The Saturn S-series was a family of compact cars from the Saturn automobile company of General Motors. Saturn pioneered the brand-wide "no haggle" sales technique. The automobile platform, the Z-body, was developed entirely in-house at Saturn, and it shared very little with the rest of the General Motors model line. It implemented a spaceframe design, which had been used on some Pontiacs during the 1980s. This meant that the side panels did not carry load and could be made of plastic instead of
