Am not familiar with
the 700, but the carb
problem with my SE
500A is a bad reed
valve. Would put in a
carb rebuild kit, if I
could find one. Don't
know whether the 700
has reed valves but I

think that it may have
two (the 500A has
one). I agree with all of
Ducati's comments,
especially starting with
1 1/2 turns.
