2009 International Property Maintenance Code - 2009 ...

Now updated to reflect the most current industry standards and technology, the 2009 International Property Maintenance Code provides guidelines and requirements for the continued use and maintenance of plumbing, mechanical, electrical and fire protection systems in existing residential and nonresidential

structures.

2009 International Property Maintenance Code ...

Introduction. Internationally, code officials recognize the need for a modern, up-to-date property maintenance code governing the maintenance of existing buildings. The International Property Maintenance Code®, in this 2009 edition, is designed to meet this need through model code regulations that contain clear and specific property maintenance requirements with required property improvement provisions.

A MEMBER OF THE INTERNATIONAL CODE FAMILY

The International Property Maintenance Code is founded on principles that the IPMC must: 1. Adequately protect public health, safety and welfare; 2. Not unnecessarily increase construction costs; 3. Not restrict the use of new materials, products or methods of construction; and 4.
