The International Mars Research Station

The International Mars Research Station - An exciting new plan to create a permanent human settlement on Mars contains approximately 300 pages of science, engineering (including detailed drawings of spacecraft), strategy and philosophy, centred on the idea of establishing a research facility on Mars. In contrast to the current popular trend of private missions, the IMRS plan proposes an alliance between the world's top 10 space agencies in a similiar vein to the International Space Station.
