The View from Mount Joy

A Novel *Ballantine Books*

The View from Mount Joy, Lorna Landvik’s delightfully quirky and intensely moving new novel, is about a man, a supermarket, the roads not taken, and the great, unexpected pleasures found in living a good life. When hunky teenage hockey player Joe Andreson and his widowed mother move to Minneapolis, Joe falls under the seductive spell of Kristi Casey, Ole Bull High’s libidinous head cheerleader, the kind of girl a guy can’t say no to, even when saying yes guarantees trouble. Joe balances Kristi’s lustful manipulation with the down-to-earth companionship of his smart, platonic girlfriend, Darva. But it is Kristi who will prove to be a temptation (and torment) throughout Joe’s life. Years later, having once dreamed of a career in pro hockey or as a globetrotting journalist, Joe can’t believe that life has deposited him in the aisles of Haugland Foods. But he soon learns that being a grocer is like being the mayor of a small town: His constituents confide astonishing things and always appreciate the value of a hard-to-pass-up special, a free toy for a well-behaved youngster, a pie for the best rendition of “Alfie,” or simply Joe’s generous dispensing of the milk of human kindness. For Joe, everyday life is its own roller-coaster ride, and all he wants to do is hold on tight. The path Kristi has charged down, on the other hand, is as wild as Joe’s is tame—or at least that’s how it appears to the outside world. But who has really risked more? Who has lived more? And who is truly happy? As Joe discovers—in this dramatic, heartbreaking, and hilarious novel—sometimes people are lucky enough to be standing in the one place where the view of the world is breathtaking, if only they’ll open their eyes to all there is to see. The View from Mount Joy is truly glorious: a warm, wonderful picture of life as seen from the deepest places in the heart.

Oh My Stars

A Novel *Ballantine Books*

I am convinced that at birth the cake is already baked. Nurture is the nuts or frosting, but if you’re a spice cake, you’re a spice cake, and nothing is going to change you into an angel food. Tall, slender Violet Mathers is growing up in the Great Depression, which could just as well define her state of mind. Abandoned by her mother as a child, mistreated by her father, and teased by her schoolmates (“Hey, Olive Oyl, where’s Popeye?”), the lonely girl finds solace in artistic pursuits. Only when she’s hired by the town’s sole feminist to work the night shift in the local thread factory does Violet come into her name, and bloom. Accepted by her co-workers, the teenager enters the happiest phase of

her life, until a terrible accident causes her to retreat once again into her lonely shell. Realizing that she has only one clear choice, Violet boards a bus heading west to California. But when the bus crashes in North Dakota, it seems that Fate is having another cruel laugh at Violet’s expense. This time though, Violet laughs back. She and her fellow passengers are rescued by two men: Austin Sykes, whom Violet is certain is the blackest man to ever set foot on the North Dakota prairie, and Kjel Hedstrom, who inspires feelings Violet never before has felt. Kjel and Austin are musicians whose sound is like no other, and with pluck, verve, and wit, Violet becomes part of their quest to make a new kind of music together. Oh My Stars is Lorna Landvik’s most ambitious novel yet, with a cast of characters whose travails and triumphs you’ll long remember. It is a tale of love and hope, bigotry and betrayal, loss and discovery—as Violet, who’s always considered herself a minor character in her own life story, emerges as a heroine you’ll laugh with, cry with, and, most important, cheer for all the way.

Chronicles of a Radical Hag (with Recipes)

A Novel *U of Minnesota Press*

A bittersweet, seriously funny novel of a life, a small town, and a key to our troubled times traced through a newspaper columnist’s half-century of taking in, and taking on, the world The curmudgeon who wrote the column “Ramblin’s by Walt” in the Granite Creek Gazette dismissed his successor as “puking on paper.” But when Haze Evans first appeared in the small-town newspaper, she earned fans by writing a story about her bachelor uncle who brought a Queen of the Rodeo to Thanksgiving dinner. Now, fifty years later, when the beloved columnist suffers a massive stroke and falls into a coma, publisher Susan McGrath fills the void (temporarily, she hopes) with Haze’s past columns, along with the occasional reprinted responses from readers. Most letters were favorable, although Haze did have her trolls; one Joseph Snell in particular dubbed her “liberal” ideas the “chronicles of a radical hag.” Never censoring herself, Haze chose to mollify her critics with homey recipes—recognizing, in her constantly practical approach to the world and her community, that buttery Almond Crescents will certainly “melt away any misdirected anger.” Framed by news stories of half a century and annotated with the town’s chorus of voices, Haze’s story unfolds, as do those of others touched by the Granite Creek Gazette, including Susan, struggling with her troubled marriage, and her teenage son Sam, who—much to his surprise—enjoys his summer job reading the paper archives and discovers secrets that have been locked in the files for decades, along with sad and surprising truths about Haze’s past. With her customary warmth and wit, Lorna Landvik summons a lifetime at once lost and recovered, a complicated past that speaks with knowing eloquence to a confused present. Her topical but timeless Chronicles of a Radical Hag reminds us—sometimes with a subtle touch, sometimes with gobsmacking humor—of the power of words and of silence, as well as the wonder of finding in each other what we never even knew we were missing.

Best to Laugh

A Novel *U of Minnesota Press*

No one steps up to life’s banquet, holds out her tray, and orders, “Grief, please!” But as a child, Candy Pekkala was served a heaping helping of it. Every buffet line has a dessert section, however, and when a cousin calls with a Hollywood apartment to sublet, it seems as though Candy is finally offered something sweet. It’s good-bye to Minnesota and hello to California, where a girl who has always lived by her wits has a real chance of making a living with them. With that, the irrepressible Lorna Landvik launches her latest irresistible character onto the world stage—or at least onto the dimly lit small stage where stand-up comedy gets its start. Herself a comic performer, Landvik taps her own adventurous past and Minnesota roots to conjure Candy’s life in this strange new Technicolor home. Her fellow tenants at Peyton Hall include a female bodybuilder, a ruined nightclub impresario, and a well-connected Romanian fortune-teller. There are game show appearances and temp jobs at a record company and an establishment suspiciously like the Playboy Mansion, and of course the alluring but not always welcoming stage of stand-up comedy. As she hones her act, Candy is tested by humiliation, hecklers, and the inherent sexism that insists “chicks aren’t funny.” Written with the light touch and quiet wisdom that have made her works so popular, this is classic Lorna Landvik—sometimes so funny, you’ll cry; sometimes so sad, you might as well laugh; and always impossible to put down.

My Home is Far Away *Steerforth*

My Home is Far Away is the most precisely autobiographical of Powell’s fifteen novels. In this family chronicle set in early twentieth century Ohio, young Marcia Willard’s family struggles to keep up with the rapidly changing times, and Marcia endures disillusionment, cruelty, and betrayal to forge a survivor’s sense of independence. John Updike has compared Powell with Theodore Dreiser, Willa Cather, Sherwood Anderson, “and those other Midwestern writers who felt something epic in the national shift from rural to urban, from provincial sequestration to metropolitan liberation.” By 1941, when Powell set to work on My Home Is Far Away, she was better known for the smart, boozy, bawdy, hilarious send-ups of Manhattan high and low life. She had begun to attain a reputation for high sophistication and nothing could be less “sophisticated” – in the glittering, all-knowing, furiously present-tense, big-city manner Powell had perfected – than My Home Is Far Away. This was the month of cherries and peaches, of green apples beyond the grape arbor, of little dandelion ghosts in the grass, of sour grass and four-leaf clovers, of still dry heat holding the smell of nasturtiums and dying lilacs. This was the best month of all and the best day. It was not birthday, Easter, Christmas, or picnic, but all these things and something else, something wonderful, something utterly unknown. The two little girls in embroidered white Sunday dresses knew no way to express their secret joy but by whirling each other dizzily over the lawn crying, “We’re moving, we’re moving! We’re moving to London Junction!” My Home Is Far Away is one of the very few examples of a book written for adults, with an adult command of the language, that maintains the vantage point of a hungry, serious child throughout. It might be likened to a memoir that has been penned not with the usual tranquility of distance but rather with the sense that everything happening to the characters is happening right now, without any promise of eventual escape, without any assurance that childhood, too, shall pass away. My Home is Far Away had been out of print for sixty years when Steerforth reissued it in 1995. It received immediate widespread acclaim, and was featured on the cover of the New York Times Book Review, where Terry Teachout called it “one of the permanent masterpieces of childhood, comparable with David Copperfield, What Maisie Knew and the early reminiscences of Colette,” and where he proclaimed Powell to be “one of this country’s least recognized great novelists.”

Mayor of the Universe

A Novel *U of Minnesota Press*

A mild-mannered actuary, Fletcher Weschel lives at the crossroads of Bland and Humdrum—or so he thinks until a cosmic contest catapults him into the fantasy world he made up as a boy. Suddenly his childhood bedroom is aswarm with aliens, all bent on discovering the human who best personifies their mission—in this case, the deeply serious pursuit of fun. Ejected from the boring comfort of his office chair, Fletcher finds himself astride the bare back of a horse, in front of a safe (that he happens to be cracking), and then . . . in the cabin of a weight-loss camp for kids? Apparently adventures come in all shapes and sizes, and it’s up to Fletcher to make the most of these, conducted by his alien guide, Tandala, who takes on the corporeal form of a big-boned Jamaican and tends to get distracted by Earth’s many surprising pleasures (garlic! libraries! love!). But even fantasies can have consequences, and as Fletcher struggles through them, he is cheered and assisted by Wanda Plum, a plucky second-grade teacher who helps him realize what his ultimate role really is on this highly mysterious, infinitely marvelous pale-blue dot in a vast universe. Though its cast includes aliens, this charmed and charming book is quintessential Lorna Landvik—less about outer space than about the crowded, complex inner space of the human heart.

After Francesco

A Haunting Must-Read Perfect for Book Clubs *A John Scognamiglio Book*

"Like Rebecca Makkai's *The Great Believers*, author-activist Malloy's newest novel is a heartrending portrayal of the realities of healing." —Oprah Daily, Best LGBTQ Books of 2021 Acclaimed author Brian Malloy brings insight, humor, and the authenticity of his own experiences as a member of the AIDS generation to this universal story of love and loss set in New York City and Minneapolis at the peak of the AIDS crisis. Published on the 40th anniversary of the disease's first reported cases, *After Francesco* is both a tribute to a generation lost to the pandemic as well as a powerful and universal exploration of heartbreak, recovery and how love can defy grief. The year is 1988 and 28-year-old Kevin Doyle is bone-tired of attending funerals. It's been two years since his partner Francesco died from AIDS, an epidemic ravaging New York City and going largely ignored by the government, leaving those effected to suffer in silence, feeling unjustifiable shame and guilt on top of their loss. Some people might insist that Francesco and the other friends he's lost to the disease are in a better place, but Kevin definitely isn't. Half-alive, he spends his days at a mind-numbing job and nights with the ghost of Francesco, drunk and drowning in memories of a man who was too young to die. When Kevin hits an all-time low, he realizes it's time to move back home to Minnesota and figure out how to start living again—without Francesco. With the help of a surviving partners support group and friends both old and new, Kevin slowly starts to do just that. But an unthinkable family betrayal, and the news that his best friend is fighting for his life in New York, will force a reckoning and a defining choice. "This novel is fresh, well-observed, often funny, sometimes angry, and always real. I can't think of another novel about the AIDS years that captures that difficult, messy, intense age more accurately or movingly." —Christopher Bram, author of *Eminent Outlaws: The Gay Writers Who Changed America* "In this highly recommended novel, the pain and rage felt by Kevin and those in the trenches with him is palpable and uncomfortable and real. So too is the love and warmth of spirit they manage to nurture in order to survive." —Library Journal(Starred Review)

'Tis The Season!

A Novel *Ballantine Books*

Bestselling author Lorna Landvik shines in this delightful holiday novel of redemption and forgiveness. Heiress Caroline Dixon has managed to alienate nearly everyone with her alcohol-fueled antics, which have also provided near-constant fodder for the poison-pen tabloids and their gossip-hungry readers. But like so many girls-behaving-badly, the twenty-six-year-old socialite gets her comeuppance, followed by a newfound attempt to live a saner existence, or at least one more firmly rooted in the real world. As Caro tentatively begins atoning for past misdeeds, she reaches out to two wonderful people who years ago brought meaning to her life: her former nanny, Astrid Brevald, now living in Norway and Arizona dude ranch owner, Cyril Dale. While Astrid fondly remembers Caro as a special, sweet little girl left in her charge, Cyril recalls how he and his late wife were quite taken with the quick-witted teenager Caro had become when she spent a difficult period in her life at the ranch as her father was dying. In a series of e-mail exchanges, Caro reveals the

depth of her pain and the lengths she went to hide it. In turn, Astrid and Cyril share their own stories of challenging times and offer the unconditional support this young woman has never known. The correspondence leads to the promise of a reunion, just in time for Christmas. But the holiday brings unexpected revelations that change the way everyone sees themselves and one another. At once heartfelt and witty, 'Tis the Season bears good tidings of great joy about the human condition--that down and out doesn't mean over and done, that the things we need most are closer than we know, and that the true measure of one's worth rests in the boundless depths of the soul.

"I've planted my feet on Fijian earth and I intend to stay here until the last sunset. Why don't you join me? Leave behind everything that didn't work out!" When Sina, Maya, Ingrid, and Lisbeth each receive a letter in the mail posing the same question, the answer is obvious. Their old high school friend Kat—Kat the adventurer, Kat who spread her wings and took off as soon as they graduated—has extended the invitation of a lifetime: Come live with me on my cocoa farm in Fiji. Leaving Eden *Ballantine Books*

“The promise of beauty—the kind of real, personal beauty that can transform a person’s life—arrived in Eden, Virginia, on the fourth Thursday in June.” That’s the day Tallie Brock sees the sign at the Klip-N-Kurl, the beauty parlor where she works part-time, sweeping the floor and refilling shampoo bottles, among other chores. (What she really enjoys is listening to the women chat, gossip, and buzz like a beehive.) The sign in the front window announces GLAMOUR DAY. For twenty dollars, a woman can receive a complete professional makeover—and a glossy nine-by-twelve-inch picture of the result. For Tallie, the glam shot just may be her ticket out of Lovettsville. She dreams of someday going to Hollywood and becoming a Star. Her mother, who was the spitting image of Natalie Wood, used to say “the sky’s the limit.” In fact, her mother once left home to make a movie in Los Angeles. But she returned six months later without whispering a word about it—and tried to pick up her life right where she left off. Tallie noticed something different, though. And her mother’s best friend, Martha Lee, the plainest woman within miles, knew the secret that soon the whole town would discover. At the time, Tallie was just afraid her mother would get antsy and disappear again. She was only half right. But that was four years ago, and now Glamour Day is fast approaching. While jotting down observations in her Rulebook for Living (such as “Women with fat faces shouldn’t wear bangs” and “Beetles signify change”), Tallie finds herself changing in unexpected ways—as she tests the limits of trust, explores her growing attraction to a boy from a family as rich as her imagination, and reaches for the sky like she has never done before. By turns funny and tender, joyous and poignant, bestselling author Anne LeClaire has written a winning, stylish novel of small-town Southern life— and what it means to be a mother, daughter, best friend, wife, and lover.

Jamal wants to do the right thing and help earn the money to free his brother by working, but he's afraid to go against the Scorpions. Jamal eventually pulls free of the gang's bad influence, but only through the narrowest of escapes.
