The Human Use Of Beings

The Human Use of Human Beings is a book by Norbert Wiener, the founding thinker of cybernetics theory and an influential advocate of automation; it was first published in 1950 and revised in 1954. The text argues for the benefits of automation to society; it analyzes

the meaning of productive communication and discusses ways for humans and machines to cooperate, with the potential to amplify human power and release people from the repetitive drudgery of manual labor, in favor of more creative pu
