Feed Into Milk: A New Applied Feeding System for Dairy ...

Strategic research in ruminant nutrition has greatly improved our understanding of the processes involved in the conversion of feed to milk. However, the lack of an up to date framework to incorporate this knowledge into support systems has meant that much of the technology has not been transferred into practice in a way that can aid the sustainability of milk production systems.

However, the lack of a framework to incorporate this knowledge into support systems which enable both the dairy farmer and the policy maker to predict the consequences of change has meant that much of the technology has not been transferred into practice in a way that can aid the sustainability of milk production systems. The aim of Feed into Milk (FiM) was to develop this framework and to derive an improved nutritional model that could be applied in advisory practice with almost immediate ...
