Unwind Simon and Schuster

In a future world where those between the ages of thirteen and eighteen can have their lives "unwound" and their body parts harvested for use by others, three teens go to extreme lengths to survive until they turn eighteen.

UnWholly Simon and Schuster

"Thanks to Connor, Lev, and Risa, and their high-profile revolt at Happy Jack Harvest Camp, people can no longer turn a blind eye to unwinding. Ridding society of troublesome teens and, in the same stroke, providing much-needed tissues for transplant might be convenient, but its morality has finally been brought into question. However, unwinding has become big business, and there are powerful political and corporate interests that want to see it not only continue, but expand, allowing the unwinding of prisoners and the impoverished. Cam is a teen who does not exist. He is made

entirely out of the parts of other unwinds. Cam, a 21st century Frankenstein, struggles with a search for identity and meaning, as well as the concept of his own soul, if indeed a rewind being can have one. When a sadistic bounty hunter who takes "trophies" from the unwinds he captures starts to pursue Connor, Risa and Lev, Cam finds his fate inextricably bound with theirs"--

UnSouled Simon and Schuster

After the destruction of the Graveyard, Connor and Lev are on the run, seeking a woman who may be the key to bringing down unwinding forever while Cam, the rewind boy, tries to prove his love for Risa by bringing Proactive Citizenry to its knees.

However, a loophole allows parents to retroactively get rid of a teenager through a process called "unwinding." Three teens defy the system and run away from their unwinding: Connor, a rebel whose parents have ordered his unwinding; Risa, a ward of the state who is to be unwound due to cost-cutting; and Lev, his parents' tenth child whose unwinding has been planned since birth as a religious tithing. As their paths intersect and lives hang in the balance, Connor, Risa, and Lev must work together to survive—and they may change the fate of America in the process. Proactive Citizenry, the company which created Cam from the parts of unwound teens, has a plan: to mass produce Rewound teens like Cam for military purposes. But below the surface is of that horror lies another shocking level of intrigue: Proactive Citizenry has been suppressing technology that could make unwinding completely unnecessary. As Conner, Risa and Lev uncover these shocking secrets, enraged teens begin to march on Washington to demand justice and a better future. But more trouble is brewing. Starkey's group of storked teens are growing more powerful and militant with each new recruit. And if they have their way, they'll burn the harvest camps to the group, and put every adult in them before a firing squad—which could destroy any chance America has for a peaceful future. It's wonderful, wonderful stuff." thebookbag.co.uk "This book challenges one's ideas about life, about morality, about religion, about fanatics. One question. What is a woman for? In this ferociously imaginative novel, abortion is once again illegal in America, in-vitro fertilization is banned, and the Personhood Amendment grants rights of life, liberty, and property to every embryo. In a small Oregon fishing town, five very different women navigate these new barriers alongside age-old questions surrounding motherhood, identity, and freedom. Ro, a single high-school teacher, is trying to have a baby on her own, while also writing a biography of Eivør, a little-known 19th-century female polar explorer. Susan is a frustrated mother of two, trapped in a crumbling marriage. Mattie is the adopted daughter of doting parents and one of Ro's best students, who finds herself pregnant with nowhere to turn. And Gin is the gifted, forest-dwelling herbalist, or "mender," who brings all their fates together when she's arrested and put on trial in a frenzied modern-day witch hunt. RED CLOCKS is at once a riveting drama, whose mysteries unfold with magnetic energy, and a shattering novel of ideas. In the vein of Margaret Atwood and Eileen Myles, Leni Zumas fearlessly explores the contours of female experience, evoking THE HANDMAID'S TALE for a new millennium. This is a story of resilience, transformation, and hope in tumultuous-even frightening-times.

Candice Gaines loves Christmas. Not only does she bask in the twinkling lights, sing Christmas carols and go crazy with the decorations, she’s also in the giving spirit, donating much of her time and wealth to various charities in the local area. Charlie Sullivan despises Christmas. Though it keeps his family afloat, considering they own Sullivan Family Christmas Tree Farm, the main provider for Christmas trees on the Monterey peninsula. He’d much rather work among the trees versus have to deal with people. But Charlie’s parents are taking on more philanthropic projects—and as their oldest child, they want him to be their official public representative. He just has to play nice and convince everyone he’s not a total holiday hater. When Charlie’s mom asks Candice to accompany him to a variety of holiday parties and events, she reluctantly agrees. She thinks Charlie is a big ol’ Grinch, but is determined to change his mindset and help him spread Christmas cheer. Charlie finds Candice too chatty, too sweet, too much. Do people like her really exist? Why yes, yes they do. The more time they spend together—along with a few kisses under the mistletoe—the more they start to like each other. Hopefully Charlie can convince Candice he doesn’t have a heart that’s two sizes too small before the ball drops on New Year’s Eve.
