Ray Bradbury is a painter who uses words rather than brushes--for he created lasting visual images that, once observed, are impossible to forget. Sinister mushrooms growing in a dank cellar. **I Miss the Rain in Africa**

**Peace Corps as a Third Act** *Modern History Press*

At a time when her friends were planning cushy retirements, Nancy Wesson instead walked away from a comfortable life and business to head out as a Peace Corps Volunteer in post-war Northern Uganda. She embraced wholeheartedly the grand adventure of living in a radically different culture, while turning old skills into wisdom. Returning home becomes a surreal experience in trying to reconcile a life that no longer "fits." This becomes the catalyst for new revelations about family wounds, mystical experiences, and personal foibles. Nancy shows us the power of stepping into the void to reconfigure life and enter the wilderness of the uncharted territory of our own memories and psyche, to mine the gems hidden therein. Funny, heartbreaking, insightful and tender, *I Miss the Rain in Africa* is the story of honoring the self, discovering a new lens through which to view life, and finding joy along the path. "Inspiring and educational when it comes to what we can accomplish when we put our best foot forward, *I Miss the Rain in Africa* shows how Nancy Daniel Wesson and others are putting the needs of others ahead of themselves-and what we can all do when it comes to stepping out on faith and choosing to act." -- Cyrus Webb, media personality and author, *Conversations Magazine* "I would think that many of us could learn or strive to live life to the fullest by following Nancy's example. Imagine venturing into new realms-especially at a later time in life when we possess meaningful knowledge for analyzing, but also for applying a critical philosophical perspective on new experiences." --Gary Vizzo, former management & operations director, Peace Corps Community Development: African and Asia "I Miss the Rain in Africa is an absorbing record of the exploration of self by a woman who, at age 64, enters a remote area of Africa to work with an NGO. Part adventure, part interior monologue, this is an account of a 21st century derring-do by an intrepid, intriguing and always optimistic woman who will, undoubtedly, enjoy a fourth and maybe even a fifth act wherever she may find herself." --Eileen Purcell, outreach literacy coordinator, Clatsop Community College, Astoria, Oregon "Wesson offers a montage of stories and experiences that introduces the reader to the colorful people and challenging life in Uganda. Wesson's observations are shared with humor, respect, and compassion. For anyone who has ever wondered what serving in Peace Corps or immersing oneself in a radically different life overseas might be like, this book provides a portal." --Kathleen Willis, Retired Peace Corps Volunteer-Community Organizer, former organizational development consultant Learn more at [www.NancyWesson.com](http://www.NancyWesson.com)

A powerful middle grade novel-in-verse about one boy's experience surviving the Holocaust. Moishe Moskowitz was thirteen when the Nazis invaded Poland and his family learned the language of fear. The wolves loomed at every corner, yet Moishe still held on to the blessings of his mother's blueberry pierogis, of celebrating the Sabbath as a family, of a loyal friend. But each day the darkness weighed more heavily on Moishe as his family was broken, uprooted, and scattered across labor and concentration camps. Just as his last hopes began to dim, a simple act of kindness redeemed his faith that goodness could survive the trials of war: That was the day it rained warm bread. Gloria Moskowitz-Sweet relates her father's triumphant Holocaust story through the words of award-winning poet Hope Anita Smith. Deftly articulated and beautifully illustrated by Lea Lyon, this is an essential addition to the ever-important collection of Holocaust testimonies. Christy Ottaviano Books

**We'll Always Have Paris****Stories** *Harper Collins*

Over the course of a storied literary career that has spanned more than half a century, Ray Bradbury has taken us to wonderful places: across vast oceans to foreign lands, onto summer porches of small-town America, through dark and dangerous forests where predators wait, into the hypnotic mists of dream, back to a halcyon past to remember, forward into an exhilarating future, and rocketing through outer space. In We'll Always Have Paris—a new collection of never-before-published stories—the inimitable Bradbury once again does what few writers have ever done as well.

He delights us with prose that soars and sings. He surprises and inspires, exposing truths and provoking deep thought. He imagines great things and poignantly observes human foibles and frailties. He enchants us with the magic he mastered decades ago and still performs flawlessly. In these pages, radio voices become indomitable flesh and the dead arise to recapture life. There is joy in an eccentric old man's dance for the world and wonder over the workings of humankind's best friend, O Holy Dog. Whether he's exploring the myriad ways to be reborn, or the circumstances that can make any man a killer, or returning us to Mars, Bradbury opens the world to us and beckons us in. Get ready to travel far and wide once again with America's preeminent storyteller. His tales will live forever. We will always have Bradbury—and for that reason, we are eternally blessed.

**Death Is a Lonely Business** *Harper Collins*

Ray Bradbury, the undisputed Dean of American storytelling, dips his accomplished pen into the cryptic inkwell of noir and creates a stylish and slightly fantastical tale of mayhem and murder set among the shadows and the murky canals of Venice, California, in the early 1950s. Toiling away amid the looming palm trees and decaying bungalows, a struggling young writer (who bears a resemblance to the author) spins fantastic stories from his fertile imagination upon his clacking typewriter. Trying not to miss his girlfriend (away studying in Mexico), the nameless writer steadily crafts his literary effort--until strange things begin happening around him. Starting with a series of peculiar phone calls, the writer then finds clumps of seaweed on his doorstep. But as the incidents escalate, his friends fall victim to a series of mysterious "accidents"--some of them fatal. Aided by Elmo Crumley, a savvy, street-smart detective, and a reclusive actress of yesteryear with an intense hunger for life, the wordsmith sets out to find the connection between the bizarre events, and in doing so, uncovers the truth about his own creative abilities.

**When Night Became Day** *Simon and Schuster*

The moon is bored with his humdrum nightly duties. He is always around the same old stars in the same old boring sky. Where's the fun in that? The sun could use a change of scenery, too, and so the moon comes up with a brilliant solution—they will swap jobs! When the moon goes to work during the day, he does his best to shine, but he just isn't as bright as the sun. It's too chilly for people to enjoy the beach, and everything is in chaos. The sun doesn't have it any better that night. His rays make it too hot to sleep, which makes people pretty angry. Maybe this trade isn't such a bright idea after all. From author/illustrator Jules Miller comes *When Night Became Day*—a pleasant reminder that we are all born with unique and special abilities. Children and parents alike will enjoy pointing out all the imaginative details in Miller's modern yet folksy illustrations. Day or night, this is a wonderful book to read aloud. **Chasing History****A Kid in the Newsroom** *Henry Holt and Company*

In this triumphant memoir, Carl Bernstein, the Pulitzer Prize-winning coauthor of *All the President's Men* and pioneer of investigative journalism, recalls his beginnings as an audacious teenage newspaper reporter in the nation's capital—a winning tale of scrapes, gumshoeing, and American bedlam. In 1960, Bernstein was just a sixteen-year-old at considerable risk of failing to graduate high school. Inquisitive, self-taught—and, yes, truant—Bernstein landed a job as a copyboy at the *Evening Star*, the afternoon paper in Washington. By nineteen, he was a reporter there. In *Chasing History: A Kid in the Newsroom*, Bernstein recalls the origins of his storied journalistic career as he chronicles the Kennedy era, the swelling civil rights movement, and a slew of grisly crimes. He spins a buoyant, frenetic account of educating himself in what Bob Woodward describes as “the genius of perpetual engagement.” Funny and exhilarating, poignant and frank, *Chasing History* is an extraordinary memoir of life on the cusp of adulthood for a determined young man with a dogged commitment to the truth.
