High School English Grammar and Composition *S Chan & Company*

Taming the Tongue in the Heyday of English Grammar (1711-1851)

An exploration of a surprisingly combative period in the history of English grammar. Heated arguments can break out over many things: slander, insults to a person's honor--and, during one period in English history, grammar. In his new book detailing the controversies and fraught histories that accompanied efforts to regularize English grammar, Bryan A. Garner shows that the grammarians of the eighteenth and nineteenth centuries were a surprisingly contentious and opinionated lot. *Taming the Tongue in the Heyday of English Grammar (1711-1851)* makes the primers of the period come alive in ways that their concerned and idiosyncratic authors might not have envisioned. The entries in *Taming the Tongue*--which has nearly five hundred color illustrations--are packed with scrupulously recorded information on the content and publication details of the primers, as well as tantalizing tales from the authors' lives. Combining scholarly rigor with lively anecdotes, Garner sheds light on the controversies and unexpectedly fiery histories of English grammatical disputes.

English Time 3 *OXFORD University Press*

English Time progresses at a steady pace, offering students many opportunities to practise each new language item. The short units give students the feeling that they are progressing rapidly, building confidence and motivation. Each unit in the Student Books follows the same format, making them easy to use for both students and teachers. *Conversation Time* includes idiomatic words, responses, and questions used in everyday English. Exceptionally colourful, humorous art captures students interest and enthusiasm, drawing them into the pages to explore and experience the language. The continuing characters Ted, Annie, and Digger help to maintain student interest and involvement. The series is designed to be preceded by the two-level introductory series, *Magic Time*. These two series can be used separately or as one complete eight-level course.

Complete English Grammar Rules *Createspace Independent Publishing Platform*

Examples, Exceptions, Exercises, and Everything You Need to Master Proper Grammar Complete English Grammar Rules is a comprehensive English grammar guide covering both basic and advanced grammar rules. Learn proper English grammar with simple, in-depth explanations, featuring key exceptions, common grammar mistakes, and thousands of real-world usage examples,

plus valuable grammar exercises-every topic includes a grammar quiz. With Complete English Grammar Rules, you'll be able to: Quickly master basic English grammar while learning more advanced topics along the way. Easily identify nouns, pronouns, verbs, adjectives, adverbs, prepositions, and other parts of speech. Master verb tenses and conjugation, including irregular verbs and exceptions. Learn about every type of sentence and avoid common writing mistakes. Test your knowledge with grammar quizzes designed to help you retain the most important information. Finally, you can get answers to all your questions about grammar. Complete English Grammar Rules gives you all the rules of grammar, all in one place, logically organized in a user-friendly format. Preface Grammar is without a doubt one of the most daunting aspects of the English language, an area riddled with complexities, inconsistencies, and contradictions. It has also been in a state of flux for pretty much its entire existence. For native speakers of English, as well as for those learning it as a new language, grammar presents a very serious challenge to speaking and writing both accurately and effectively. Having a single, reliable, go-to reference guide should therefore be indispensable to those trying to learn, improve, or perfect their speech or writing. This book is that guide: a clear, unambiguous, and comprehensive source of information that covers all the relevant topics of English grammar, while still being easy to understand and enjoyable to read. Every topic in the book has been broken down into basic units. Each unit can be read and understood in its own right, but throughout the book you will find cross-references to other sections and chapters to help make it clear how all the pieces fit together. If you're having trouble understanding something, try going back (or forward) to other related topics in the book. Finally, it must be mentioned that, because English is such a flexible, inconsistent language, the

"rules" that are often bandied about are usually not rules at all, but rather guides that reflect how the language is used. Accordingly, the guidelines contained within this book are just that-guidelines. They are not intended to provide constrictive or proscriptive rules that confine everyone to a particular way of speaking or writing. Learning how the English language works will enhance your engagement with speech and writing every day, from the books you read, to the e-mails you write, to the conversations you have with friends and strangers alike. As such, mastering grammar is not an exercise that is confined to the classroom. While it is certainly important to learn the structures, styles, and rules that shape the language, the key to truly learning English is to read and listen to the way people write and speak everyday, from the most well-known authors to the people you talk to on the bus. Take the information you find in this book and carry it with you into the world. -P. Herring
