Reducing agency worker reliance & risk. Agency staff used to be

the easy option...the 'go to' workforce solution for organisations needing to boost labour supply during peak demand and reduce it in quieter periods. The flexibility and low administrative overheads afforded by employing temporary workers saw this form of resourcing become embedded in the models of many organisations that employ shift workers.

Reducing agency worker reliance & risk in your organisation

Effective management of agency staff is key to providing flexibility in care delivery. However, too often they are not used in a managed and strategic way, which can result in escalating costs. Agency expenditure in the NHS has increased in recent years and we have to reduce it by over £300m by 2014. To understand what organisations could do, we spoke to a variety of trusts who had cut agency costs considerably.

How to reduce your agency spend | Nursing Times

Reducing agency spend. Agency spend has been a focus since 2016 and in 2017, NHS Employers worked with 13 NHS trusts and an STP to focus on reducing their medical locum spend, make effective use of e-rostering software and maximise flexible working opportunities for staff. This section brings together a suite of programme resources, information and guidance which can help NHS organisations maximise their substantive workforce and reduce reliance on temporary staffing.

Reducing agency spend - NHS Employers

Some flexible staffing approaches, such as the use of agency staff, can be expensive and trusts are looking at options to reduce their temporary staffing costs (NHS Improvement, 2016b). Furthermore, there are some safety concerns related to the use of temporary staff, which can disrupt continuity of care and team communication (Aiken et al, 2007).

Effects of flexible staffing on patient outcomes and ...

We've created a diagnostic tool to help NHS providers move to best practice and reduce the use of agency staff. The tool, which has been developed with pilot sites, will allow you to diagnose...
