This knob is on both my 1995 750 ST and my 1993 750 SS but I cannot find it anywhere in the parts diagram. I have been using the ski's for years without ever using it but I would love to know what it is. It's located on the front left side of the exhaust, connected to a cable running under the exhaust (can't see where it ends up), and can be moved slightly up and down.
