The Ancient Giants Who Ruled America

The Missing Skeletons and the Great Smithsonian Cover-Up *Simon and Schuster*

A study of the substantial evidence for a former race of giants in North America and its 150-year suppression by the Smithsonian Institution

- Shows how thousands of giant skeletons have been

found, particularly in the Mississippi Valley, as well as the ruins of the giants' cities • Explores 400 years of giant finds, including newspaper articles, first person accounts, state historical records, and illustrated field reports • Reveals the Stonehenge-era megalithic burial complex on Catalina Island with over 4,000 giant skeletons, including kings more than 9 feet tall • Includes more than 100 rare photographs and illustrations of the lost evidence Drawing on 400 years of newspaper articles and photos, first person accounts, state historical records, and illustrated field reports, Richard J. Dewhurst reveals not only that North America was once ruled by an

advanced race of giants but also that the Smithsonian has been actively suppressing the physical evidence for nearly 150 years. He shows how thousands of giant skeletons have been unearthed at Mound Builder sites across the continent, only to disappear from the historical record. He examines other concealed giant discoveries, such as the giant mummies found in Spirit Cave, Nevada, wrapped in fine textiles and dating to 8000 BCE; the hundreds of red-haired bog mummies found at sinkhole "cenotes" on the west coast of Florida and dating to 7500 BCE; and the ruins of the giants' cities with populations in excess of 100,000 in Arizona, Oklahoma,

Alabama, and Louisiana. Dewhurst shows how this suppression began shortly after the Civil War and transformed into an outright cover-up in 1879 when Major John Wesley Powell was appointed Smithsonian director, launching a strict pro-evolution, pro-Manifest Destiny agenda. He also reveals the 1920s' discovery on Catalina Island of a megalithic burial complex with 6,000 years of continuous burials and over 4,000 skeletons, including a succession of kings and queens, some more than 9 feet tall--the evidence for which is hidden in the restricted-access evidence rooms at the Smithsonian.

When Giants Ruled the Earth *CreateSpace*

Giants ruled the earth thousands of years ago. The evidence is astounding. Here it is. Around the world we find evidence of this important group of people that controlled most of the world's population at one time. The book also goes into over 100 ancient giant skeletons that have been found in the United States over the years. If you didn't know about the giants,

you should be mad enough to read this book.

Lost Race of the Giants

The Mystery of Their Culture, Influence, and Decline throughout the World *Simon and Schuster*

An exploration of mythological and archaeological evidence for prehistoric giants • Examines the many corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, and the biblical Nephilim • Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India • Explains how giants passed on their sophisticated culture and civilization

to humanity before being wiped out in the great age of cataclysms and floods. Giants are a cornerstone of the myths, legends, and traditions of almost every culture on Earth. Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena, but archaeological discoveries of 10- and 12-foot skeletons--many of which have been suppressed--confirm the existence of a forgotten golden age of giants before recorded history. Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse

frost giants, the Hindu Daityas, the biblical Nephilim, the Celtic Formorach, the Sumerian Anunnaki, and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant. He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations. The author reveals how physical remains of giant-size peoples have been found on almost every continent, including recent finds in the deserts of Saudi Arabia, Afghanistan, and northern India as well as hundreds of excavations of giant mummies and skeletons across the United States,

corresponding directly with Native American accounts of red-haired giants. He also examines reports from famous explorers such as Magellan, Sir Francis Drake, and Desoto of their encounters with giants on the North American continent. Revealing how giants represent the true earthborn race, Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms.

The Encyclopedia of Ancient Giants in North America
Createspace

Independent Publishing Platform

The Encyclopedia of Ancient Giants in North America chronicles two distinct waves of giant humans migrating to North America. As early as 7,000 B.C., strange people arrived on the North American shores of gigantic size with Neanderthal looking skulls. Their spread across the American landscape is documented not only by their massive skeletons but by an identical material culture that was found buried with their remains. Double rows of teeth and skulls with protruding horns make them one of America's most intriguing mysteries. At the advent of the Bronze Age another migration of giant humans found their way to North

America. A persistent legend exists with Native Americans of a people who came to trade and mine the copper from the Upper Great Lakes. They left an indelible mark upon the landscape of the Ohio Valley with their large burial mounds and earthworks aligned to solar, lunar and stellar events. The measurements of these works reveal that they were constructed with the knowledge of advanced mathematics. The discovery of giant humans in North America is the result of pouring through over 10,000 State, County and Township histories at one of the largest genealogical libraries in America. Hundreds of additional accounts were also found within newspaper archives.

There Were Giants in the Earth in Those Days

A Colletion of Various Reports Regarding the Disccovery of the Remains of Giant Human Beings
Createspace Independent Publishing Platform

The Bible, the book of Enoch and other ancient texts speak of the Giants that ruled the earth many years

ago. The Nephilim; the Titans and so on. Were they real or are the stories, a vehicle we can use to entertain and scare children? Did all traces of the Giants of long ago vanish as new civilisations rose and fell, burying the graves and the memories of the Giants further below the surface. America is, relatively speaking, a new country. As the settlers moved Westward and dug into the soil did they discover the remains of the Giants that once ruled the land before the settlers and even the native American Indians arrived? This book presents reports from eye witnesses who, as they planted crops and built their homes discovered something they never expected or dreamed

of finding; the remains of a race of gigantic humans who ruled the land long before they ever set foot on the continent.

Giants on Record

America's Hidden History, Secrets in the Mounds and the Smithsonian Files
Adventures Unlimited Press

Over a 200-year period thousands of newspaper reports, town and county histories, letters, photos, diaries, and scientific journals have documented the existence of an ancient race of giants in North America. Extremely large skeletons ranging from 7 feet up to a staggering 18 feet tall have been reportedly uncovered in prehistoric mounds,

burial chambers, caves, geometric earthworks, and ancient battlefields. Strange anatomic anomalies such as double rows of teeth, horned skulls, massive jaws that fit over a modern face, and elongated skulls have also been reported. Many of these discoveries were sent to the Smithsonian Institution in Washington D.C., seemingly never to be heard about again. The Smithsonian's own records describe at least 17 giant skeletons in annual reports. This book examines a possible cover-up initiated by Smithsonian scientists starting in the late 1800s. The origins of "the tall ones" has been shrouded in mystery for centuries, but this book reveals where they came from, why they got so large, and the reason for their downfall, using the latest scientific research, genetic data, native myths, news reports, and ethnological research. This has become one of the most gripping stories of the last few centuries and for the first time the truth of the giants of North America has been revealed. This book also reveals: How early explorers to America witnessed these giants firsthand, including Sir Francis Drake, John Smith and even some of the early presidents; Legends and myths that talk of cannibalistic, red-haired giants; Strange inscriptions, metal armor, mummified remains, and

sophisticated technologies buried with the skeletons; How secret societies such as the Rosicrucians, Freemasons and Theosophists all claim the existence of giant humans in the past as historical fact in their literature; and How the giants may be connected to the Denisovans from Siberia, the Nephilim of Bible tradition, and other ancient cultures.

Giants of the Lost World

Dinosaurs and Other Extinct Monsters of South America

Smithsonian Institution

More than a hundred years ago, Sir Arthur Conan Doyle wrote a novel called *The Lost World* with the exciting premise that dinosaurs and other prehistoric beasts still ruled in South America. Little did Conan Doyle know, there were terrifying monsters in South America--they just happened to be extinct. In fact, South America has an incredible history as a land where many strange creatures evolved and died out. In his book *Giants of*

the *Lost World: Dinosaurs and Other Extinct Monsters of South America*, Donald R. Prothero uncovers the real science and history behind this fascinating story. The largest animal ever discovered was the huge sauropod dinosaur *Argentinosaurus*, which was about 130 feet long and weighed up to 100 tons. The carnivorous predator *Giganotosaurus* weighed in at more than 8 tons and measured more than 47 feet long, dwarfing the *T. rex* in comparison. Gigantic anacondas broke reptile records; possums evolved into huge saber-toothed predators; and ground sloths grew larger than elephants in this strange, unknown land.

Prothero presents the scientific details about each of these prehistoric beasts, provides a picture of the ancient landscapes they once roamed, and includes the stories of the individuals who first discovered their fossils for a captivating account of a lost world that is stranger than fiction.

The Suppressed History of America

The Murder of Meriwether Lewis and the Mysterious Discoveries of the Lewis and Clark Expedition *Simon and Schuster*

An investigation into the discoveries of Lewis and Clark and other early explorers of America and the terrible acts committed to suppress them •

Provides archaeological proof of giants, the fountain of youth, and descriptions from Lewis's journals of a tribe of "nearly white, blue-eyed" Indians • Uncovers evidence of explorers from Europe and Asia prior to Columbus and of ancient civilizations in North America and the Caribbean • Investigates the Smithsonian conspiracy to cover up Lewis and Clark's discoveries and what lead to Lewis's murder Meriwether Lewis discovered far more than the history books tell--ancient civilizations, strange monuments, "nearly white, blue-eyed" Indians, and evidence that the American continent was visited long before the first European settlers

arrived. And he was murdered to keep it all secret. Examining the shadows and cracks between America's official version of history, Xaviant Haze and Paul Schrag propose that the America of old taught in schools is not the America that was discovered by Lewis and Clark and other early explorers. Investigating the discoveries of Spanish conquistadors and Olmec stories of contact with European-like natives, the authors uncover evidence of explorers from Europe and Asia prior to Columbus, sophisticated ancient civilizations in North America and the Caribbean, the fountain of youth, and a long-extinct race of giants. Verifying stories from

Lewis's journals with modern archaeological finds, geological studies, 18th- and 19th-century newspapers, and accounts of the world in the days of Columbus, the authors reveal how Lewis and Clark's finds infuriated powerful interests in Washington--including the Smithsonian Institution--culminating in the murder of Meriwether Lewis.

Discovering Ancient Giants

Evidence of the Existence of Ancient Human Giants

Discovering Ancient Giants: Evidence of the existence of ancient human giants is a non-fiction hardback book that not only shows evidence for the existence of ancient

giants, but also supports much evidence of the destruction and a cover up of the many existing remains of these ancient giants. This book contains many photos, charts and documents.

Arctic Giants *Inhabit Media*

In ancient times, giants ruled the Arctic. For hundreds of years, Inuit stories of these creatures have been carried down from generation to generation, whispered in the night. Arctic Giants is the only full-length volume to chronicle the legends of these giants of the North. Based on Inuit oral tradition and extensive, meticulous research, Arctic Giants unsparingly tells each horrifying legend.

Written in the vein of the Brothers Grimm and illustrated in an evocative, gothic style, this book is bound to become part of Canada's fairy tale canon.

Ancient Aliens and the Age of Giants: Through the Wormhole

Analyze thousands of years of giant skeletons from 7 to 15 feet tall, along with DNA evidence, genetic mutations, newspaper articles, archeological notes, and excerpts from the Smithsonian Institution's own records. Meet a living tribe of 19th century Stone Age giants. A leading anthropologist

compared their bones to Cro-Magnon skeletons. Do they represent the original humans prior to the arrival of extraterrestrial giants, or the biblical Nephilim? Explore the advanced technology of the extraterrestrial giants: two-way radios, aircraft, self-propelled boats, wormholes, military vehicles, and aerial weapons that blasted Earth. Historical accounts, first-person encounters, plus legends and mythology tell us who they were, where they came from, how they interacted with humans, and left us with predictions of their return. There is a systematic attack on the evidence, however, that keeps giants mired in disbelief and ridicule. Documents are being rewritten one

word at a time to give us an altered history that completely erases extraterrestrial giants, except in the realm of fairytales and fantasy. Dissect several alleged hoaxes and questionable discoveries for an in-depth look at how debunkers twist the facts: How does Area 51 and several missing witnesses fit into one of the biggest hoaxes in giant history? Were giant mummies used as a diversion for the Roswell UFO crash? Take an expanded look at the mummified, red-haired Lovelock giant found in Lovelock Cave, Nevada, and see how debunkers twisted the facts. Revisit the Los Lunas Decalogue Stone, and see how the Navajo translation was summarily dismissed

by casting a shadow of doubt on the credentials of the translator - a translator whose credentials are impeccable. What happened to King Solomon's Cave in Montana? What turned this cave of giants into a giant hoax? The easiest way to hide the truth is to bury it under accusations of incompetency, hoaxes and frauds, so that archeologists and anthropologists distance themselves from the controversy, and everyone questions the authenticity of the bones or artefacts. Meet specific giants including Goliath, King Og, Hiawatha, Odin, and The Watchers of the Bible. Go deep inside the Bible and its forbidden books.

Compare Bible translations about the extraterrestrial Grigori giants and their landing site on Mount Hermon. Meet their hybrid descendants: the Nephilim giants, Elioud, Anakim, Rephaim, and others. Benevolent giants lifted humans up out of savagery and taught us agriculture, raising livestock, building shelters, reading and writing, astrology, astronomy, medicine, warfare, and road building. This coincides with the Neolithic Revolution that took us from the Stone Age into the Bronze Age. Human-Giant hybrids destroyed what their parents built, and they became cannibals. Chilling accounts of these giant cannibals span the entire world,

leaving us with a truth that's almost too horrific to contemplate. The Fourth World of Native American mythology was the age of giants, and it was attacked by gods who left amazing evidence of their technology. Stolen artefacts, witch hunts, and the total annihilation of the bones of heretics and biblical giants eliminated a big chunk of evidence. The gruesome fate of old bones in general plunges us into a Twilight Zone of the bizarre. Today the Battle of the Bones rages on over old hoaxes and new laws. The fate of the giant bones goes far beyond denial or government cover-up, however. More important than the controversy over

missing evidence is what will happen when the extraterrestrial giants return. Conspiracy theories keep humans busy with finger pointing and demands for the truth, when what we should really be focused on is who the extraterrestrial giants were, and what to expect when they return. Are we ready? Look at the evidence, and judge for yourself.

Ancient Earth Journal: The Early Cretaceous

Walter Foster Jr.

Written and illustrated in the style of a naturalist's notebook, this book supplies a first-hand account of what it's like to stand

alongside everything from the first birds to flying dinosaurs to some of the largest creatures ever to walk the earth. Through illustrations and narrative, readers will discover how some dinosaurs survived polar blizzards, while others were able to pump blood five stories high to reach their brains.

Giants Gods and Lost Races

In Search of Ancient Man *Createspace Independent Publishing Platform*

Giants Gods and Lost Races by Mary Sutherland It is beyond our comprehension that any of the story tales told to us as a youth could possibly be true. But what would you do if you were to

learn that these stories may be based off events long ago forgotten in our history? Mary Sutherland, the author of "Giants Gods and Lost Races" takes you and your imagination back in time when giant humans walked the earth; Earthly rulers and gods were riding around on "flying carpets" warring with each other and - as the ancient people described- 'having battles by throwing thunder bolts back and forth.' "Giants Gods and Lost Races" takes you back to a time of 'celestial cities and air ships'; mountains rising from what seemed to be out of nowhere, destroying many and leaving others stranded on their snow covered peaks; strange gods and even

stranger creatures walking around as half-man and half-animal. Up until only recently it was only through religious faith that we could even try to wrap our minds around God speaking to Moses from a burning bush or aiding him by parting a sea. Only through faith could we accept the creation stories; angels and fallen angels...even the concept of heaven or hell. "Giants Gods and Lost Races" is a compilation of several decades of research Mary Sutherland has dedicated her life to. It is her desire to challenge the readers' belief system and open his or her eyes to look outside the box and explore all the possibilities this life has to offer, as well as past and future life.

After reading this book the reader will realize that we are never alone in life. We are surrounded by invisible beings that live in what Sutherland calls 'The Invisible Worlds. Yes, Margaret, faeries are real as are guardian angels and even earth angels; djinn; giants and little people; the hairy ones that some call Big Foot. Death is not to be feared or mourned, but a time of transition from one plane or dimension to another; reincarnation is a natural process of the soul incarnating back into another physical body to carry on its work and evolution...and you will all meet again. Sutherland, not only spends a lot of time out in the field doing research, but cramming through

"Lost and Ancient Texts" that give close accounts of the War of the Gods, putting man right in the middle in an attempt to up the odds for successful battles. Just as today, the ancients watched the sky for the traveling back and forth of the gods flying about in their 'vimanas'. As you will see in this book, there is no doubt that these ancient people had a better understanding of flying crafts than we have today. "Giants Gods and Lost Races" will take you back to the time of Lemuria and Atlantis. It will explain the people; the cultures and religions. It will take you through their destruction and their attempt to rebuild the world after the great cataclysms. This book takes you

through the Matriarchal or Nature Religions into and through the Patriarchal Religions. It was a time of beauty and magic on one side of the coin, yet on the other side a time of darkness, blood-letting and repression, both physically and spiritually.

Mysteries of Ancient America

Uncovering the Forbidden

*Createspace
Independent Publishing
Platform*

This is a compilation of historical accounts that contradict everything we have been taught about ancient America. The accounts are substantiated by the testimony of the Native Americans who lived in the Great Lakes and Ohio Valley regions of

North America. American Indians speak of a people who were skilled in arts and engaged in trade whose remains could be found in the burial mounds. These legends are validated by the hundreds of miles of canals extending into the Mississippi River and the extensive copper and lead mines. Early settlers in the Ohio Valley described ancient cities with well-defined evidence of streets laid out at regular intervals and intersected at right angles with other streets. Stone macadamized roads were also evidence of an industrious people engaged in commerce. New information from the British Isles places the Celtic peoples on the Island earlier than previously believed. The Celtic pagan religion is superimposed on ancient sites in the Ohio Valley with indistinguishable characteristics. Ancient ceremonial sites in the Ohio Valley are re-examined under the looking glass of the Celtic Gods and Goddesses. The ancient mound builders practiced a cult of the dead and buried their deceased in burial mounds to act as portals to connect the living with the dead. These portals remain open today and are the gateways for much of the paranormal activity found in the Great Lakes region. While not the focus of the stories presented, many of the skeletons discovered at the ancient sites were of gigantic size. The

connection to the paranormal is elaborated in the Book of Enoch, "And now the Giants, who have been begotten from body and flesh, will be called evil spirits on earth, and their dwelling-places will be upon the earth." New

documentation is presented that solves the mystery of who were the Hopewell Mound Builders. The Dakota Sioux legends place them in the Ohio Valley at the time when the great geometric earthworks were being constructed. They were called "The Snake People" by the Algonquins. Identical serpent effigies are found in the historic Dakota lands that overlap the Hopewell interaction sphere. Other Indians tribes

concur in their legends that this was true along with age-old place names that corroborate the Dakota Sioux as the builders of the effigy mounds in Minnesota, Wisconsin, Iowa, Ohio and Indiana.

Ancient Giants of the Americas

Suppressed Evidence and the Hidden History of a Lost Race *New Page Books*

Did a race of ancient giants once inhabit the Americas? Do ancient megalithic stoneworks, out-of-place artifacts, DNA mysteries, and strange bones provide proof of their existence? Ancient Giants of the Americas reveals an array of astounding truths, including: How giants were a dominant

feature of Native American origin myths. Extraordinary first-person tales about meetings with giant Native Americans. How early pioneers discovered the remains of ancient giants and a previously unknown civilization - and how the Smithsonian successfully covered them up. Analyzing the historical and archaeological evidence, Xaviant Haze provides ample proof that our ancestors in the ancient Americas were much taller and a lot more mysterious than we imagine. Their exploits inspired the Native Americans to keep oral accounts of these mysterious giants, who left behind strange artifacts, massive cities of burial mounds, and the remains of a vast

copper-mining network. Who were these ancient giants? Did some really have six toes? Were some related to the elongated-skull peoples of Peru? Your view of American history will never be the same after going down the giant rabbit hole that is Ancient Giants of the Americas.

The Lost Worlds of Ancient America

Compelling Evidence of Ancient Immigrants, Lost Technologies, and Places of Power *Red Wheel/Weiser*

While digging out a new basement near Los Angeles, homeowners accidentally unearth a 3,000-year-old Phoenician altar. A treasure-hunter in Ohio

finds more than he expected, when his metal detector locates an Eastern Mediterranean pendant from 1000 bc. Two caches of coins minted in Imperial Rome surface along the Ohio River. A Smithsonian Institution archaeologist excavating a Native American burial mound in Tennessee removes a stone emblazoned with a second century Hebrew inscription. These are just a few of the dramatic finds described in *The Lost Worlds of Ancient America*. They confirm that our continent was visited and influenced by visitors from Europe and the Near East hundreds, even thousands of years before its “official” discovery in 1492. As such, this startling,

fresh proof of their powerful impact on the pre-Columbian New World offers us a different view of American origins that threatens to re-write mainstream textbooks. More than two dozen noted academics, researchers, and writers have contributed to this myth-shattering volume, including: Scott Wolter, a university-trained geologist, construction analysis company president, and author of *The Hooked X*, showcased on The History Channel; Dr. John J. White, editor emeritus of the *Midwestern Epigraphic Society’s* quarterly *Journal*; J.M. Allen, a former air-photo interpreter for Britain’s Royal Air Force; Bruce Scofield, PhD, a world-

class authority on Aztec astrology; Dr. Arlan Andrews, Sr., a registered professional engineer with a 40-year career at White Sands Missile Range, AT&T Bell Labs, and the White House Science Office; Wayne May, founder and publisher of Ancient American magazine.

A Forest of Stars *Orbit*

Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders

don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

The Algebraist *Hachette UK*

A superb standalone novel from the awesome imagination of Iain M. Banks, a master of modern science fiction. It is 4034 AD. Humanity

has made it to the stars. Fassin Taak, a Slow Seer at the Court of the Nasqueron Dwellers, will be fortunate if he makes it to the end of the year. The Nasqueron Dwellers inhabit a gas giant on the outskirts of the galaxy, in a system awaiting its wormhole connection to the rest of civilisation. In the meantime, they are dismissed as decadents living in a state of highly developed barbarism, hoarding data without order, hunting their own young and fighting pointless formal wars. Seconded to a military-religious order he's barely heard of - part of the baroque hierarchy of the Mercatoria, the latest galactic hegemony - Fassin Taak has to travel again amongst the Dwellers. He is in search of a secret hidden for half a billion years. But with each day that passes a war draws closer - a war that threatens to overwhelm everything and everyone he's ever known. As complex, turbulent and spectacular as the gas giant on which it is set, this novel from Iain M. Banks is space opera on a truly epic scale. Praise for Iain M. Aliens in Ancient Egypt

The Brotherhood of the Serpent and the Secrets of the Nile Civilization *Simon and Schuster*

The alien influences behind the rise and fall of Egypt's Golden Age
 • Explains how Akhenaten was the last pharaoh entrusted with the sacred and ancient alien knowledge of stargates, free energy, and antigravity

technologies • Reveals how the Brotherhood of the Snake, a secret society of reptilian aliens, sought to destroy Akhenaten and suppress the sacred knowledge of the pharaohs • Explores the original purpose of the pyramids--to transmit energy to expand consciousness--and how they were decommissioned after the Great Flood The sophisticated civilization of ancient Egypt arose seemingly overnight, complete with advanced levels of art, agriculture, astronomy, and physics. Then, with the death of Pharaoh Akhenaten, much of this higher knowledge was lost--or suppressed. But evidence of this former Golden Age, the alien visitors behind its rise,

and those behind its decline still exists--some of it in plain sight. Examining the purposefully obscured reign of Akhenaten and Nefertiti, Xaviant Haze explains how they represent the last dynasty with access to the sacred knowledge of stargates, free energy, and antigravity technologies, knowledge handed down from an advanced interstellar race in the remote past. He reveals how the reptilian race known as the Shemsu Hor infiltrated the Egyptian priesthood and banking systems and formed the Brotherhood of the Snake--a secret society set on destroying Akhenaten's flourishing kingdom and suppressing the sacred knowledge of the pharaohs. Haze examines the evidence of aliens in ancient Egypt, such as the reptilian beings depicted in the Temple of Hathor and Thutmose III's alien encounter. He shows how Akhenaten and his family are always portrayed with elongated skulls and explores the connection between ancient aliens and Mars, including the Martian materials used in Egyptian monuments. He explains the original purpose of the pyramids--to transmit uplifting energy throughout the planet to help expand consciousness--and explores how they were decommissioned after the Great Flood of prehistory. He reveals how the original

builders of the pyramids foresaw humanity's fall from the Golden Age and strategically encoded these magnificent structures to wake humanity from the depths of the Dark Ages.

When Giants Were Upon the Earth

The Watchers, the Nephilim, and the Biblical Cosmic War of the Seed *Embedded Pictures*

The Biblical fantasy novel series *Chronicles of the Nephilim* has changed the landscape of Evangelical imagination. Author Brian Godawa shares the Biblical and ancient historical and mythical research that undergirds the fiction. For those who want serious study of the

topics of the Watchers, Nephilim, and the Biblical Cosmic War of the Seed.

Lost Animals

Extinct, Endangered, and Rediscovered Species *Smithsonian Institution*

Meet the incredible animals that have disappeared due to competition, mass extinctions, hunting, and human activity. *Lost Animals* brings back to life some of the most charismatic creatures to inhabit the planet. It captures the imagination with more than 200 incredible photographs, artworks of fossils, and scientific drawings of charming creatures like dodos, paraceratherium (the largest land mammal), spinosaurus (the biggest carnivorous

dinosaur), placoderm fishes (the sharks of their day), and more! *Lost Animals* is a captivating documentation of evolution and extinction. Each chapter focuses on a specific time in Earth's history, from the Cambrian explosion (the most intense surge of evolution the world has ever experienced) to present times, with profiles of the key species that lived then. From long extinct animals to Lazarus species--animals that were thought to be extinct before being rediscovered--this book takes readers on a journey through Earth's natural history, highlighting the world's biggest animal losses and its moments of conservational hope.

Kennewick Man

The Scientific Investigation of an Ancient American Skeleton *Texas A&M University Press*

Almost from the day of its accidental discovery along the banks of the Columbia River in Washington State in July 1996, the ancient skeleton of Kennewick Man has garnered significant attention from scientific and Native American communities as well as public media outlets. This volume represents a collaboration among physical and forensic anthropologists, archaeologists, geologists, and geochemists, among others, and presents the results of the scientific study of this remarkable find. Scholars address a

range of topics, from basic aspects of osteological analysis to advanced ?research focused on Kennewick Man's origins and his relationships to other populations. Interdisciplinary studies, comprehensive data collection and preservation, and applications of technology are all critical to telling Kennewick Man's story. Kennewick Man: The Scientific Investigation of an Ancient American Skeleton is written for a discerning professional audience, yet the absorbing story of the remains, their discovery, their curation history, and the extensive amount of detail that skilled scientists have been able to glean from them will appeal to

interested and informed general readers. These bones lay silent for nearly nine thousand years, but now, with the aid of dedicated researchers, they can speak about the life of one of the earliest human occupants of North America.

The lost symbol

Random House Digital, Inc.

Robert Langdon, while at the U.S. Capital Building, finds an object encoded with five symbols, which is an ancient invitation to usher its recipient into a long-lost world of esoteric wisdom. When Langdon's belived mentor, Peter Solomon, is kidnapped, he realizes his only hope of saving Peter is to accept this mystical invitation and follow

wherever it leads him. Langdon is instantly plunged into a clandestine world of Masonic secrets, hidden history, and never-before-seen locations - all of which seem to be dragging him toward a single, inconceivable truth.

From Egypt to Ohio

A Semitic Origin for the Giants of North America

This book examines the origins of the lost race of giants whose skeletons have been uncovered in numerous mounds and sites all over North America. The evidence largely suggests that the giants came from the Near East and were likely Semitic (Egypto-Israelite) in origin.

Founding Fathers,

Secret Societies

Freemasons, Illuminati, Rosicrucians, and the Decoding of the Great Seal *Simon and Schuster*

An exploration of the influence of secret societies on the formative documents and symbols of the United States • Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal • Traces the influence of the Iroquois League of Nations upon the Constitution • Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies All children growing up in America learn who the Founding Fathers were. Most, however, never learn of the founders'

connections to the Freemasons, the Rosicrucians, and other esoteric orders. In *Founding Fathers, Secret Societies* Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal--which appears on the back of the one-dollar bill--is a blueprint that conveys the secret destiny of America. By understanding the kabbalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our

Founding Fathers' spiritual vision.

The Lost History of the Little People

Their Spiritually Advanced Civilizations around the World *Simon and Schuster*

Reveals an ancient race of Little People, the catalyst for the emergence of the first known civilizations • Traces the common roots of key words and holy symbols, including the scarlet biretta of Catholic cardinals, back to the Little People • Explains how the mounds of North America and Ireland were not burial sites but the homes of the Little People • Includes the Tuatha De Danaan, the Hindu Sri Vede, the dwarf gods of Mexico and Peru, the

Menehune of Hawaii, the Nunnehi of the Cherokee as well as African Pygmies and the Semang of Malaysia All cultures have stories of the First People, the “Old Ones,” our prehistoric forebears who survived the Great Flood and initiated the first sacred traditions. From the squat “gods” of Mexico and Peru to the fairy kingdom of Europe to the blond pygmies of Madagascar, on every continent of the world they are remembered as masters of stone carving, agriculture, navigation, writing, and shamanic healing--and as a “hobbit” people, no taller than 3 1/2 feet in height yet perfectly proportioned. Linking the high civilizations of the Pleistocene to the Golden Age of the

Great Little People, Susan Martinez reveals how this lost race was forced from their original home on the continent of Pan (known in myth as Mu or Lemuria) during the Great Flood of global legend. Following the mother language of Pan, Martinez uncovers the original unity of humankind in the common roots of key words and holy symbols, including the scarlet biretta of Catholic cardinals, and shows how the Small Sacred Workers influenced the primitive tribes that they encountered in the post-flood diaspora, leading to the rise of civilization. Examining the North American mound-culture sites, including the diminutive adult remains found there,

she explains that these stately mounds were not burial sites but the sanctuaries and homes of the Little People. Drawing on the intriguing worldwide evidence of pygmy tunnels, dwarf villages, elf arrows, and tiny coffins, Martinez reveals the Little People as the real missing link of prehistory, later sanctified and remembered as gods rather than the mortals they were.

When Giants Ruled the Sky

The Brief Reign and Tragic Demise of the American Rigid Airship *The History Press*

Almost everything you know about airships is wrong. Between 1917 and 1935, the US Navy

poured tens of millions of dollars into their airship programme, building a series of dirigibles each one more enormous than the last. These flying behemoths were to be the future of long-distance transport, competing with trains and ocean liners to carry people, post and cargo from country to country, and even across the sea. But by 1936 all these ambitious plans had been scrapped. What happened? When Giants Ruled the Sky is the story of how the American rigid airship came within a hair's breadth of dominating long-distance transportation. It is also the story of four men whose courage and determination kept the programme going despite the obstacles

thrown in their way - until the Navy deliberately ignored a fatal design flaw, bringing the programme crashing back to earth. The subsequent cover-up prevented the truth from being told for more than eighty years. Now, for the first time, what really happened can be revealed.

Third Reader Grade

The Three Books of Enoch and the Book of Giants *lap - Information Age Pub. Incorporated*

This book includes 1 Enoch: The Ethiopic Book of Enoch; 2 Enoch: The Slavonic Book of the Secrets of Enoch; 3 Enoch: The Hebrew Book of Enoch; and versions of the Book of Giants. The 1st Book of Enoch, the Ethiopic Book of Enoch, or 1 Enoch is more known as simply the Book of Enoch. Although this book is considered apocryphal for the Western canon, it is contained in the Ethiopic Bible. It was considered sacred by

some important first followers of Christ but it was left out of the Bible and disappeared for centuries until it was rediscovered in 1773 in Ethiopic. This manuscript was first translated into English in the 1820s and into German in the 1830s. According to most scholars, part of it was written in third century BCE and part of it in the first century CE (the part related to the Son of Man). Although the oldest complete copies of 1 Enoch are K-9 or Kebran 9, dated late fourteenth early fifteenth century and Ethiopian Monastic Microfilm Library (EMML 2080) of the fifteenth or fourteenth century, fragments found in Qumran in the 1950s are more than 2000 years old. Other old important

manuscripts are Abbadianus 55 (possibly fifteenth century) and British Museum Orient 485 (first half of the sixteenth century). The 2nd Book of Enoch, the Slavonic Enoch, or 2 Enoch, is another apocryphal book, found complete only in Old Slavonic manuscripts, and it was once present in the Old Slavonic Bible. It's usually dated to the first century CE although Matthew Black in *The Oxford Guide to People & Places of the Bible* state that there is no manuscript "earlier than the fourteenth century BE." The 3rd Book of Enoch, the Hebrew Enoch, or 3 Enoch, is a Rabbinic text originally written in Hebrew usually dated to the fifth

century CE. Some experts believe it was written by Rabbi Ishmael (second century CE), familiar with both 1 Enoch and 2 Enoch. The Book of Giants contains a narrative that involves the antediluvian giant offspring originally known from both the Genesis and the Book of Enoch. The Book of Giants resembles particularly 1 Enoch: *The First Book of Enoch*.

Gobekli Tepe: Genesis of the Gods

The Temple of the Watchers and the Discovery of Eden

Simon and Schuster

An exploration of the megalithic complex at Göbekli Tepe, who built it, and how it gave rise to legends regarding the foundations of civilization • Details the layout, architecture, and exquisite carvings at Göbekli Tepe • Explores how it was built as a reaction to a global cataclysm • Explains that it was the Watchers of the Book of Enoch and the Anunnaki gods of

Sumerian tradition who created it • Reveals the location of the remains of the Garden of Eden in the same region Built at the end of the last ice age, the mysterious stone temple complex of Göbekli Tepe in Turkey is one of the greatest challenges to 21st century archaeology. As much as 7,000 years older than the Great Pyramid and Stonehenge, its strange buildings and rings of T-shaped monoliths--built with stones weighing from 10 to 15 tons--show a level of sophistication and artistic achievement unmatched until the rise of the great civilizations of the ancient world, Sumer, Egypt, and Babylon. Chronicling his travels to Göbekli Tepe and

surrounding sites, Andrew Collins details the layout, architecture, and exquisite relief carvings of ice age animals and human forms found at this 12,000-year-old megalithic complex, now recognized as the oldest stone architecture in the world. He explores how it was built as a reaction to a global cataclysm--the Great Flood in the Bible--and explains how it served as a gateway and map to the sky-world, the place of first creation, reached via a bright star in the constellation of Cygnus. He reveals those behind its construction as the Watchers of the Book of Enoch and the Anunnaki gods of Sumerian tradition. Unveiling Göbekli

Tepe's foundational role in the rise of civilization, Collins shows how it is connected to humanity's creation in the Garden of Eden and the secrets Adam passed to his son Seth, the founder of an angelic race called the Sethites. In his search for Adam's legendary Cave of Treasures, the author discovers the Garden of Eden and the remains of the Tree of Life--in the same sacred region where Göbekli Tepe is being uncovered today.

The Genesis 6 Conspiracy

TrustedBooks

There are giants among us, passing largely unnoticed, intent on carrying out a secret plan to enslave all humanity. They may not look like giants

today, but their bloodlines extend all the way back to the Nephilim--the offspring of angels who mated with human women--described in Genesis 6 when giants roamed the land. Gary Wayne, author of *The Genesis 6 Conspiracy: How Secret Societies and the Descendants of Giants Plan to Enslave Humankind*, details the role of modern-day Nephilim in Satan's plan to install the Antichrist at the End of Days. When God cast the angel Lucifer and his followers out of heaven, Lucifer set into motion a scheme to ensure the Nephilim survived. Why? Because from the bloodlines of these Nephilim the Antichrist will come. To keep his plan alive, Satan has enlisted the loyalty of secret societies such as the Freemasons, the Templars, and the Rosicrucians to conspire in teaching a theology and a history of the world that is contrary to the biblical one. This Genesis 6 Conspiracy marches toward the Great Tribulation, when the loyalty of the Terminal Generation--this generation--will be tested. The Bible, along with many other ancient sources, clearly records the existence of giants. Wayne provides copious citations from many society insiders, along with extensive Bible references, other religious references, and historical material to bolster his contention. What he uncovers will astonish you--and it will challenge you to

prepare for the
fulfilling of God's
promises.
