CICA Handbook

Accounting

In April 2005, the Accounting Standards Board issued new accounting standards dealing with the recognition, measurement and disclosure of financial instruments, hedges and comprehensive income, together with many consequential amendments throughout the CICA Handbook - Accounting. These new standards are effective for interim and annual financial statements relating to fiscal years beginning on or after October 1, 2006. Earlier adoption is permitted only as of the beginning of a fiscal year ending on or after December 31, 2004.

Intermediate Accounting

IFRS Edition *Wiley Global Education*

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

Principles of Cost Accounting

Cengage Learning

Introduce students to the essentials of cost accounting using the clear, concise and practical approach in PRINCIPLES OF

COST ACCOUNTING, 17E. The book's unique 10-chapter format provides a thorough understanding of cost concepts, cost behavior, and cost accounting techniques as applied to manufacturing and service businesses. The authors ensure students master fundamentals before progressing to more complex topics. Students begin with job order costing, and advance to process costing before delving into specialized topics, such as budgeting, standard costing and variance analysis, costing for service businesses, and cost analysis for management decisions. The book introduces concepts in small, manageable sections that are immediately reinforced with proven questions, demonstration problems, exercises, and self-study quizzes. Updated examples and current data keep the content relevant to today's times. Students learn how to determine the costs of products and services and set selling prices. Students also discover how to bid on products and analyze the relative profitability of products and services. In addition, the book teaches how to measure the performance of managers, design an accounting system, and use accounting to further organizational goals. Count on PRINCIPLES OF COST ACCOUNTING, 17E for the most logical, relevant approach to your cost accounting course. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Accounting for Governmental & Nonprofit Entities *McGraw-Hill Education*

For more than 60 years, Accounting for Governmental & Nonprofit Entities has been the leader in the market. It is a comprehensive governmental and not-for-profit accounting text written for students who will be auditing and working in public and notfor-profit sector entities. Originally published in 1951 and written by Professor R. M. Mikesell, this book—and the many subsequent editions revised by Professors Leon Hay, Earl Wilson, Susan Kattelus, Jacqueline Reck, and Suzanne Lowensohn—have given generations of instructors and students a comprehensive knowledge of the specialized accounting and financial reporting practices of governmental and not-for-profit organizations, as well as an understanding of how those organizations can better meet the information needs of a diverse set of

financial statement users and decision makers. The vision of these original authors continues to be reflected in this 17th edition, and their strategy of providing a large and innovative set of instructional support materials prepared and tested in the classroom by the authors continues to be a guiding principle today. The current author team brings to this edition their extensive experience teaching government and not-for-profit courses as well as insights gained from their professional experience, scholarly writing, and professional activities. The result is a relevant and accurate text that includes the most effective instructional tools.
