expands into a broader examination of the racism, discrimination, and immigration system she witnessed at close range. The poems coalesce in a record of her emerging adulthood, in which she confronts the hypocrisy of the national myth of America—a confrontation that would come to shape her not only as an artist, but as a citizen. With a new introduction from Kingsolver that reflects on the current border crisis, Another America is a striking portrait of a country deeply divided between those with privilege and those without, and the lives of urgent purpose that may be carved out in between.

Holding the Line

Women in the Great Arizona Mine Strike of 1983 *Cornell University Press*

Holding the Line, Barbara Kingsolver's first non-fiction book, is the story of women's lives transformed by an a signal event. Set in the small mining towns of Arizona, it is part oral history and part social criticism, exploring the process of empowerment which occurs when people work together as a community. Like Kingsolver's award-winning novels, Holding the Line is a beautifully written book grounded on the strength of its characters. Hundreds of families held the line in the 1983 strike against Phelps Dodge Copper in Arizona. After more than a year the strikers lost their union certification, but the battle permanently altered the social order in these small, predominantly Hispanic mining towns. At the time the strike began, many women said they couldn't leave the house without their husband's permission. Yet, when injunctions barred union men from picketing, their wives and daughters turned out for the daily picket lines. When the strike dragged on and men left to seek jobs elsewhere, women continued to picket, organize support, and defend their rights even when the towns were occupied by the National Guard. "Nothing can ever be the same as it was before," said Diane McCormick of the Morenci Miners Women's Auxiliary. "Look at us. At the beginning of this strike, we were just a bunch of ladies."

In the course of her quest, Rita uncovers a host of secrets surrounding her mother’s internment at a camp in the California desert during the Second World War and the truth about her mysterious father.

Her parents want to send her to a tennis academy where they regularly churn out professional players, but Hall isn't sure she's ready to devote her entire life to tennis, especially after her training partner has a breakdown at a tournament. Is it possible to be a tennis phenom and a regular teenager at the same time?

Flight Behavior *Harper Collins*

Set in the present day in the rural community of Feathertown, Tennessee, Flight Behavior tells the story of Dellarobia Turnbow, a petite, razor-sharp 29-year-old who nurtured worldly ambitions before becoming pregnant and marrying at seventeen. Now, after more than a decade of tending to small children on a failing farm, oppressed by poverty, isolation and her husband's antagonistic family, she has mitigated her boredom by surrendering to an obsessive flirtation with a handsome younger man. In the opening scene, Dellarobia is headed for a secluded mountain cabin to meet this man and

initiate what she expects will be a self-destructive affair. But the tryst never happens. Instead, she walks into something on the mountainside she cannot explain or understand: a forested valley filled with silent red fire that appears to her a miracle. After years lived entirely in the confines of one small house, Dellarobia finds her path suddenly opening out, chapter by chapter, into blunt and confrontational engagement with her family, her church, her town, her continent, and finally the world at large.

Seeds of Change

Critical Essays on Barbara Kingsolver *Univ. of Tennessee Press*

Barbara Kingsolver's books have sold millions of copies. The Poisonwood Bible was nominated for the Pulitzer Prize, and her work is studied in courses ranging from English-as-a-second-language classes to seminars in doctoral programs. Yet, until now, there has been relatively little scholarly analysis of her writings. Seeds of Change: Critical Essays on Barbara Kingsolver, edited by Priscilla V. Leder, is the first collection of essays examining the full range of Kingsolver's literary output. The articles in this new volume provide analysis, context, and commentary on all of Kingsolver's novels, her poetry, her two essay collections, and her full-length nonfiction memoir, Animal, Vegetable, Miracle: A Year of Food Life. Professor Leder begins Seeds of Change with a brief critical biography that traces Kingsolver's development as a writer. Leder also includes an overview of the scholarship on Kingsolver's oeuvre. Organized by subject matter, the 14 essays in the book are divided into three sections tha deal with recurrent themes in Kingsolver's compositions: identity, social justice, and ecology. The pieces in this ground-breaking volume draw upon contemporary critical approaches—ecocritical, postcolonial, feminist, and disability studies—to extend established lines of inquiry into Kingsolver's writing and to take them in new directions. By comparing Kingsolver with earlier writers such as Joseph Conrad and Henry David Thoreau, the contributors place her canon in literary context and locate her in cultural contexts by revealing how she re-works traditional narratives such as the Western myth. They also address the more controversial aspects of her writings, examining her political advocacy and her relationship to her reader, in addition to exploring her vision of a more just and harmonious world. Fully indexed with a comprehensive works-cited section, Seeds of Change gives scholars and students important insight and analysis which will deepen and broaden their understanding and experience of Barbara Kingsolver's work. Priscilla V. Leder has published articles in Mississippi Quarterly, ISLE (Interdisciplinary Studies in Literature and Environment), Amerikastudien/American Studies, and Southern Studies. She is professor of English at Texas State University—San Marcos.

Undomesticated Ground

Recasting Nature as Feminist Space *Cornell University Press*

From "Mother Earth" to "Mother Nature," women have for centuries been associated with nature. Feminists, troubled by the way in which such representations show women controlled by powerful natural forces and confined to domestic space, have sought to distance themselves from nature. In Undomesticated Ground, Stacy Alaimo issues a bold call to reclaim nature as feminist space. Her analysis of a remarkable range of feminist writings—as well as of popular journalism, visual arts, television, and film—powerfully demonstrates that nature has been and continues to be an essential concept for feminist theory and practice. Alaimo urges feminist theorists to rethink the concept of nature by probing the vastly different meanings that it carries. She discusses its significance for Americans engaged in social and political struggles from, for example, the "Indian Wars" of the early nineteenth century, to the birth control movement in the 1920s, to contemporary battles against racism and heterosexism. Reading works by Catherine Sedgwick, Mary Austin, Emma Goldman, Nella Larson, Donna Haraway, Toni Morrison, and others, Alaimo finds that some of these writers strategically invoke nature for feminist purposes while others cast nature as a postmodern agent of resistance in the service of both environmentalism and the women's movement. By examining the importance of nature within literary and political texts, this book greatly expands the parameters of the nature writing genre and establishes nature as a crucial site for the cultural work of feminism.

The Good-natured Feminist

Ecofeminism and the Quest for Democracy *U of Minnesota Press*

Heroic mothers defending home and hearth against a nature deformed by multinationalist corporate practice: this may be a compelling story, but it is not necessarily the source of valid feminist or ecological critique. What's missing is the democratic element, an insistence on bringing to public debate all the relations of gender and nature that such a view takes for granted. This book aims to situate a commitment to theory and politics -- that is, to democratic practice -- at the center of ecofeminism and, thus, to move toward an ecofeminism that is truly both feminist and ecological. The Good-Natured Feminist inaugurates a sustained conversation between ecofeminism and recent writings in feminist postmodernism and radical democracy. Starting with the assumption that ecofeminism is a body of democratic theory, the book tells how the movement originated in debates about "nature" in North American radical feminisms, how it then became entangled with identity politics, and how it now seeks to include nature in democratic conversation and, especially, to politicize relations between gender and nature in both theoretical and activist milieus.

The post-millennial farming community has been invaded by Agribusiness forces at war with a posse of activists, the Seeds of Resistance, who travel the country in a camping car called The Spudnick, biofuelled by pilfered McDonald's french-fry oil. Ruth Ozeki delivers a quirky cast of characters and a wickedly humorous appreciation of the foibles of corporate life, globalization, political resistance, youth culture, and aging baby boomers. All Over Creation tells a celebratory tale of the beauty of seeds, roots, and growthâ€”and the capacity for renewal that resides within us all.

"Charged with Resistance"

An Ecocritical Reading of Barbara Kingsolver's Prodigal Summer and Flight Behavior

Feminist Ecocriticism

Environment, Women, and Literature *Lexington Books*

Feminist Ecocriticism examines the interplay of women and nature as seen through literary theory and criticism, drawing on insights from such diverse fields as chaos theory and psychoanalysis, while examining genres ranging from nineteenth-century sentimental literature to contemporary science fiction. The book explores the central claim of ecofeminism that there is a connection between environmental degradation and the subordination of women with the goal of identifying and fostering liberatory alternatives. Feminist Ecocriticism analyzes the work of such diverse women writers as Rachel Carson, Barbara Kingsolver, Ursula K. Le Guin, and Mary Shelley. By including chapters from a comparable number of women and men, this book dispels the notion that ecofeminism is relevant to and used by only female scholars. After uncovering the oppressive dichotomies of male/female and nature/culture that underlie contemporary environmental problems, Feminist Ecocriticism focuses specifically on emancipatory strategies employed by ecofeminist literary critics as antidotes, asking what our lives might be like as those strategies become increasingly successful in overcoming oppression. Thus, ecofeminism is not limited to the critique of literature, but also helps identify and articulate

liberatory ideals that can be actualized in the real world, in the process transforming everyday life. Providing an alternative to rugged individualism, for example, ecofeminist literature promotes a more fulfilling sense of interrelationship with both community and the land. In the process of exploring literature from ecofeminist perspectives, the book reveals strategies of emancipation that have already begun to give rise to more hopeful ecological narratives. Feminist Ecocriticism provides a novel integration of two important strands of contemporary literary criticism that have often failed to make contact: feminist criticism and ecocriticism. The openness of both feminist criticism and ecocriticism to multiple, even incompatible perspectives, without the insistence on unitary definitions of their fields, has given rise to a new hybrid discipline: feminist ecocriticism."
