Group Counseling: Strategies and Skills *Cengage Learning*

GROUP COUNSELING: STRATEGIES AND SKILLS, Eighth Edition, provides an in-depth look at group counseling with an emphasis on practical knowledge and techniques for effective group leadership. The authors discuss the many facets of group counseling and provide examples of how each skill can be applied in a wide range of group settings to produce effective and efficient group sessions. The book's active approach focuses on the skills necessary for starting and ending a session, as well as on how to make the middle phase productive and meaningful. Through its integration of traditional theories and concepts of group process with thoughtful strategies

and specific skills, this reader-friendly book meets the needs of practicing or future counselors, social workers, psychologists, and others who are leading or preparing to lead groups in a variety of settings. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Group Counseling *Cognella Academic Publishing*

Group Counseling: Strategies and Skills provides readers with a comprehensive exploration of group counseling with emphasis on critical techniques for effective group leadership. The text is known for being hands-on and reader friendly. It successfully marries traditional theories and concepts with valuable strategies and sage advice that prepares group leaders for impactful practice. Readers also receive access to videos that show leaders demonstrating the skills discussed in the book. The ninth edition features new content related to the social justice movement as well as leading groups during times of crisis such as the global pandemic that began in 2020. Each chapter has been updated to include learning objectives, information on leading groups virtually, and case studies. The section about leading groups of children and adolescents has been expanded, and references throughout the text have been updated. Group Counseling is an indispensable resource for practicing or future counselors, social workers, psychologists, and others who currently lead or are preparing to lead groups in a variety of settings.

Dynamics and Skills of Group Counseling *Cengage Learning*

Drawing from the author's vast experience as teacher, researcher, and practitioner, Lawrence Shulman's DYNAMICS AND SKILLS OF GROUP COUNSELING equips students in the helping professions with a solid introduction to methods for effective group counseling. Guided by theory, empirical research, years of teaching experience, his own group practice, and the wisdom of colleagues, Shulman's text brings concepts to life with vivid cases that include Record of Service

reports and dialogue from actual groups. These illustrative examples connect theory to current practice and address the day-to-day realities of leading counseling groups. Extremely practical, the book presents students with a clear format on how to run a group built around four phases of work: the preliminary (preparatory) phase; the beginning (contracting) phase; the middle (work) phase; and the ending and transition phase. Recognizing the broad applications of these methods, the latter part of the text shows how these lessons can be applied to a wide range of settings. Reflecting the latest research and practices, DYNAMICS AND SKILLS OF GROUP COUNSELING delivers an insightful, authoritative, and comprehensive introduction to the field. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Bundle: Group Counseling: Strategies and Skills, 7th + DVD
Ingram

Group Counseling: Concepts and Procedures Fourth Edition *Routledge*

The fourth edition of this well-respected text, first published in 1979, is a timely and thorough revision of the existing material. Group Counseling has done well over the years, due in large part to its comprehensive history of group work as a counseling specialty, the practical nature of the authors' explanations, the diversity of sources the authors draw upon, and the international acclaim of Dr. Landreth's work on play and filial therapy. This text will provide both novice and experienced counselors with a framework from which to expand their group counseling skills and knowledge.

On Becoming a Group Member
Routledge

This book provides an introduction to the general landscape of group counseling by way of the idea that learning to be an effective group member is essential to becoming a group leader. Interactive scenarios place the reader right into the group, providing insights into the challenges and opportunities of participation. Each chapter explores a different stage of group work and concludes with useful suggestions and tips for having a successful experience. Throughout the book, an emphasis is placed on member development and personal growth being achieved through self-awareness, interpersonal experiences, and dynamic ways of being. Cultural diversity, ethics and confidentiality, and involvement strategies and skills are also discussed. With its unique, practical, and engaging approach, this book will be invaluable to counseling students as an excellent complement to the theory and research on group counseling.

Impact Therapy

Impact Therapy is an active approach to individual and group counseling developed by Dr. Ed Jacobs, Dr. Chris Schimmel, and Dr. Danie Beaulieu. This multisensory approach to counseling is a form of brief therapy that emphasizes making counseling sessions clear, concrete and thought provoking. Impact Therapy encourages counselors to combine creative counseling techniques with various counseling theories. This innovative approach to counseling has been very well received by school counselors and therapists from all areas of the mental health field including private practice, mental health and drug and alcohol treatment centers, hospitals,

and correctional facilities.

Group Leadership Skills *SAGE Publications*

Drawing on extensive teaching and clinical experience, this book discusses how therapists can bring about change in group settings using a well-developed organizing framework that utilizes interpersonal processes.

Group Counseling *Wadsworth Publishing Company*

This widely used and respected book presents an active, multisensory approach to group leading, focusing heavily on group leadership skills. While written with the counselor in mind, *Group Counseling: Interventions and Techniques, International Edition* also provides an outstanding discussion of group dynamics for professionals in group leadership positions. The authors discuss the many facets of group counseling and provide examples that show how each skill can be applied in a wide range of group settings to produce efficient working groups.

Girls in Real Life Situations, Grades K-5 *Research Press*

"In this unique group counseling curriculum for working with girls in grades K-5, authors Shannon Trice-Black and Julia V. Taylor provide 80 activities divided into ten session themes: Who am I?, My sassy self: positive body image, This or that? Making ch

Effective Group Counseling

This book focuses on the essential elements of leading effective groups in group counseling. Chapter 1 concentrates on the rationale behind using groups and their myths, advantages, and limitations. Chapter 2

discusses different types of groups, especially those that are therapeutic and task-oriented, and their theory and ethics. Chapter 3 delves into the qualities of group leadership; it covers the personal and professional characteristics that effective group leaders possess. Chapter 4 concentrates on the initial preplanning work of setting up any group, covering screening and selecting members and group composition. Chapter 5 explores issues that must be dealt with during a group's first few sessions, including a review of confidentiality. Chapter 6 focuses on the dynamics of transition, a stage often characterized by conflict; positive ways of handling friction as well as exercises that can be helpful in resolving conflict are discussed. Chapter 7 addresses the working stage of groups and presents techniques to aid the productive achievement of individual and collective goals. Effective ways to terminate groups and the importance of wrapping the group up properly are discussed in chapter 8. Creative group exercises and their uses and abuses are examined in chapter 9, which describes proven ways of assisting groups in the beginning, middle, and end of their life cycles. Chapter 10 looks briefly into the future of groups and probable uses of groups in the years to come. (NB)

Group Counseling *Brooks Cole*

This widely used and respected book will help you learn how to lead - and move beyond simply being a group facilitator. Group Counseling presents an active, creative, multisensory approach to group counseling for counselors as well as professionals in group leadership positions. Ed Jacobs, Robert Masson, and Riley Harvill discuss the many facets of group counselling and provide insightful

examples that demonstrate how each skill can be applied in a wide range of settings to produce efficient working groups. Well organized, readable, and filled with helpful instructions on all aspects of group work, Group Counseling provides a look at the intricacies of leading a group.

Suicide, Self-Injury, and Violence in the Schools *John Wiley & Sons*

The first book of its kind to address suicide, self-injury, and violence in school settings The frequency of suicide, students' self-injury, and violence in school settings requires preventative and response policies and procedures for the safety and protection of faculty and students. Suicide, Self-Injury, and Violence in the Schools: Assessment, Prevention, and Intervention Strategies is the first book to provide first responders—specifically, school counselors, psychologists, social workers, teachers, and administrators—with information on assessing risk. In addition, guidelines are included on how to respond to these crises in a practical and proactive manner that minimizes risk and/or impact on the school community. The authors, nationally renowned experts on suicide, self-injury, and violence among children and adolescents, present: Critical information on suicide and suicidal behaviors specific to children and adolescents Pertinent issues related to nonsuicidal self-injury behaviors Guidance on conducting effective face-to-face clinical interviews with violent and potentially violent students and their families Important prevention and screening topics for middle and high school counselors Discussion on psychological first aid in response to school violence survivors and their

parents Filled with mini-case vignettes, as well as checklists for school personnel to use, this timely reference supports school professionals in devising the very best prevention, intervention, and post-crisis strategies. It is a much-needed resource for establishing a collaborative, nonsuicidal, nonviolent environment both within and outside the school setting.

The Oxford Handbook of Group Counseling *Oxford University Press*

Group counseling is a dynamic and valuable treatment device used by therapists throughout the psychological disciplines, one that has proven effective in promoting change and growth in a variety of populations and settings. The Oxford Handbook of Group Counseling takes an innovative approach to this expansive topic, providing both a comprehensive field manual for practitioners and an authoritative reference work for teachers and researchers. Comprising 31 topic-based chapters by leading practitioners and researchers, this handbook covers the full spectrum of current and relevant topics in group counseling, including: - definitions and background - history and efficacy - key change processes (e.g., therapeutic factors, group cohesion, group climate) - group leader strategies and characteristics - new applications for group counseling strategies, including online groups - group counseling with special populations - the future of group counseling With roots in the most recent and relevant literature, The Oxford Handbook of Group Counseling is an ideal text for training programs (counselor education, clinical psychology, social work, or human services) or as a reference for researchers in counseling psychology.

Whoever the reader, it a valuable and comprehensive guidebook for both students and practitioners in the growing practice of group counseling.

Leading Psychoeducational Groups for Children and Adolescents *SAGE*

This book provides readers with direction on how to organize psychoeducational groups while also helping them enhance skills for effectively leading such groups—all in one comprehensive volume! Offering an applied, pragmatic approach, author Janice L. DeLucia-Waack uniquely integrates research and practice to suggest valuable leadership strategies while addressing special issues such as children of divorce, anger management, bullying behaviors, and much more.

Elements of Group Counseling

The authors of this fourth edition offer essential skills for emerging group leaders. Students and professionals with varied backgrounds in social work, counseling, and psychology will find a host of techniques, practical strategies, and concrete directions for leading groups. The text is intended for courses or workshops in group counseling, group process, and group supervision. This edition is complete with extensive examples of leadership interventions, how to successfully navigate challenging issues, and establishing obtainable expectations for group members of various ages, settings, and purposes. Elements of Group Counseling provides specific strategies and interventions and is an essential tool and valuable guide for running successful groups.

Interactive Group Counseling and Therapy *Prentice Hall*

The premise of this book is that group

counseling is not individual counseling; and what works for the former likely won't work for the latter. It's a fresh new introduction to the principles, theories and procedures of group counseling and therapy. It's written to show how group work really works, and ensures readers an understanding of how to create and maintain a group environment that actually succeeds in helping its members achieve significant growth and change. It emphasizes unique group processes and a systemic perspective, asserting that the quality of members' interactions is the critical determinant of a group's progress. It addresses all of the essential tasks in planning, conducting, and concluding groups. Other topics include teaching essential membership skills, how to teach group members interaction skills to assist them in personal growth and the process of becoming an effective leader. For professionals in the field of group counseling.

Group Work With Persons With Disabilities *John Wiley & Sons*

This one-of-a-kind manual provides direction for leading groups of people with disabilities or groups that have members with disabilities. Viewing disability as a single aspect of a multifaceted person, Drs. Bauman and Shaw share their insight and expertise and emphasize practical skill building and training for facilitating task, psychoeducational, counseling, family, and psychotherapy groups across various settings. Topics examined in Part I include common themes in groups that focus on disability; various group formats, including groups using technological platforms; issues of diversity that exist simultaneously with ability; group composition; ethical concerns; and training considerations

and logistical accommodations. Part II focuses on group counseling with clients experiencing sensory, psychiatric, cognitive, and physical disabilities as well as chronic medical conditions. A list of resources, support information, and group exercises completes the book. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org

The Schopenhauer Cure *Harper Collins*

From the internationally bestselling author of *Love's Executioner* and *When Nietzsche Wept*, comes a novel of group therapy with a cast of memorably wounded characters struggling to heal pain and change lives Suddenly confronted with his own mortality after a routine checkup, eminent psychotherapist Julius Hertzfeld is forced to reexamine his life and work -- and seeks out Philip Slate, a sex addict whom he failed to help some twenty years earlier. Yet Philip claims to be cured -- miraculously transformed by the pessimistic teachings of German philosopher Arthur Schopenhauer -- and is, himself, a philosophical counselor in training. Philip's dour, misanthropic stance compels Julius to invite Philip to join his intensive therapy group in exchange for tutoring on Schopenhauer. But with mere months left, life may be far too short to help Philip or to compete with him for the hearts and minds of the group members. And then again, it might be just long enough.

Group Work *Routledge*

The new edition of *Group Work* adds a

focus on diversity and the use of self in group work, an area too often neglected in professional training but essential to meeting current competence standards set by the Council on Social Work Education. As in previous editions, students and professors will find thoughtful analyses of complicated value dilemmas and specific techniques for use in a diverse range of settings, including confrontations and situations where humor is appropriate. Complete with more games and exercises, an updated discussion of values and ethics, and an expanded skills section, *Group Work* also contains excerpts and discussions of case studies that can be applied to students' own experiences and will serve as a valuable references for years to come.

Group Counseling + Coursemate Printed Access Card

Group Counseling *Thomson Brooks/Cole*

This widely used and respected book presents an active, multisensory approach to group leading, focusing heavily on group leadership skills. While written with the counselor in mind, *GROUP COUNSELING: STRATEGIES AND SKILLS*, 6e, International Edition, also provides an outstanding discussion of group dynamics for professionals in group leadership positions. The authors discuss the many facets of group counseling and provide examples that show how each skill can be applied in a wide range of group settings to produce efficient working groups.

The Counselor and the Group, Fourth Edition *Routledge*

This new, more streamlined version of the 1999 third edition brings the existing

materials and references up to date and omits information now readily available online and elsewhere. The book is aimed at training group workers at the Masters level and may be used as a hands-on text for group practitioners who are in the early stages of their group practice and/or who want a resource that provides a structured problem solving approach to group work. The book also features a specialty section on the topic of organizing and conducting crisis intervention groups using the model developed by Trotze.

Handbook of Counseling and Counselor Education *Routledge*

This comprehensive handbook provides counselors in training, counselor educators, and professional counselors with the latest information on major contemporary issues impacting the field. The design of the book is both conceptual and practical, reflecting current trends and issues from the perspective of expert counselor educators, and provides an up-to-date discussion of the importance of multicultural awareness and skills. The book is split into helpful sections covering a range of areas including social and cultural diversity, neuroscience, risk prevention in counseling, writing and publishing research, and career development. Grounded in contemporary research and aligned with the 2016 CACREP core content areas, the *Handbook of Counseling and Counselor Education* is an indispensable resource for both graduate-level trainees and professional counselors alike.

le-Group Counseling

Handbook of Group Counseling and Psychotherapy *SAGE Publications*

The most comprehensive and thoroughly researched text available on this topic, *Handbook of Group Counseling and Psychotherapy, Second Edition* underscores the notion that group work is improved through increased collaboration between researchers and practitioners. Edited by renowned leaders in the field, this thoroughly updated and revised Second Edition explores current literature and research and offers suggestions for practice in psycho-educational, counseling, and therapy groups. The Handbook is divided into five main sections: current and historical perspectives, best practices, multicultural and diverse groups, groups in special settings, and an introduction to special topics.

Foundations of Group Counseling *Pearson*

Give prospective counselors a solid

foundation for group counseling with a practical, application-based approach. *Foundations of Group Counseling* offers a broad perspective on group work and balances major issues and essential knowledge with practical guidelines and how-to strategies. Chapters written by expert scholars cover many topics in-depth that are often ignored by comparable books. Separate chapters provide thorough coverage of group work and addictions, group work with children, groups for adolescents, groups with older adults, and facilitating groups with challenging member behaviors. Combining practice, research, and theory, this unique text offers students the tools and strategies they need for successful group work practice.

Individual Counseling and Therapy *Routledge*

Individual Counseling and Therapy, 3rd edition, goes beyond the typical counseling textbook to teach the language of therapy from the basic to the advanced. Lucidly written and engaging, this text integrates theory and practice with richly illustrated, real-life case examples and dialogues that demystify the counseling process. Readers will learn how to use winning skills and techniques tailored to serve clients—from intake to problem exploration, awareness raising, problem resolution, and termination. Students have much to gain from the text's depth, insights, candor, and practicality—and less to be befuddled by while they develop their therapeutic voice for clinical practice. PowerPoints, chapter test questions, and an instructor's manual are available for download.

Studyguide for Group Counseling *Cram101*

Never HIGHLIGHT a Book Again Includes all testable terms, concepts, persons, places, and events. Cram101 Just the FACTS101 studyguides gives all of the outlines, highlights, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompanies: 9780872893795. This item is printed on demand.

Group CBT for Psychosis *Oxford University Press*

Psychosis implies an alteration of one's reality, with specific beliefs and sensory experiences that affect one's judgment and capacity to function socially. Previously, medication alone was believed to attenuate or eliminate psychotic symptoms; however, more than two decades of empirical evidence now support the use of cognitive behavior therapy (CBT) for psychosis, including group CBT for psychosis. Group CBT for Psychosis offers the first published group therapy module of its kind and is suitable for a broad range of mental health professionals. Group therapy for people with psychosis is often recommended given its cost-efficiency and indirect benefits such as improved social skills and social support, yet delivery of this group intervention necessitates specialized skills and knowledge not typically included as part of most clinical training programs. This book offers thorough descriptions of relevant techniques, clinical vignettes, and worksheets for use in group sessions. Individual chapters focus on the basics of CBT for psychosis, essential elements of group therapy, explaining the CBT model in a group context, techniques for various symptoms, measuring change, common obstacles to group CBT for psychosis, and much

more. Group CBT for Psychosis will be a valuable resource for psychiatrists, psychologists, psychiatric nurses, occupational therapists, social workers, and graduate students in these fields. Professors and supervisors teaching clinical skills, such as how to run groups or how to conduct CBT in groups with people with psychotic disorders, will also find this book very useful.

150 More Group Therapy Activities & TIPS

Bestselling author Judy Belmont has created another treasure chest of hands-on and easy-to-use handouts, activities, worksheets, mini-lessons and quizzes that help clients develop effective life skills. 150 More Group Therapy Activities & TIPS, the fourth in her Therapeutic Toolbox series, provides a wealth of psycho-educational ideas with Belmont's signature T.I.P.s format (Theory, Implementation, and Processing). Ready-to-use tools include: Interactive strategies for leading successful group experiences DBT, CBT, ACT and positive psychology-inspired resources Communication skills-building activities Coping skills using mindfulness and stress resiliency practices Self-esteem and self-compassion guides for changing thoughts Fun team building exercises and icebreakers Practical resources for adults, adolescents & children

Group Work Leadership *SAGE Publications*

This text presents an evidence-based approach to the theory and practice of group work. Renowned counselor, psychologist, and group work fellow Dr. Robert K. Conyne advances this unique and evolving service in a three-part, comprehensive overview of the skills necessary for trainees of counseling and

other helping professionals to succeed in group settings. Section I covers the breadth and foundations of group work; best practice and ethical considerations; dynamics and processes in group work; and how groups tend to develop over time. Section II explores group work leadership styles, methods, techniques, and strategies, as well as both traditional and innovative group work theories. Section III examines the role of reflection in group practice, as well as selecting effective intervention strategies in various settings. *Group Work Leadership: An Introduction for Helpers* is part of the Counseling and Professional Identity series, which targets the development of specific competencies as identified by CACREP (Council for the Accreditation of Counseling and Related Educational Programs).

How Leaders Can Assess Group Counseling *SAGE Publications*

A practical guide to evaluating group process and outcomes Ample evidence demonstrates that well-planned and delivered group work can benefit members. Equally important is the continual improvement of group work practice, achieved through the evaluation of each individual group experience. *How to Evaluate Groups* provides practical guidance on how you can establish—or collaborate with researchers to accomplish—research designs aimed at evaluating group process and outcomes. This accessible book: Covers group work measures, including both quantitative and qualitative approaches Includes tips on implementing research designs Draws from an up-to-date scholarly base that includes the latest research on group work *How to Evaluate Groups* is part of the Group Work Practice Kit: Improving

the Everyday Practice of Group Work, a collection of nine books each authored by scholars in the specific field of group work. To promote a consistent reading experience, the books in the collection conform to editor Robert K. Conyne's outline. Designed to provide practitioners, instructors, students, and trainees with concrete direction for improving group work, the series provides thorough coverage of the entire span of group work practice. This book is endorsed by the Association for Specialists in Group Work.

Group Counseling with LGBTQI Persons Across the Life Span *John Wiley & Sons*

This unique resource provides strengths-based, group counseling strategies designed to meet the needs of LGBTQI clients in a variety of settings. Drs. Goodrich and Luke capture the developmental concerns of LGBTQI individuals throughout the life cycle as they establish and maintain intimate relationships, create families, encounter career concerns, and navigate other milestones and transitions. Illustrative case examples and interventions throughout the text, as well as warnings and recommendations, make this an ideal resource for practice and group work courses. After a discussion of the history of group work with the LGBTQI community, the planning and process issues that group leaders should consider in their work, and relevant ethical and legal concerns, the authors explore a range of group types and pertinent issues. Individual chapters focus on the following types of counseling: child and adolescent; same-gender adult; intersex and transgender; coming out/disclosure; school, community outpatient, and residential;

couples and family; substance abuse; grief and loss; and advocacy. Chapters on group work supervision and the importance of allies round out the book. *Requests for digital versions from ACA can be found on www.wiley.com. *To

purchase print copies, please visit the ACA website. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.
