Conducting Staff Appraisals 6e How

We explore what the key factors are in conducting staff appraisals. The key to staff appraisal meetings is that there should be no surprises. For instance, if an employee tells a manager that the six months since the last review have gone really badly, it should not be the first they've heard of it. This is because staff appraisals must not exist in isolation, but should be part of an ongoing process in which both management and staff have a responsibility.
