Alchemy And The Elixir Of

Elixir, in alchemy, substance thought to be capable of changing base metals into gold. The same term, more fully elixir vitae, "elixir of life," was given to the substance that would indefinitely prolong life—a liquid that was believed to be allied with the philosopher's stone. Chinese Taoists not only sought the "pill of immortality" but developed techniques (meditation, breathing exercises, diet) that were thought to confer immortality by internal alchemy.

Elixir | alchemy | Britannica

The elixir of life, also known as elixir of immortality and sometimes equated with the name philosopher's stone, is a potion that supposedly grants the drinker eternal life and/or eternal youth. This elixir was also said to cure all diseases. Alchemists in various ages and cultures sought the means of formulating the elixir. The concept originated in ancient India or China where the concept ...
