Learning Disabilities And Challenging Behaviour

This guideline covers interventions and support for children, young people and adults with a learning disability and behaviour that challenges. It highlights the importance of understanding the cause of behaviour that challenges, and performing thorough assessments so

that steps can be taken to help people change their behaviour and improve their quality of life.

Overview | Challenging behaviour and learning disabilities ...

This guideline covers services for children, young people and adults with a learning disability (or autism and a learning disability) and behaviour that challenges. It aims to promote a lifelong approach to supporting people and their families and carers, focusing on prevention and early intervention and minimising inpatient admissions.

Learning disabilities and behaviour that challenges ...

It is relatively common for people with a learning disability to develop behaviour

that challenges, and more common for people with more severe disability. Prevalence rates are around 5-15% in educational, health or social care services for people with a learning disability.

Challenging behaviour and learning disabilities ...

Challenging behaviour is not a learning disability, but people with a disability are more likely to show challenging behaviour. This can be due to people having difficulty communicating and expressing frustrations. Challenging behaviour can also be a sign that something is wrong, like pain or discomfort, that your child cannot express in another way.

Challenging behaviour - Advice and Support | Mencap

Be aware that 'behaviour that challenges' is not a diagnosis and may serve a purpose for the person with a learning disability (for example, by producing sensory stimulation, attracting attention, avoiding demands, and communicating). This behaviour often results from the interaction between personal and environmental factors and includes aggression, self-injury, stereotypic behaviour, withdrawal, and disruptive or destructive behaviour.

Learning disabilities: Scenario: Behaviour that challenges ...

People with learning disabilities and those with autism, who may at times have behaviours that are described as

challenging, are particularly vulnerable to community exclusion and having a range of restrictions placed on them.

Reducing restrictive interventions in people with ...

Children with learning disabilities may also exhibit behavior problems or have co-occurring behavior disorders. In some cases, learning disabilities can lead to behavior problems such as acting out, avoidance, and emotional outbursts.

How Learning Disabilities Can Affect Behavior

Challenging behaviour is any behaviour that someone displays that is a challenge for others to manage and/or puts the young person or others at risk. Lots of young people with learning

disabilities have behaviours that challenge. There are lots of different types of challenging behaviour and behaviours that one person finds challenging another person may not.

Challenging Behaviour — CAMHS

This quality standard covers care and support and services for children, young people and adults with a learning disability (or a learning disability and autism) and behaviour that challenges, and their families and carers. It describes high quality care in priority areas for improvement.

Overview | Learning disability: behaviour that challenges ...

Improving communication may be helpful in reducing or preventing

challenging behaviour. People who have more severe learning disabilities are more likely to have more difficulties in communicating, and those people who have less communication skills seem more likely to have more frequent challenging behaviour.

Communication and Challenging Behaviour

Challenging behaviour and learning disability. A proportion of people with a learning disability will present behaviour that may be considered challenging. In adults this is around 10-15%. What we think of as challenging behaviours can vary, but this often includes aggression, self-injury and destructiveness.

Learning disability, mental health

and challenging behaviour

Learning Disabilities and Challenging Behavior People who have learning disabilities are often vulnerable to and can present with a wide range of mental health needs. Sadly these often go unrecognized. Challenging behavior and mental health difficulties can occur separately or can co-occur.
