International Law And The Hagues

As opposed to the 'law of Geneva', the 'law of the Hague' is a colloquial term that refers to a body of law mainly dealing with rules of conduct of hostilities and establishing limitations or prohibitions of specific means and methods of warfare. The term derives its name from the Hague Conventions of 1899 and 1907. It comprises rules protecting persons who are not in the power of a party to the conflict.

Abstract. This paper focuses on analysing the most important provisions of the Hague Principles on Choice of Law in International Commercial Contracts[1], which represent the first normative soft-law instrument developed and approved by the Hague Conference on Private International Law.[2] This novelty in

private international law and in the field of contract law, provides significant changes in the applicable law in international commercial contracts.

The Hague Academy of International Law - Wikipedia

The Hague Conference on Private International Law is an intergovernmental organisation in the area of private international law, that administers several international conventions, protocols and soft law instruments. The Hague Conference was first convened by Tobias Asser in 1893 in The Hague. In 1911, Asser received the Nobel Prize for Peace for his work in the field of private international law, and in particular for his achievements with respect to the HCCH. After World War II, the Hague Conf

Hague Conference on Private International Law - Wikipedia

The Hague Conventions of 1899 and 1907 are a series of international treaties and declarations negotiated at two international peace conferences at The Hague in the Netherlands. Along with the Geneva Conventions, the Hague Conventions were among the first formal statements of the laws of war and war crimes in the body of secular international law. A third conference was planned for 1914 and later rescheduled for 1915, but it did not take place due to the start of World War I.
