Metrology is the name given to the science of pure measurement. Engineering Metrology is restricted to measurements of length & angle.

Introduction To Engineering Metrology -Types Of measurements

Metrology is the scientific study of measurement. It establishes a common understanding of units, crucial in linking human activities. Modern metrology has its roots in the French Revolution's political motivation to standardise units in France, when a length standard taken from a natural source was proposed. This led to the creation of the decimal-based metric system in 1795, establishing a ...
