Digital Disconnect: How Capitalism is Turning the Internet

... Digital Disconnect, based on the acclaimed book by media scholar Robert McChesney, trains its sights on the relationship between the internet and democracy in the age of fake news, filter bubbles, and Facebook security breaches. In a wide-ranging analysis that moves from the development of the internet as a publicly funded project in the late 1960s to its full-scale commercialization today, McChesney traces how the democratizing potential of the web is being radically compromised by the ...
