Sacred Ecology: Traditional Ecological Knowledge and ...

Traditional ecological knowledge may be defined as "a cumulative body of knowledge, practice and belief evolving by adaptive processes and handed down through generations by cultural transmission, about the relationship of living beings (including humans) with one another and with their environment."

Traditional Ecological Knowledge - University of Manitoba

The term Traditional Ecological Knowledge, or TEK, is used to describe the knowledge held by indigenous cultures about their immediate environment and the cultural practices that build on that knowledge. Traditional ecological knowledge includes an intimate and detailed knowledge of plants, animals, and natural phenomena, the development and use of appropriate technologies for hunting, fishing, trapping, agriculture, and forestry, and a holistic knowledge, or "world view" which parallels the ...

Traditional Ecological Knowledge - Basic FWS Information

wisdom is characteristic of traditional, non-literate cultures, especially of American Indian cultures, in which life was organized around a highly refined awareness of the environment" (Capra 1982:41). Traditional ecological knowledge (TEK) represents experience acquired over thousands of years of direct human contact with the environ- ment.

TRADITIONAL ECOLOGICAL KNOWLEDGE - Concepts and Cases

Indigenous knowledge, although new to climate science, has been long recognized as a key source of information and insight in domains such as agroforestry, traditional medicine, biodiversity conservation, customary resource management, impact assessment, and natural disaster preparedness and response.

Why Traditional Knowledge Holds the Key to Climate Change ...

This includes traditional ecological knowledge informing government policies on resource management in some instances. But it is nonetheless problematic when their knowledge, which has been dismissed for so long by so many, becomes a valuable data set or is used selectively by academics and others.

Western Science Is Finally Catching Up to Traditional ...

It is now widely acknowledged that most traditional ecological knowledge (TEK), which influenced these institutions and approaches to resource management, was practical and ecologically sound (Baker, 1993, Chambers, 1983, Klee, 1980), and that it could therefore have a role in the design of sustainable resource management programmes today.
