Natural law and rights principles satisfy realistic standards if they identify criteria for “appropriate” or “fit” policies—in land use management and elsewhere. In natural law terms, “property” is a social right instituted to help citizens use resources productively.

Western Land Policy and Natural Property Rights - Public ...

Explicit rights to land have been developed in two key areas of international human rights law, the

rights of indigenous people and the rights of women. Land access and use is frequently tied to the spiritual, cultural and social identities of peoples. As such, land rights have been more fully developed in the sphere of indigenous rights.
