The first and foremost step while attempting an analogy question should be to DEFINE THE RELATIONSHIP. To avoid any errors first define the relationship on paper or in your mind before searching for options. Once you have defined the relationship analyse the given pairs in the light of the relationship. 1. ANXIOUS :

REASSURANCE. Resentful : gratitude

We have analyzed a lot of analogies and we wanted to find out why a lot of literature about the use of analogies shows that often it's not successful to teach with metaphors and analogies. And what we have found, that in 80% of the cases, in 80% of the cases where

teaching with an analogy breaks down, we have analogies that are not familiar to the students.

Using analogies - Teaching with analogies | Coursera

Analogies are tricky because students have not practiced looking for similar relationships between words. This lesson explores analogies and gives students the opportunity to practice creating your 60-minute lesson in English / Language Arts or Vocabulary and Literary Terms with helpful tips from Ellen Herman

Fourth grade Lesson Easy as Pie: Learning About Analogies

Assessing student's abilities to see the relationship between two words, the

analogy sections attempt to assess reasoning power. An instrumental section begins the text by providing strategies; the second section provides four groups of 100 exercises, further divided into five sets of twenty exercises.
