Heroines of the Medieval World
Amberley Publishing Limited

The stories of women, famous, infamous and unknown, who shaped the course of

medieval history.

How the Irish Saved Civilization *Anchor*

The perfect St. Patrick's Day gift, and a book in the best tradition of popular history -- the untold story of Ireland's role in maintaining Western culture while the Dark Ages settled on Europe. Every year millions of Americans celebrate St. Patrick's Day, but they may not be aware of how great an influence St. Patrick was on the subsequent history of civilization. Not only did he bring Christianity to Ireland, he instilled a sense of literacy and learning that would create the conditions that allowed Ireland to become "the isle of saints and scholars" -- and thus preserve Western culture while Europe was being overrun by barbarians. In this entertaining and compelling narrative, Thomas Cahill tells the story of how Europe evolved from the classical age of Rome to the medieval era. Without Ireland, the transition could not have taken place. Not only did Irish monks and scribes maintain the very record of Western civilization -- copying manuscripts of Greek and Latin writers, both pagan and Christian, while libraries and learning on the continent were forever lost -- they brought their uniquely Irish world-view to the task. As Cahill delightfully illustrates, so much of the liveliness we associate with medieval culture has its roots in Ireland. When the seeds of culture were replanted on the European continent, it was from Ireland that they were germinated. In the tradition of Barbara Tuchman's *A Distant Mirror*, *How The Irish Saved Civilization* reconstructs an era that few know about but which is central to understanding our past and our cultural heritage. But it conveys its knowledge with a winking wit that aptly

captures the sensibility of the unsung Irish who relaunched civilization. **BONUS MATERIAL:** This ebook edition includes an excerpt from Thomas Cahill's *Heretics and Heroes*.

History Alive!

History Alive! The Ancient World introduces students to the beginnings of the human story. As they explore the great early civilizations of Egypt and the Near East, India, China, Greece, and Rome, students discover the secrets of these ancient cultures that continue to influence the modern world. *History Alive! The Medieval World and Beyond* explores the legacy of civilizations from Europe, Africa, and the Middle East to Asia and the Americas. *History Alive! The United States Through Industrialism* immerses students in a powerful journey through the history of the United States from its earliest foundations to the age of industrialism. *History Alive! The United States Through Modern Times* captures the story of the United States from the precolonial era to the 21st century.

All Things Medieval

An Encyclopedia of the Medieval World *ABC-CLIO*

Surveys the material culture of medieval Europe to reveal the nature of everyday life at the time, and discusses the era's traditions and inventions.

Medieval World

"Between the fall of the Roman Empire and the brief, brilliant cultural phenomenon we call the Renaissance lay the Middle Ages-- fully 1,000 years of artistic, philosophical, political, and religious turmoil and treasures. This course offers an interdisciplinary look at

medieval society and culture, with an emphasis on literature, the arts, and the tumultuous historical forces at work from A.D. 500 through A.D. 1500. Medieval Europe was the world of cathedrals and universities; pilgrimages and saints; the Black Death; the Vikings; the spread of Islam; the Crusades; and the forging of the Greek, Latin, Old Norse, and ancient Germanic and Celtic tongues into the languages we speak today"--Publisher provided.

The Clergy in the Medieval World

Secular Clerics, their Families and Careers in North-Western Europe, c.800-c.1200 *Cambridge University Press*

Unlike monks and nuns, clergy have hitherto been sidelined in accounts of the Middle Ages, but they played an important role in medieval society. This first broad-ranging study in English of the secular clergy examines how ordination provided a framework for clerical life cycles and outlines the influence exerted on secular clergy by monastic ideals before tracing typical career paths for clerics. Concentrating on northern France, England and Germany in the period c.800-c.1200, Julia Barrow explores how entry into the clergy usually occurred in childhood, with parents making decisions for their sons, although other relatives, chiefly clerical uncles, were also influential. By comparing two main types of family structure, Barrow supplies an explanation of why Gregorian reformers faced little serious opposition in demanding an end to clerical marriage in the eleventh and twelfth centuries. Changes in educational provision c.1100 also help to explain growing social and geographical mobility among clerics.

The Penguin Historical Atlas of the Medieval World *Penguin*

The Penguin Historical Atlas of the Medieval World traces the development of peoples, cultures, and faiths between the coming of the barbarian invasions in the fourth century and the first voyages to the New World in the sixteenth. This colorful atlas illustrates the sweeping changes from the fall of the Roman Empire to the birth of Islam, the rise of Christianity, and the role of Judaism across Europe. Packed with vivid maps and photographs, this atlas is a perfect guide to Europe and its neighbors in the Middle Ages.

The Wisdom of the World

The Human Experience of the Universe in Western Thought *University of Chicago Press*

When the ancient Greeks looked up into the heavens, they saw not just sun and moon, stars and planets, but a complete, coherent universe, a model of the Good that could serve as a guide to a better life. How this view of the world came to be, and how we lost it (or turned away from it) on the way to becoming modern, make for a fascinating story, told in a highly accessible manner by Rémi Brague in this wide-ranging cultural history. Before the Greeks, people thought human action was required to maintain the order of the universe and so conducted rituals and sacrifices to renew and restore it. But beginning with the Hellenic Age, the universe came to be seen as existing quite apart from human action and possessing, therefore, a kind of wisdom that humanity did not. Wearing his remarkable erudition lightly, Brague traces the many ways this universal wisdom has been interpreted over the centuries, from the time of

ancient Egypt to the modern era. Socratic and Muslim philosophers, Christian theologians and Jewish Kabbalists all believed that questions about the workings of the world and the meaning of life were closely intertwined and that an understanding of cosmology was crucial to making sense of human ethics. Exploring the fate of this concept in the modern day, Brague shows how modernity stripped the universe of its sacred and philosophical wisdom, transforming it into an ethically indifferent entity that no longer serves as a model for human morality. Encyclopedic and yet intimate, *The Wisdom of the World* offers the best sort of history: broad, learned, and completely compelling. Brague opens a window onto systems of thought radically different from our own.

Shahnameh

The Persian Book of Kings *Penguin*

The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition A Penguin Classic Dick Davis—"our pre-eminent translator from the Persian" (*The Washington Post*)—has revised and expanded his acclaimed translation of Ferdowsi's masterpiece, adding more than 100 pages of newly translated text. Davis's elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical

creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as *The Kite Runner* and the love poems of Rumi and Hafez. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A World Lit Only by Fire

The Medieval Mind and the Renaissance - Portrait of an Age *Back Bay Books*

A "lively and engaging" history of the Middle Ages (*Dallas Morning News*) from the acclaimed historian William Manchester, author of *The Last Lion*. From tales of chivalrous knights to the barbarity of trial by ordeal, no era has been a greater source of awe, horror, and wonder than the Middle Ages. In handsomely crafted prose, and with the grace and authority of his extraordinary gift for narrative history, William Manchester leads us from a civilization tottering on the brink of collapse to the grandeur of its rebirth: the dense explosion of energy that spawned some of history's greatest poets, philosophers, painters, adventurers, and reformers, as well as some of its most spectacular villains. "Manchester provides easy

access to a fascinating age when our modern mentality was just being born." -
-Chicago Tribune

History Alive!

Pursuing American Ideals *Teachers Curriculum Inst*

History Alive! Pursuing American Ideals centers on the five founding ideals from the Declaration of Independence: equality, rights, liberty, opportunity, and democracy. Each generation has struggled with these ideals. Some have made little progress toward achieving them. Others have made great progress. This book invites students to become engaged in this struggle, from establishing an American republic to the making of modern America. --Website.

Winter is Coming

The Medieval World of Game of Thrones *Bloomsbury Publishing*

Game of Thrones is a phenomenon. As Carlyne Larrington reveals in this essential companion to George R R Martin's fantasy novels and the HBO mega-hit series based on them the show is the epitome of water-cooler TV. It is the subject of intense debate in national newspapers; by PhD students asking why Westeros has yet to see an industrial revolution, or whether astronomy explains the continent's climatic problems and unpredictable solstices ('winter is coming'); and by bloggers and cultural commentators contesting the series' startling portrayals of power, sex and gender. Yet no book has divulged how George R R Martin constructed his remarkable universe out of the Middle Ages. Discussing novels and TV series alike, Larrington explores among other topics: sigils, giants,

dragons and direwolves in medieval texts; ravens, old gods and the Weirwood in Norse myth; and a gothic, exotic orient in the eastern continent, Essos. From the White Walkers to the Red Woman, from Casterly Rock to the Shivering Sea, this is an indispensable guide to the twenty-first century's most important fantasy creation.

Meetings with Remarkable Manuscripts

Twelve Journeys into the Medieval World *Penguin*

An extraordinary and beautifully illustrated exploration of the medieval world through twelve manuscripts, from one of the world's leading experts. Winner of The Wolfson History Prize and The Duff Cooper Prize. A San Francisco Chronicle Holiday Book Gift Guide Pick! Meetings with Remarkable Manuscripts is a captivating examination of twelve illuminated manuscripts from the medieval period. Noted authority Christopher de Hamel invites the reader into intimate conversations with these texts to explore what they tell us about nearly a thousand years of medieval history - and about the modern world, too. In so doing, de Hamel introduces us to kings, queens, saints, scribes, artists, librarians, thieves, dealers, and collectors. He traces the elaborate journeys that these exceptionally precious artifacts have made through time and shows us how they have been copied, how they have been embroiled in politics, how they have been regarded as objects of supreme beauty and as symbols of national identity, and who has owned them or lusted after them (and how we can tell). From the earliest book in medieval England to the incomparable Book of Kells to the oldest

manuscript of the Canterbury Tales, these encounters tell a narrative of intellectual culture and art over the course of a millennium. Two of the manuscripts visited are now in libraries of North America, the Morgan Library in New York and the Getty Museum in Los Angeles. Part travel book, part detective story, part conversation with the reader, *Meetings with Remarkable Manuscripts* allows us to experience some of the greatest works of art in our culture to give us a different perspective on history and on how we come by knowledge.

Toward a Global Middle Ages

Encountering the World through Illuminated Manuscripts *Getty Publications*

This important and overdue book examines illuminated manuscripts and other book arts of the Global Middle Ages. Illuminated manuscripts and illustrated or decorated books—like today's museums—preserve a rich array of information about how premodern peoples conceived of and perceived the world, its many cultures, and everyone's place in it. Often a Eurocentric field of study, manuscripts are prisms through which we can glimpse the interconnected global history of humanity. *Toward a Global Middle Ages* is the first publication to examine decorated books produced across the globe during the period traditionally known as medieval. Through essays and case studies, the volume's multidisciplinary contributors expand the historiography, chronology, and geography of manuscript studies to embrace a diversity of objects, individuals, narratives, and materials from Africa, Asia, Australasia, and the Americas—an approach that both

engages with and contributes to the emerging field of scholarly inquiry known as the Global Middle Ages. Featuring 160 color illustrations, this wide-ranging and provocative collection is intended for all who are interested in engaging in a dialogue about how books and other textual objects contributed to world-making strategies from about 400 to 1600.

The Dark Queens

The Bloody Rivalry That Forged the Medieval World *Bloomsbury Publishing USA*

"A well-researched and well-told epic history. *The Dark Queens* brings these courageous, flawed, and ruthless rulers and their distant times back to life."--Margot Lee Shetterly, New York Times bestselling author of *Hidden Figures* The remarkable, little-known story of two trailblazing women in the Early Middle Ages who wielded immense power, only to be vilified for daring to rule. Brunhild was a foreign princess, raised to be married off for the sake of alliance-building. Her sister-in-law Fredegund started out as a lowly palace slave. And yet—in sixth-century Merovingian France, where women were excluded from noble succession and royal politics was a blood sport—these two iron-willed strategists reigned over vast realms, changing the face of Europe. The two queens commanded armies and negotiated with kings and popes. They formed coalitions and broke them, mothered children and lost them. They fought a decades-long civil war—against each other. With ingenuity and skill, they battled to stay alive in the game of statecraft, and in the process laid the foundations of what would one day be Charlemagne's empire. Yet after the queens' deaths—one

gentle, the other horrific-their stories were rewritten, their names consigned to slander and legend. In *The Dark Queens*, award-winning writer Shelley Puhak sets the record straight. She resurrects two very real women in all their complexity, painting a richly detailed portrait of an unfamiliar time and striking at the roots of some of our culture's stubbornest myths about female power. *The Dark Queens* offers proof that the relationships between women can transform the world.

The Story of Civilization

The Medieval World Timeline

The Last Duel

A True Story of Crime, Scandal, and Trial by Combat in Medieval France

Crown Publishing Group (NY)

Presents a case of scandal, crime, and justice in medieval France, where a Norman knight returns from Scotland and finds his wife accusing an old friend and fellow courtier of raping her, leading to a battle to the death.

World History and Geography

Medieval and Early Modern Times

Hippocrene Books

This document is a response to teachers' requests for practical assistance in implementing California's history-social science framework. The document offers stimulating ideas to enrich the teaching of history and social science, enliven instruction for every student, focus on essential topics, and help make learning more memorable. Experiences and contributions of ethnic groups and women in history are integrated in this course model. The framework is divided

into 11 units: (1) Connecting with Past Learnings: Uncovering the Remote Past; (2) Connecting with Past Learnings: the Fall of Rome; (3) Growth of Islam; (4) African States in the Middle Ages and Early Modern Times; (5) Civilizations of the Americas; (6) China; (7) Japan; (8) Medieval Societies: Europe and Japan; (9) Europe During the Renaissance, the Reformation, and the Scientific Revolution; (10) Early Modern Europe: The Age of Exploration to the Enlightenment; and (11) Linking Past to Present. Six of the 11 units delineated in the framework's 7th grade course description are developed in these course models. All units follow the same format. Each begins with a rationale and overview. Ways are suggested for teachers to coordinate the model with the state-adopted textbook for 7th grade. A presentation of activities to introduce and continue the sample topic are suggested to encourage students to apply what they have studied through projects. Each unit ends with an extensive annotated list of sample resources. (DK)

Comet Ballantine Books

What are these graceful visitors to our skies? We now know that they bring both life and death and teach us about our origins. *Comet* begins with a breathtaking journey through space astride a comet. Pulitzer Prize-winning astronomer Carl Sagan, author of *Cosmos* and *Contact*, and writer Ann Druyan explore the origin, nature, and future of comets, and the exotic myths and portents attached to them. The authors show how comets have spurred some of the great discoveries in the history of science and raise intriguing questions about these brilliant visitors from the interstellar dark. Were the fates

of the dinosaurs and the origins of humans tied to the wanderings of a comet? Are comets the building blocks from which worlds are formed? Lavishly illustrated with photographs and specially commissioned full-color paintings, *Comet* is an enthralling adventure, indispensable for anyone who has ever gazed up at the heavens and wondered why. Praise for *Comet* "Simply the best." —The Times of London "Fascinating, evocative, inspiring." —The Washington Post "Comet humanizes science. A beautiful, interesting book." —United Press International "Masterful . . . science, poetry, and imagination." —The Atlanta Journal & Constitution

The Story of Civilization

VOLUME II - the Medieval World Text Book

"Children should not just read about history, they should live it. In *The Story of Civilization*, the ancient stories that have shaped humanity come alive like never before. Volume II, *The Medieval World*, continues the journey, picking up where Volume I left off just after the conversion of Emperor Constantine. Children will watch the seeds of Christendom being planted in the soil of Europe thanks to colossal figures like Saints Benedict, Patrick, and Ambrose. The wonder of the medieval world comes alive with brilliant tales of knights,

crusaders, castles, and inventions"--Page [4] of cover.

History Alive! The Medieval World and Beyond

History alive! The medieval world and beyond

Life of Charlemagne

The Book of Margery Kempe *Penguin UK*

The story of the eventful and controversial life of Margery Kempe - wife, mother, businesswoman, pilgrim and visionary - is the earliest surviving autobiography in English. Here Kempe (c.1373-c.1440) recounts in vivid, unembarrassed detail the madness that followed the birth of the first of her fourteen children, the failure of her brewery business, her dramatic call to the spiritual life, her visions and uncontrollable tears, the struggle to convert her husband to a vow of chastity and her pilgrimages to Europe and the Holy Land. Margery Kempe could not read or write, and dictated her remarkable story late in life. It remains an extraordinary record of human faith and a portrait of a medieval woman of unforgettable character and courage.

The Light Ages: The Surprising Story of Medieval Science *W. W. Norton & Company*

Named a Best Book of 2020 by The Telegraph, The Times, and BBC History Magazine An illuminating guide to the scientific and technological

achievements of the Middle Ages through the life of a crusading astronomer-monk. "Falk's bubbling curiosity and strong sense of storytelling always swept me along. By the end, *The Light Ages* didn't just broaden my conception of science; even as I scrolled away on my Kindle, it felt like I was sitting alongside Westwyk at St. Albans abbey, leafing through dusty manuscripts by candlelight." —Alex Orlando, *Discover Soaring Gothic cathedrals, violent crusades, the Black Death: these are the dramatic forces that shaped the medieval era. But the so-called Dark Ages also gave us the first universities, eyeglasses, and mechanical clocks. As medieval thinkers sought to understand the world around them, from the passing of the seasons to the stars in the sky, they came to develop a vibrant scientific culture. In The Light Ages, Cambridge science historian Seb Falk takes us on a tour of medieval science through the eyes of one fourteenth-century monk, John of Westwyk. Born in a rural manor, educated in England's grandest monastery, and then exiled to a clifftop priory, Westwyk was an intrepid crusader, inventor, and astrologer. From multiplying Roman numerals to navigating by the stars, curing disease, and telling time with an ancient astrolabe, we learn emerging science alongside Westwyk and travel with him through the length and breadth of England and beyond its shores. On our way, we encounter a remarkable cast of characters: the clock-building English abbot with leprosy, the French craftsman-turned-spy, and the Persian polymath who founded the world's most advanced observatory. The Light Ages offers a gripping story of the struggles and successes of an ordinary man in a precarious world and conjures a vivid*

picture of medieval life as we have never seen it before. An enlightening history that argues that these times weren't so dark after all, *The Light Ages* shows how medieval ideas continue to color how we see the world today.

The Knight

Book One of The Wizard Knight *Tor Books*

A young man in his teens is transported from our world to a magical realm that contains seven levels of reality. Very quickly transformed by magic into a grown man of heroic proportions, he takes the name Able and sets out on a quest to find the sword that has been promised to him, a sword he will get from a dragon, the one very special blade that will help him fulfill his life ambition to become a knight and a true hero. Inside, however, Able remains a boy, and he must grow in every sense to survive the dangers and delights that lie ahead in encounters with giants, elves, wizards, and dragons. His adventure will conclude next year in the second volume of *The Wizard Knight*, *The Wizard*. Gene Wolfe is one of the most widely praised masters of SF and fantasy. He is the winner of the World Fantasy Award for Life Achievement, the Nebula Award, twice, the World Fantasy Award, twice, the John W. Campbell Memorial Award, the British Fantasy Award, and France's Prix Apollo. His popular successes include the four-volume classic *The Book of the New Sun*. With this new series, Wolfe not only surpasses all the most popular genre writers of the last three decades, he takes on the legends of the past century, in a work that will be favorably compared with the best of J. R. R. Tolkien, E. R. Eddison, Mervyn Peake, and T. H. White. This is a book---and a

series---for the ages, from perhaps the greatest living writer in (or outside) the fantasy genre. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Story of the Country House

A History of Places and People *Yale University Press*

The fascinating story of the evolution of the country house in Britain, from its Roman precursors to the present. The Story of the Country House is an authoritative and vivid account of the British country house, exploring how they have evolved with the changing political and economic landscape. Clive Aslet reveals the captivating stories behind individual houses, their architects, and occupants, and paints a vivid picture of the wider context in which the country house in Britain flourished and subsequently fell into decline before enjoying a renaissance in the twenty-first century. The genesis, style, and purpose of architectural masterpieces such as Hardwick Hall, Hatfield House, and Chatsworth are explored, alongside the numerous country houses lost to war and economic decline. We also meet a cavalcade of characters, owners with all their dynastic obsessions and diverse sources of wealth, and architects such as Inigo Jones, Sir John Vanbrugh, Robert Adam, Sir John Soane and A.W.N. Pugin, who dazzled or in some cases outraged their contemporaries. The Story of the Country House takes a fresh look at this

enduringly popular building type, exploring why it continues to hold such fascination for us today.

Edward IV and Elizabeth Woodville A True Romance

When Edward of York seized the English throne in 1461, he could have chosen any bride he wanted, but it was the beautiful widow, Elizabeth Wydeville, who captured his heart. A new assessment of the tumultuous life of the real White Queen and her husband
