Intersections Between Feminist And Queer

'Challenging narrowly discursive and deconstructive approaches, Intersections between Feminist and Queer Theory brings together a stellar list of international scholars to make a powerful case for a theoretically robust, 'materialist' and intersectional approach to the critical analysis of gender and sexuality. This text is brimming with novel and exciting ideas about what a critical gender and sexualities studies should look like as we confront the tough realities of the present.'

As well as bringing new topics to the table, queer ideas problematize existing feminist and lesbian and gay studies frameworks and priorities. In particular, the role of identity (as a woman or as a lesbian/gay person) as a source of culture, community and politics has been challenged and re-configured. As the centrality of queer ideas has grown, particularly in certain areas of the academy, questioning voices have emerged; feminists are key inquisitors.
