The Universal Expression of Our Emotions - Verywell Mind

The behavioral expression of emotion also includes conscious and unconscious gestures, postures and mannerisms, and overt behaviour that can be either spontaneous or deliberate. One might hesitate to call deliberate behaviour an “expression” because of the intervening conscious activity it involves. One might speak instead of such behaviour as being “out of” the emotion (as in, “he acted out of anger”).

The writing of Expression. Darwin originally intended to publish his work on expression in Descent of Man (1871), but the material grew too large and required a separate book, The Expression of the Emotions in Man and Animals (1872). Darwin incorporated some of the wide-ranging information that he had gathered over nearly four decades in his book, but substantial material, both visual and textual, was not included, perhaps because it was not deemed directly relevant, or because it was too ...
