This Volume 2, subtitled "The Event", collects issues 7 through 11, and issue 13, of the Black Hammer series. A lot of attention is devoted to Abraham Slam and Barbalien, especially regarding how they are accommodating to a life of exile on "the Farm". Golden Gail and Colonel Weird get the best flashbacks.

The second volume of Black Hammer is very much a middle volume, hampered by the fact that the "shocking" event on the last page is pretty obvious from page 2 or 3. Beyond that, it feels like there's lots of water treading: with the exception of a shocking event early on, then that inevitable last page reveal, not a lot happens, and what does are very slow character moments.

Black Hammer: Age of Doom#12 is the ending I always intended for these heroes, and this story, and I am incredibly grateful to all the retailers and readers who have supported Black Hammer and allowed Dean Ormston, Dave Stewart, Todd Klein, and I to tell the story we wanted to tell on our own terms, exactly how we wanted to tell it.

JOKER, THE QUESTION and THE FUTURE OF BLACK HAMMER!

Black Hammer Age Of Doom is the third volume in the main Black Hammer story and the fifth book in the series overall. After volume 1&2 had me hooked and the spin-offs Sherlock Frankenstein & Doctor Star added more layers and depth to the story I was a little worried that volume three might struggle to live up to the rest.
