Loom, machine for weaving cloth. The earliest looms date from the 5th millennium bc and consisted of bars or beams fixed in place to form a frame to hold a number of parallel threads in two sets, alternating with each other. By raising one set of these threads, which together formed the warp, it

Loom | weaving | Britannica

A big difference with other weaving methods is that you won't need separate weft and warp threads since the threads will function as both. Finger weaving is normally used to make narrow bands, similar to inkle loom weaving, to create friendship bracelets, bag handles, key rings, etc.
