Chapter 2 Answer Key Dave Ramsey - partsstop.com

ANSWER: The Rule of 72 is a mathematical equation. If you take a lump sum and invest it at an interest rate, you divide that interest rate into the number 72 and that is how many years it will take your money to double. For example, if you invest at 7.2 percent, then you divide 7.2 into the number 72 and that equals 10.
