On Photography *Farrar, Straus and Giroux*

Winner of the National Book Critics' Circle Award for Criticism. One of the most highly regarded books of its kind, On Photography first appeared in 1977 and is described by its author as "a progress of essays about the meaning

and career of photographs." It begins with the famous "In Plato's Cave" essay, then offers five other prose meditations on this topic, and concludes with a fascinating and far-reaching "Brief Anthology of Quotations."

On Photography *Delta*

Winner of the National Book Critics' Circle Award for Criticism. One of the most highly regarded books of its kind, "On Photography" first appeared in 1977 and is described by its author as "a progress of essays about the meaning and career of photographs." It begins with the famous "In Plato's Cave" essay, then offers five other prose meditations on this topic, and concludes with a fascinating and far-reaching "Brief Anthology of Quotations."

On Photography

Winner of the National Book Critics' Circle Award for Criticism. One of the most highly regarded books of its kind, "On Photography" first appeared in 1977 and is described by its author as "a progress of essays about the meaning and career of photographs." It begins with the famous "In Plato's Cave" essay, then offers five other prose meditations on this topic, and concludes with a fascinating and far-reaching "Brief Anthology of Quotations."

On Photography

This is a study of the force of photographic images which are continually inserted between experience and reality. Sontag examines the ways in which we use these omnipresent images

to manufacture a sense of reality and authority in our lives.

On Photography *Farrar Straus & Giroux*

A collection of acclaimed essays explores the aesthetic and moral problems raised by the presence and authority of the photographic image in modern-day life, considers the relation of photography to art, conscience, and knowledge, and examines the works of major photographers

Regarding the Pain of Others *Farrar, Straus and Giroux*

A brilliant, clear-eyed new consideration of the visual representation of violence in our culture--its ubiquity, meanings, and effects Watching the evening news offers constant evidence of atrocity--a

daily commonplace in our "society of spectacle." But are viewers inured -or incited--to violence by the daily depiction of cruelty and horror? Is the viewer's perception of reality eroded by the universal availability of imagery intended to shock? In her first full-scale investigation of the role of imagery in our culture since her now-classic book *On Photography* defined the terms of the debate twenty-five years ago, Susan Sontag cuts through circular arguments about how pictures can inspire dissent or foster violence as she takes a fresh look at the representation of atrocity--from Goya's *The Disasters of War* to photographs of the American Civil War, lynchings of blacks in the South, and Dachau and Auschwitz to contemporary horrific images of Bosnia, Sierra Leone,

Rwanda, and New York City on September 11, 2001. As John Berger wrote when *On Photography* was first published, "All future discussions or analysis of the role of photography in the affluent mass-media societies is now bound to begin with her book." Sontag's new book, a startling reappraisal of the intersection of "information", "news," "art," and politics in the contemporary depiction of war and disaster, will be equally essential. It will forever alter our thinking about the uses and meanings of images in our world.

Portraits In Life And Death *Da Capo Press*

Under the Sign of Saturn

Essays *Farrar, Straus and Giroux*

This third essay collection by America's leading essayist brings together her most important critical writing from 1972 to 1980, in which she explores some of the most influential artists and thinkers of our time.

Morals of Vision *Steidl*

When William Eggleston's second artist's book *Morals of Visions* was first published in 1978 in a limited edition of fifteen, only a handful of lucky people were able to obtain it; it has since become a collectible rarity. That is now to change with this new Steidl edition, which re-imagines *Morals of Visions* as a trade book for the general public. The original *Morals of Vision* contains eight color coupler prints of Eggleston's

archetypal still lifes, landscapes and portraits which glorify the banal and have since changed the history of color photography. "There is no particular reason to search for meaning," Eggleston has said of his work in general, a sentiment in contrast with the title *Morals of Vision* which suggests that there are indeed principles of a kind to be learnt from the images in this book. Yet the lessons in photos including those of a broom leaning against a wall, green grain silos in the fading light, and an off-center electric candle complete with fake wax, remain Eggleston's own ironic secret. 'I don't have a burning desire to go out and document anything. It just happens when it happens. It's not a conscious effort, nor is it a struggle.' - William Eggleston

Susan Sontag: Essays of the 1960s & 70s (LOA #246)

Against Interpretation / Styles of Radical Will / On Photography / Illness as Metaphor / Uncollected Essays *Library of America*

With the publication of her first book of criticism, *Against Interpretation*, in 1966, Susan Sontag placed herself at the forefront of an era of cultural and political transformation. "What is important now," she wrote, "is to recover our senses In place of a hermeneutics we need an erotics of art." She would remain a catalyzing presence, whether writing about camp sensibility, the films of Jean-Luc Godard and Alain Resnais, her experiences as a traveler to Hanoi at the height of the Vietnam War,

the aesthetics of science-fiction and pornography, or a range of modern thinkers from Simone Weil to E. M. Cioran. She opened dazzling new perspectives on any subject she addressed, whether the nature of photography or cultural attitudes toward illness. This volume, edited by Sontag's son David Rieff, presents the full texts of four essential books: *Against Interpretation*, *Styles of Radical Will* (1969), *On Photography* (1977), and *Illness as Metaphor* (1978). Also here as a special feature are six previously uncollected essays including studies of William S. Burroughs and the painter Francis Bacon and a series of reflections on beauty, aging, and the emerging feminist movement. LIBRARY OF AMERICA is an independent nonprofit

cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Camera Lucida

Reflections on Photography *Macmillan*

"Examining the themes of presence and absence, the relationship between photography and theatre, history and

death, these 'reflections on photography' begin as an investigation into the nature of photographs. Then, as Barthes contemplates a photograph of his mother as a child, the book becomes an exposition of his own mind."--Alibris.

I, etcetera

Stories *Farrar, Straus and Giroux*

In eight stories, this singular collection of short fiction written over the course of ten years explores the terrain of modern urban life. In reflective, telegraphic prose, Susan Sontag confronts the reader with exposed workings of an impassioned intellect in narratives seamed with many of the themes of her essays—the nature of knowing, our relationship with the past, and the future

in an alienated present.

Alice in Bed

A Play *Farrar, Straus and Giroux*

Alice in Bed is a free dramatic fantasy which merges the life of Alice James, the brilliant sister of William and Henry James, with the heroine of Lewis Carroll's *Alice in Wonderland*. It is a play about the anguish and grief and rage of women; and about the triumphs and limitations of the imagination.

The Daily Show (The Book)

An Oral History as Told by Jon Stewart, the Correspondents, Staff and Guests *Grand Central Publishing*
NEW YORK TIMES BESTSELLER The

complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests

and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the

first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Illuminations

Women Writing on Photography from the 1850's to the Present *Routledge*

This selection of women's writings on photography proposes a new and different history, demonstrating the ways in which women's perspectives have advanced photographic criticism over 150 years, focusing it more deeply and, with the advent of feminist

approaches, increasingly challenging its orthodoxies. Included in the book are Rosalind Krauss, Ingrid Sischy, Vicki Goldberg and Carol Squiers.

Susan Sontag

The Complete Rolling Stone Interview *Yale University Press*

The candid and far-reaching interview with the public intellectual and author of *Illness as Metaphor*, conducted in 1978 Paris and New York. Over the summer and fall of 1978, Susan Sontag engaged in a series of deeply stimulating, provocative and intimate conversations with Jonathan Cott of Rolling Stone magazine. While the printed interview was extensive, it covered only a third of their twelve hours of discussion. Now, for

the first time, the entire transcript of Sontag's remarkable conversation is available in book form, accompanied by Cott's preface and recollections. An acclaimed author of novels and essays, a renowned cultural critic and radical anti-war activist, Sontag was at the height of her powers in the late 1970s. Her musings and observations in this interview reveal the breadth and depth of her critical intelligence and curiosities at the time. These hours of conversation offer a revelatory and indispensable look at the self-described "besotted aesthete" and "obsessed moralist."

On Photography

A Philosophical Inquiry *Routledge*

What is photography? Is it a source of

knowledge or an art? Many have said the former because it records the world automatically, others the latter because it expresses human subjectivity. Can photography be both or must we choose? In *On Photography: A Philosophical Inquiry*, Diarmuid Costello examines these fascinating questions and more, drawing on images by Alfred Stieglitz, Berenice Abbott, Paul Strand, Lee Friedlander, James Welling, and Wolfgang Tillmans, among others, and the writings of Elizabeth Eastlake, Peter Henry Emerson, Edward Weston, Siegfried Kracauer, André Bazin, and Stanley Cavell. This sets the scene for the contemporary stand-off between "sceptical" and "non-sceptical" Orthodoxy in the work of Roger Scruton and Kendall Walton, and a New Theory of

Photography taking its cue from László Moholy-Nagy and Patrick Maynard. Written in a clear and engaging style, *On Photography* is essential reading for anyone interested in the philosophy of photography, aesthetics, art, and visual studies.

Simple Sabotage Field Manual *Good Press*

"Simple Sabotage Field Manual" by United States. Office of Strategic Services. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been

meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Reborn

Journals and Notebooks, 1947-1963 *Macmillan*

Presents excerpts from the early writings of the author, with reflections on her meetings with influential writers and intellectuals, her literary ambitions, and her criticisms of other writers.

The Babies *powerHouse Books*

Introduction by Mark Holborn and Essay by Susan Sontag Closely following the National Portrait Gallery in London's solo

exhibition of her work, award-winning photographer Polly Borland offers this collection of her compassionate exploration of the little understood world of infantilism, artfully framing the inner lives of Adult Babies alongside their outer manifestations. Illustrated with 80 full-colour photos. 'These photos, mysterious yet human, evoke the abject infants in our brain who never die' - Nerve

On Photographs *MIT Press*

An exploration of photography in 120 photographs. In *On Photographs*, curator and writer David Company presents an exploration of photography in 120 photographs. Proceeding not by chronology or genre or photographer, Company's eclectic selection unfolds

according to its own logic. We see work by Henri Cartier-Bresson, William Eggleston, Helen Levitt, Garry Winogrand, Yves Louise Lawler, Andreas Gursky, and Rineke Dijkstra. There is fashion photography by William Klein, one of Vivian Maier's contact sheets, and a carefully staged scene by Gregory Crewdson, as well as images culled from magazines and advertisements. Each of the 120 photographs is accompanied by Company's lucid and incisive commentary, considering the history of that image and its creator, interpreting its content and meaning, and connecting and contextualizing it with visual culture. Image by image, we absorb and appreciate Company's complex yet playful take on photography and its history. The title, *On Photographs*,

alludes to Susan Sontag's influential and groundbreaking *On Photography*. As an undergraduate, Company met Sontag and questioned her assessment of photography without including specific photographs. Sontag suggested that someday Company could write his own book on the subject, titled *On Photographs*. Now he has.

American Photography *Oxford University Press, USA*

Presents an overview of the history of American photography, covering how American photographers view the world, the nature of photographic exploitation, experimental techniques, and the works of prominent photographers.

The Scandal of Susan Sontag

Columbia University Press

Susan Sontag (1933-2004) spoke of the promiscuity of art and literature?the willingness of great artists and writers to scandalize their spectators through critical frankness, complexity, and beauty. Sontag's life and thought were no less promiscuous. She wrote deeply and engagingly about a range of subjects?theater, sex, politics, novels, torture, and illness?and courted celebrity and controversy both publicly and privately. Throughout her career, she not only earned adulation but also provoked scorn. Her living was the embodiment of scandal. In this collection, Terry Castle, Nancy K. Miller, Wayne Koestenbaum, E. Ann Kaplan, and other leading scholars revisit Sontag's groundbreaking life and work. Against Interpretation, "Notes on

Camp," Letter from Hanoi, On Photography, Illness as Metaphor, I, Etcetera, and The Volcano Lover?these works form the center of essays no less passionate and imaginative than Sontag herself. Debating questions raised by the thinker's own images and identities, including her sexuality, these works question Sontag's status as a female intellectual and her parallel interest in ambitious and prophetic fictional women; her ambivalence toward popular culture; and her personal and professional "scandals." Paired with rare photographs and illustrations, this timely anthology expands our understanding of Sontag's images and power.

Doing Documentary Work *Oxford University Press*

Demonstrates how documentary work is a narrative constructed by the observer and meant not only to represent reality but to interpret it, and provokes consideration of how fine a line exists between fact and perception.

Susan Sontag's On Photography *CRC Press*

Susan Sontag's 1997 text, *On Photography*, brought photographic theory into the university classroom with its staunch defence of the medium as art and inspired a new wave of Marxist Criticism in the field. Sontag explains the way in which we are addicted to images and depend on them for knowledge of our surroundings and the problems and challenges this causes. Already an established academic figure, Sontag

brought Walter Benjamin's theories into the academic mainstream. The book retains its relevance in the everyday world because of the applicability of its ideas to the world of digital photography.

Thoughts on Art and Life *Litres*

Wisconsin Death Trip *University of New Mexico Press*

First published in 1973, this remarkable book about life in a small turn-of-the-century Wisconsin town has become a cult classic. Lesy has collected and arranged photographs taken between 1890 and 1910 by a Black River Falls photographer, Charles Van Schaik.

Susan Sontag

An Annotated Bibliography 1948-1992 *Routledge*

Susan Sontag: An Annotated Bibliography catalogues the works of one of America's most prolific and important 20th century authors. Known for her philosophical writings on American culture, topics left untouched by Sontag's writings are few and far between. This volume is an exhaustive collection that includes her novels, essays, reviews, films and interviews. Each entry is accompanied by an annotated bibliography.

Where the Stress Falls

Essays *Farrar, Straus and Giroux*

Susan Sontag has said that her earliest idea of what a writer should be was

"someone who is interested in everything." Thirty-five years after her first collection of essays, the now classic *Against Interpretation*, our most important essayist has chosen more than forty longer and shorter pieces from the last two decades that illustrate a deeply felt, kaleidoscopic array of interests, passions, observations, and ideas. "Reading" offers ardent, freewheeling considerations of talismanic writers from her own private canon, such as Marina Tsvetaeva, Randall Jarrell, Roland Barthes, Machado de Assis, W. G. Sebald, Borges, and Elizabeth Hardwick. "Seeing" is a series of luminous and incisive encounters with film, dance, photography, painting, opera, and theatre. And in the final section, "There and Here," Sontag

explores some of her own commitments: to the work (and activism) of conscience, to the concreteness of historical understanding, and to the vocation of the writer. Where the *Stress Falls* records a great American writer's urgent engagement with some of the most significant aesthetic and moral issues of the late twentieth century, and provides a brilliant and clear-eyed appraisal of what is at stake, in this new century, in the survival of that inheritance.

Styles of Radical Will *Farrar, Straus and Giroux*

Styles of Radical Will, Susan Sontag's second collection of essays, extends the investigations she undertook in *Against Interpretation* with essays on film, literature, politics, and a groundbreaking

study of pornography.

Trip to Hanoi

"In May of 1968, Susan Sontag visited Hanoi. The report of her trip is neither a political treatise nor a travelogue, but a sensitive observer's response to a world totally foreign to the Western mind. During her trip, Susan Sontag discovered her preconception of North Vietnam and it's people had little relevance to the actual situation. By reassessing her own point of view, Miss Sontag creates a startling picture of life in Hanoi"--Page 4 of cover.

A Susan Sontag Reader *Farrar, Straus and Giroux*

Susan Sontag occupies a special place in Modern American letters. She has

become our most important critic, while her brilliant novels and short fiction are, at long last, getting the recognition they deserve. Sontag is above all a writer, which is only to say that, though the form may differ, there is an essential unity in all her work. The truth of this is perhaps more evident in *A Susan Sontag Reader* than in any of Sontag's individual books. The writer selected a sampling of her work, meaning the choice both to reflect accurately a career and also to guide the reader toward those qualities and concerns which she prizes in her own writing. *A Susan Sontag Reader* is arranged chronologically and draws on most of Sontag's books. There are selections from her two novels, *The Benefactor* and *Death Kit*, and from her collections of short stories, *I*, etcetera.

The famous essays from the 1960s-- "Against Interpretation," "Notes on Camp," and "On Style"--which established Sontag's reputation and can be fairly said to have shaped the cultural views of a generation are included, as are selections from her two subsequent volumes of essays, *Styles of Radical Will* and *Under the Sign of Saturn*. A part of Sontag's best-selling *On Photography* is also included. It is astonishing to read these works when they are detached from the books they appeared in and offered instead in the order in which Sontag wrote them. The connections between various literary forms, the progression of themes, are revealed in often startling ways. Moreover, Sontag has included a long interview in which she moves more informally over the

whole range of her concerns and of her work. The volume ends with "Writing Itself," a previously uncollected essay on Roland Barthes which, in the eyes of many, is one of Sontag's finest achievements. This collection is, in a sense, both a self-portrait and a key for a reader to understand the work of one of the most important writers of our time.

Violent Legacies

Three Cantos Aperture

In *Violent Legacies* the acclaimed photographer Richard Misrach has compiled three new "cantos" in his ongoing series of photographs exploring the desert in the American West. The desert has long been a metaphor in Misrach's art. In *Violent Legacies* these

barren lands, so often romanticized, undergo an eerie transformation at the hands of man and become an unmistakable reflection of militarism, violence, and environmental destruction. Misrach's political commitment and activism-- filtered through an ironic counterposing of form and content, as well as his exquisite use of color and composition-- have never been as powerfully articulated as in these three new cantos. In "Project W-47 (The Secret)" Misrach reveals classically inspired vistas of the Utah deadlands, tainted forever by their past incarnation as Wendover Air Base-- the secret training and planning site for the Hiroshima and Nagasaki bombings. Aspects of what took place at Wendover still remain classified by the U.S.

government. "The Pit" is a Goyaesque series that focuses on the mysterious death of livestock in very close proximity to a former nuclear test site in the Nevada desert. These photographs are a chilling reminder of U.S. and global nuclear contamination. "The Playboys" are Misrach's studies of Playboy magazines that were used for target practice by persons unknown on the fringes of the Nevada Nuclear Test Site. While cover girls appear to have been the principal targets, many aspects of American culture-- including icons like Andy Warhol, Ray Charles, and Madonna-- were inadvertently blasted. Susan Sontag uses these cantos as a springboard to an allegorical tale-- "The View from the Ark"-- a subtle, yet probing meditation on violence in

contemporary society. A postscript interview with Richard Misrach provides background information about the sites comprising *Violent Legacies*. "The West," says Misrach, "is such a loaded concept that any representation deviating from the cowboy myth automatically becomes confrontational. Today, a more fitting myth is that of Dr. Frankenstein. Since World War II, the American landscape has been converted into a laboratory where scientists and the military experiment with the most elemental powers of the universe, inventing weapons of mass destruction, and leaving a legacy of violence in their wake." *Violent Legacies* sends a stark and compelling message about the land we inhabit and our embattled relationship to it. Though the sites

depicted here are all in the American West, they symbolize conditions to be found across the globe and in our own backyards. Richard Misrach unveils a landscape of terrible beauty and great metaphorical power. He asks us to confront the violence in human nature, the skeletons in our closet, the radiant glow on the horizon.

In America

A Novel *Farrar, Straus and Giroux*

A glorious, sweeping new novel from the bestselling author of *The Volcano Lover*. *The Volcano Lover*, Susan Sontag's bestselling 1992 novel, retold the love story of Emma Lady Hamilton and Lord Nelson with consummate power. In her enthralling new novel--once again based

on a real story--Sontag shows us our own country on the cusp of modernity. In 1876 a group of Poles led by Maryna Zalewska, Poland's greatest actress, travel to California to found a "utopian" commune. Maryna, who has renounced her career, is accompanied by her small son and husband; in her entourage is a rising young writer who is in love with her. The novel portrays a West that is still largely empty, where white settlers confront native Californians and Asian coolies. The image of America, and of California--as fantasy, as escape, as radical simplification--constantly meets a more complex reality. The commune fails and most of the émigrés go home, but Maryna stays and triumphs on the American stage. In America is a big, juicy, surprising book--about a woman's

search for self-transformation, about the fate of idealism, about the world of the theater--that will captivate its readers from the first page. It is Sontag's most delicious, most brilliant achievement. In America is the winner of the 2000 National Book Award for Fiction.

The Benefactor

A Novel *Farrar, Straus and Giroux*

The Benefactor, Susan Sontag's first book and first novel, originally published in 1963, introduced a unique writer to the world. In the form of a memoir by a latter-day Candide named Hippolyte, The Benefactor leads us on a kind of psychic Grand Tour, in which Hippolyte's violently imaginative dream life becomes indistinguishable from his surprising

experiences in the 'real world.' Sontag's novel supplies a fascinating, knowing, acerbic portrait of a certain bohemian demimonde that flourished in France until quite recently. More important, *The Benefactor* is a novel about ideas—especially religious ideas—unlike any other: funny, acrobatic, disturbing, profound.

Illness as Metaphor *Random House Incorporated*

A discussion of the ways in which illness is regarded pays particular attention to fantasies that pertain to cancer

The Volcano Lover

A Romance *Farrar, Straus and Giroux*
Set in 18th century Naples, based on the

lives of Sir William Hamilton, his celebrated wife Emma, and Lord Nelson, and peopled with many of the great figures of the day, this unconventional, bestselling historical romance from the National Book Award-winning author of *In America* touches on themes of sex and revolution, the fate of nature, art and the collector's obsessions, and, above all, love.

Death Kit

A Novel *Farrar, Straus and Giroux*

First published in 1967, *Death Kit*--Susan Sontag's second novel--is a classic of modern fiction. Blending realism and dream, it offers a passionate exploration of the recesses of the American conscience.

Atget *The Museum of Modern Art*

This volume presents the essence of the work of the great French photographer Eugène Atget through one hundred carefully selected photographs. Atget devoted more than thirty years of his life to the task of documenting the city of Paris and the surrounding countryside, and in the process created an oeuvre that brilliantly explains the great richness, complexity, and authentic character of his native culture. John Szarkowski, an acknowledged master of the art of looking at photographs, explores the unique sensibilities that made Atget one of the greatest artists of the twentieth century and a vital influence on the development of modern and contemporary photography. The eloquent introductory text and

commentaries on Atget's photographs form an extended essay on the remarkable visual intelligence displayed in these subtle, sometimes enigmatic pictures.

The Memory Keeper's Daughter**A Novel** *Penguin*

A #1 New York Times bestseller by Kim Edwards, *The Memory Keeper's Daughter* is a brilliantly crafted novel of parallel lives, familial secrets, and the redemptive power of love. Kim Edwards's stunning novel begins on a winter night in 1964 in Lexington, Kentucky, when a blizzard forces Dr. David Henry to deliver his own twins. His son, born first, is perfectly healthy, but the doctor immediately recognizes that his

daughter has Down syndrome. Rationalizing it as a need to protect Norah, his wife, he makes a split second decision that will alter all of their lives forever. He asks his nurse, Caroline, to take the baby away to an institution and never to reveal the secret. Instead, she disappears into another city to raise the child herself. So begins this beautifully told story that unfolds over a quarter of a century—in which these two families, ignorant of each other, are yet bound by

the fateful decision made that winter night long ago. A family drama, *The Memory Keeper's Daughter* explores every mother's silent fear: What would happen if you lost your child and she grew up without you? It is also an astonishing tale of love and how the mysterious ties that hold a family together help us survive the heartache that occurs when long-buried secrets are finally uncovered.
