Things to Remember. When teaching students with disabilities, it is important to realize their educational goals are about more than academics. Although those things are important, students with developmental delays may show signs of inattentiveness, aggression and an inability to socialize with others. Because of their special needs, some specific instructional strategies must be utilized to effectively reach all the students in your classroom.

DEVELOPMENTAL DELAY - Teaching Students With Disabilities

A global developmental delay is when kids have delays in at least two areas. Many parents and caregivers worry that their child's delays are somehow their fault. But developmental delays are typically caused by things beyond your control. For example, teaching a child more than one language doesn't lead to speech or language problems.
