The Creative Soul: Art and the Quest for Wholeness ...

Humanity (and thus the claim to moral consideration) is reduced to the possession of a soul. Proper humans are souls that have bodies; clones simply are their bodies. The soul is a capacity for creative imagination, and this allows for the production of art. But the understanding of art is highly individualistic and intuitive. It is merely the production of beauty. Art is not allowed any communal significance, and it is stripped from its history and cultural development.
