There's Purpose In Painful Experiences

*Independently
Published*

Does a crayon lose its ability to color when it's broken? No. But it can become over-

sharpened, dull, unwrapped, or melted down. What crayon are you? Are you the broken crayon with sharp edges that tears down others before they can harm you? Or are you the unwrapped crayon that has become so exposed that you go around secretly or openly exposing others' hurt and pain knowingly or unknowingly just because someone did the same thing to you? The dull crayon forgets that it was created to add color to one's life. It has become dull, hides itself away in dark places, calling it my secret place, and begins to no longer enjoy life. Then there's the melted crayon that doesn't realize it's unique color was never intended to be melted with others, but out of

fear melted and blended with others and forgot what it was created to be and do with its uniqueness. The over-sharpened crayon becomes the overachiever because it feels like as long as it stays sharp no one can reach its standard of color, but never delights in the beauty that was created from it. Few people will discover God's plan for their lives because they are still believing the lies spoken into them by our enemy, Satan. Satan attacks God's very word that has already been established in the earth. We hide our God-given gifts, passions, and talents out of fear of rejection. We misdirect our unhealthy or healthy views of our natural fathers in building our

relationship with our heavenly Father. God can be guilty by association. Our failures and mistakes are the very things that God uses. That broken crayon still has the ability to color and you, even in your brokenness, still have the ability to color the world with the gifts that God has planted in you.

The Broken Crayon That Colored Still

Sexually abused and broken by the decisions of those meant to care for her, Santoria had a few life-altering decisions to make of her own. None, however, would be more important than the first. The Broken Crayon is a self-help book wrapped up in a memoir about Santoria's journey from

child molestation to college graduation. Each chapter begins with a story and ends with a lesson. All together, they will inspire you to: Identify the source of your brokenness, exploit it for your own good, and forgive those involved in it, including yourself. Whether you are fifteen or fifty, if you are ready to come face to face with your own childhood trauma, then this book is for you. If you are not, buy the book anyways. Give it to that friend or relative you keep telling yourself needs it more than you... at least until your own pain demands to be felt.

Living Beyond Brokenness

Broken Crayons Still Color *Devotional*

God has more for you. He is inviting you to go beyond the brokenness in your life. The Japanese art, Kintsugi, takes broken pottery and repairs it with gold. Instead of discarding it as useless or hiding the damage, they choose to illuminate the repair. The art of Kintsugi is a

powerful picture of how God sees our broken, imperfect lives. We tend to see our brokenness as our biggest flaws, mistakes, and regrets. But God can use them to create a masterpiece that will then display His glory. What you see in your life today is not all God has for you. Your broken pieces in God's hands can be restored into something more beautiful than you can imagine. Just like Kintsugi, where the broken pieces are repaired with gold, God will begin to heal your brokenness and display His glory to the world through your life. Let's allow God to shine through our lives as the "gold" that holds everything together. Scroll up to click buy and order this book.

It's Okay Not to Be Okay

Moving Forward One

Day at a Time *Baker Books*

We've all experienced that moment where we wish we could start all over again. Failed marriages, lost friends, addictions, lost jobs. This is not the life we imagined. It's Not Supposed to Be This Way

Finding Unexpected Strength When Disappointments Leave You Shattered *Thomas Nelson*

New York Times bestselling author Lysa TerKeurst unveils her heart amid shattering circumstances and shows readers how to live assured when life doesn't turn out like they expected. What do you do when God's timing seems questionable, His lack of intervention hurtful, and His promises doubtful? Life often

looks so very different than we hoped or expected. Some events may simply catch us off guard for a moment, but others shatter us completely. We feel disappointed and disillusioned, and we quietly start to wonder about the reality of God's goodness. Lysa TerKeurst understands this deeply. But she's also discovered that our disappointments can be the divine appointments our souls need to radically encounter God. In *It's Not Supposed to Be This Way*, Lysa invites us into her own journey of faith and, with grit, vulnerability, and honest humor, helps us to: Stop being pulled into the anxiety of disappointment by discovering how to better process unmet

expectations and other painful situations. Train ourselves to recognize the three strategies of the enemy so we can stand strong and persevere through unsettling relationships and uncertain outcomes. Discover the secret of being steadfast and not panicking when God actually does give us more than we can handle. Shift our suspicion that God is cruel or unfair to the biblical assurance that God is protecting and preparing us. Know how to encourage a friend and help her navigate hard realities with real help from God's truth.

Be the Bridge

Pursuing God's Heart for Racial Reconciliation

WaterBrook

NEW YORK TIMES BESTSELLER • ECPA BESTSELLER • “When it comes to the intersection of race, privilege, justice, and the church, Tasha is without question my best teacher. Be the Bridge is THE tool I wish to put in every set of hands.” —Jen Hatmaker WINNER OF THE CHRISTIAN BOOK AWARD® • Winner of the Christianity Today Book Award • A leading advocate for racial reconciliation calls Christians to move toward deeper understanding in the

midst of a divisive culture. In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical complexities of racism. She expertly applies biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, Be the Bridge presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel.

This Book has been written out of Love for God's Church, His Bride, the Body of Christ that He will one day come back to receive. It is a cry for the awakening of the saints from a place of slumber and stagnation. For too long, while the church has been sleeping, the enemy has been sneaking in sowing weeds in the fields, choking the fruit of the harvest. It's time for the Body of Christ to WAKE UP and be about our Father's business! There is no more time to waste! The harvest is plentiful, but it's the laborers that are few because they are distracted by the spirit of religion, busy

worshipping alters of men, while turning their backs on the True and Living God. It's time for the remnant to ARISE from their slumber! Pick up their plow and cultivate the land that has been given to us! It's time to Reap the Harvest! For those who slumber among us, ARISE for the Kingdom of God must be advanced! WE ARE THE CHURCH! And the Earth is yearning for what's inside of us, the Sons of God. The assignments we were sent to accomplish were given to us at the foundations of the Earth! So, WAKE UP CHURCH for there is much work still to be done! It is time to give Birth! No more stagnation! No more distractions! The baby is crowning and its time to PUSH! "I must

work the works of Him that sent me while it is day, for the night comes when no man can work!" John 9:4

30-Day Curse Breaking Devotional

Curses have been known to be one of the toughest battles for believers. However, the enemy is still losing against God because many have learned how to fight back and win. The enemy will use generational curses, word curses, and deadly curses connected to toxic patterns and lifestyles to try to kill us. It is time for God's children to break every curse assigned to distract and ultimately destroy them. We are all fighting against some kind of curse; some people even battled curses from our

mother's womb. This book was birthed to help you disconnect and detach from curses that have hindered you for years. For the next 30 days, utilize this devotional to break free from the bondage and torment of curses. This devotional will empower, strengthen, and encourage those who commit to reading it daily for impartation, spiritual strength, and freedom. God has work for us to do, but sometimes, we need to a hand up, out, or through the curses that are after us every day. Each small passage will speak directly to your heart and release new dosages of spiritual street medicine for your day. Inhale and exhale each devotional and allow it to minister to you the way God desires it to.

Overcoming Shattered Relationships

Anne Collier: Women with Cameras (Self Portrait) *Karma, New York*

This book collects images that New York-based artist Anne Collier (born 1970) originally presented as a slideshow of 80 35mm slides depicting found images of female subjects in the act of taking self-portraits. Dating from the 1970s to the early 2000s, these relics of the pre-digital age were collected by Collier, each image discarded by its original owner but finding its way back to relevance in Collier's work. The slideshow consists of

amateur snapshots of women photographing themselves with film cameras prior to the advent of the digital "selfie." Instead of circulating on social media, these abandoned images once existed for a private audience. The resulting work is steeped in a deep sense of loneliness, illustrating photography's contentious relationship to memory, loss and self-representation. The book represents a kind of sequel to Collier's 2017 book *Women with Cameras* (Anonymous).

Having addictive genes can make life tricky for anyone. Being a major Hip-Hop artist- a self proclaimed rock star, being married to a woman whose investment firm made the Forbes list- while battling an ongoing struggle with pills, alcohol, and various allegations and attacks in the media- is downright exhausting. Devin does everything in his power to try to keep it together for the sake of his family, but often he falls short in his ambitious efforts. Where he falls short, Ashlon picks up his slack; and as a team,

they work together to keep their family unit intact through the multiple threats that attack their strength. The mother of his child is in a difficult space as well. It's not easy being the baby mama of a famous artist, and despite their best efforts, communication is a constant task since they're both trying to explain worlds to each other that the other person doesn't live in. One of David Weaver's most personal and soul-clenching books ever. A tear-dropping, breath-taking classic that will go down as one of the most unforgettable stories ever written.
