Where There Is No Dentist *Diana*

This book is an important companion to Hesperian's classic book *Where There Is No Doctor*. All Hesperian books are regularly updated and reprinted to reflect accurate medical information. Community health workers, educators and individuals from

around the world use *Where There Is No Dentist* to help people care for their teeth and gums. This book's broad focus makes it an invaluable resource. The author uses straightforward language and careful instructions to explain how to examine patients diagnose common dental problems make and use dental equipment use local anesthetics place fillings and remove teeth There is also a special chapter on oral health and HIV/AIDS, which provides the dental worker with a detailed, well-illustrated discussion of the special problems faced by people living with HIV/AIDS, and appropriate treatment.

Where There is No Doctor

Where There is No Dentist

Teeth *The New Press*

An NPR Best Book of 2017 "[Teeth is] . . . more than an exploration of a two-tiered system—it is a call for sweeping, radical change." —New York Times Book Review "Show me your teeth," the great naturalist Georges Cuvier is credited with saying, "and I will tell you who you are." In this shattering new work, veteran health journalist Mary Otto looks inside America's mouth, revealing unsettling truths about our unequal society. *Teeth* takes readers on a disturbing journey into America's silent epidemic of oral disease, exposing the hidden connections between tooth decay and stunted job prospects, low educational achievement, social mobility, and the troubling state of our public health. Otto's subjects include the pioneering dentist who made Shirley Temple and Judy Garland's teeth sparkle on the silver screen and helped create the all-American image of "pearly whites"; Deamonte Driver, the young Maryland boy whose tragic death from an abscessed tooth sparked congressional hearings; and a marketing guru who offers advice to dentists on how to push new and expensive treatments and how to keep Medicaid patients at bay. In one of its most disturbing findings, *Teeth* reveals that toothaches are not an occasional inconvenience, but rather a chronic reality for millions of people, including disproportionate numbers of the elderly and people of color. Many people, Otto reveals, resort to prayer to counteract the uniquely devastating effects of dental pain. Otto also goes back in time to understand the roots of our predicament in the history of dentistry, showing how it became separated from mainstream medicine, despite a century of growing evidence that oral health and general bodily health are closely related. Muckraking and paradigm-shifting, *Teeth* exposes for the first time the extent and meaning of our oral health crisis. It joins the small shelf of books that change the way we view society and ourselves—and will spark an urgent conversation about why our teeth matter.

Behold, No Cavities! *Simon and Schuster*

When SpongeBob learns that Patrick has never brushed his teeth or seen a dentist, he takes him along to his semiannual dentist appointment.

Let's Meet a Dentist *Lerner Digital*™

Audisee® eBooks with Audio combine professional narration and text highlighting for an engaging read aloud experience! Let's Meet a Dentist! Have you ever had a toothache? Or gotten your teeth cleaned? Dr. Florez could help you out! She's a dentist, and today she has an office full of curious visitors. They try out her dentist's chair and look at X-rays of teeth. They also learn how she helps patients keep their teeth clean and healthy. Hooray for dentists! "Cartoon-style animated drawings in bright colors introduce diverse characters who will capture children's interest." —School Library Journal "In each book introducing a community-

benefiting career, schoolchildren meet one adult to learn about his or her job; information includes the training required to become a firefighter, doctor, etc., daily routines, and primary responsibilities. The content is inclusive and up-to-date but delivered through vapid stories. Peppy computer-generated cartoons are amateur." - The Horn Book Guide Free downloadable series teaching guide available.

The Dentist *Head of Zeus Ltd*

Bristol detective DS George Cross investigates the suspicious death of a homeless man, and discovers a link to a cold case murder from years before.

Successful Self-Dentistry

The Cadaver King and the Country Dentist *PublicAffairs*

A shocking and deeply reported account of the persistent plague of institutional racism and junk forensic science in our criminal justice system, and its devastating effect on innocent lives After two three-year-old girls were raped and murdered in rural Mississippi, law enforcement pursued and convicted two innocent men: Kennedy Brewer and Levon Brooks. Together they spent a combined thirty years in prison before finally being exonerated in 2008. Meanwhile, the real killer remained free. The Cadaver King and the Country Dentist recounts the story of how the criminal justice system allowed this to happen, and of how two men, Dr. Steven Hayne and Dr. Michael West, built successful careers on the back of that structure. For nearly two decades, Hayne, a medical examiner, performed the vast majority of Mississippi's autopsies, while his friend Dr. West, a local dentist, pitched himself as a forensic jack-of-all-trades. Together they became the go-to experts for prosecutors and helped put countless Mississippians in prison. But then some of those convictions began to fall apart. Here, Radley Balko and Tucker Carrington tell the haunting story of how the courts and Mississippi's death investigation system -- a relic of the Jim Crow era -- failed to deliver justice for its citizens. The authors argue that bad forensics, structural racism, and institutional failures are at fault, raising sobering questions about our ability and willingness to address these crucial issues.

A Trip to the Dentist *Dorling Kindersley Ltd*

A trip to the dentist needn't be so scary when you can read all about it. Lots of photographs, simple vocabulary and illustrations make a great book to read together with your child and ideal for guided reading in the Literacy hour. Learning about the dentist is fun for beginner readers and increases reading confidence.

Why We Go to the Dentist *Lerner Publications™*

Teeth need lots of brushing and flossing to stay healthy—but why? Going to the dentist helps us learn more about the importance of clean teeth! Lively, carefully leveled text, age-appropriate critical thinking questions, and colorful photos help young readers learn about healthy habits.

Doctor De Soto *Farrar, Straus and Giroux (BYR)*

"Doctor De Soto, the dentist, did very good work." With the aid of his able assistant, Mrs. De Soto, he copes with the toothaches of animals large and small. His expertise is so great that his fortunate patients never feel any pain. Since he's a mouse, Doctor De Soto refuses to treat "dangerous" animals--that is, animals who have a taste for mice. But one day a fox shows up and begs for relief from the tooth that's killing him. How can the kindhearted De Sotos turn him away? But how can they make sure that the fox doesn't give in to his baser instincts once his

tooth is fixed? Those clever De Sotos will find a way. William Steig's Doctor De Soto is a 1982 New York Times Book Review Notable Children's Book of the Year and Outstanding Book of the Year, a 1983 Boston Globe - Horn Book Awards Honor Book for Picture Books, and a 1983 Newbery Honor Book.

Curious George Visits The Dentist *HarperCollins*

When George bites into a shiny apple made of wax, his tooth begins to hurt. The next morning George shows his wiggly tooth to the man with the yellow hat, who takes him to the dentist. George is nervous about his first visit to the dentist, but overcomes his fear and learns about better dental hygiene—with a little good-natured mayhem on the side! With art in the style of H. A. Rey, this engaging story will teach young readers that there is nothing scary about the dentist or wobbly teeth—and adds some tooth fairy fun for good measure!

Dinosaur Goes to the Doctor *Gareth Stevens Publishing LLLP*

The doctor's office can be intimidating for someone unsure of what to expect. In this book, the dinosaurs know that a trip to the doctor's office can be fun. Whether just visiting for a checkup or to get better after an illness, the doctor only wants to help little dinos get back to full health! Getting weighed, tapping on knees, and important questions from the doctor are all part of the journey in this exciting book for beginning readers that turns a scary situation into something fun.

The Things They Carried *HarperCollins*

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Claiming The Dentist

From the moment I caught his scent, I knew he was mine ...I never thought I'd meet my mate at the dentist's office, but when I take my daughter to get her tooth pulled, he's right there waiting. I recognize Jamie's scent as soon as I walk in, and it's making my inner wolf crazy. And when I see how great he is with my daughter, my heart melts. I need him to be mine. We're scorched by the heat of our chemistry, and I can't get enough of the man. But when Jamie starts to pull away, I don't know if I can keep the omega as my own. Fate brought us together, but I need a man who is proud to call me and my daughter his own. Family is everything to me, but it's only brought my omega heartache. Can we find a way to overcome the difference? Or will Jamie's fears break both of our hearts?

The Stress-Free Dentist

Are you a stressed-out dentist? You're not alone. Dental school doesn't prepare graduates for the business side of dentistry, and many dentists struggle with the same issues, squeezed between student loan debt, insurance issues, broken systems, and the

daily demands of practice management. Worse, despite the commonality of these problems, many dentists feel deeply alone in their struggle. Dentists, you're not alone anymore. Your health and happiness matter and Dr. Eric Block is here to help. Burnout? He's been there. Despair? He's done that. Recovery? Yes, he did--and you can, too. Whether you're a student, associate, or practice owner, this book is for you. Dr. Block addresses the mental illness epidemic among dentists with a solution-focused approach that relies heavily on peer support. Dr. Block and several other dentists share their stories about struggling with common challenges: financial stress, personnel issues, illness, addiction, and burnout. These stories and solutions will help you break down your breakdown and figure out your best steps back to greater health and happiness. This is how you can avoid total burnout and look forward to going to work every day.

Just Going to the Dentist *Paw Prints*

When Little Critter visits the dentist, he has his teeth cleaned and examined, and a cavity filled

Confessions of a Former Cosmetic Dentist

Materials Science for Dentistry *Elsevier*

Materials Science for Dentistry has established itself as a standard reference for undergraduate and postgraduate courses in dentistry. It provides a fundamental understanding of the materials on which dentistry depends, covering those aspects of structure and chemistry which govern the behaviour and performance of materials in use. Particular materials discussed include gypsum, polymers, acrylic, cements, waxes, porcelain and metals. Other chapters review topics such as surfaces, corrosion, mixing, casting, cutting and bonding as well as mechanical testing. This edition, which adds a chapter on further aspects of mechanical testing, has been extensively revised with, for example, new material on condensation silicone and phosphate-bonded investment chemistries, mixing, MTATM and alternative radiographic imaging techniques. Now in its ninth edition, Materials Science for Dentistry continues its reputation as the most authoritative available reference for students of dentistry. It is also a valuable resource for academics and practitioners in the field. Offers a fundamental understanding of the materials on which dentistry depends, covering their structure and chemistry Extensively revised to keep it up-to-date with the latest developments This new edition continues its reputation as the most authoritative reference on dentistry

It's All in Your Mouth *Chelsea Green Publishing*

The future of medicine—and the key to a healthier life—starts in your mouth American dentists are beginning to discover what some of their European counterparts have long understood: Many common chronic conditions—obesity, inflammation, stroke, diabetes, Alzheimer's, heart disease, and cancer, among others—often have their origins in the mouth. In a groundbreaking new work, German dentist Dr. Dominik Nischwitz presents the principles of biological dentistry along with emerging scientific research on the mouth's vital role in the body's microbiome—a key to whole body wellness. Challenging conventional dental wisdom that views the teeth as separate

from the rest of the body, and conventional dental practices that often cause more harm than good, *It's All in Your Mouth* delivers: The latest research on the microbiome and the mouth Critical information on the dangers of root canals and amalgam fillings The important role of nutrition in oral health and hygiene A clarion call for a new approach to dentistry Sensible, holistic, and humane, *It's All in Your Mouth* offers a necessary new approach to natural immunity to chronic disease and integrating dental hygiene into whole body health.

The Berenstain Bears Visit the Dentist *Random House Books for Young Readers*

Come for a visit in Bear Country with this classic First Time Book® from Stan and Jan Berenstain. Join Mama, Papa, Brother, and Sister for a trip to the dentist where they'll get checked for cavities and have their teeth cleaned. Complete with a visit from the Tooth Fairy, this beloved story is the perfect way to calm children's nerves about going to the dentist.

Demon Dentist *HarperCollins*

This New York Times bestseller from David Walliams, the UK's #1 bestselling children's author and "the heir to Roald Dahl" (*The Spectator*), launched his books stateside in a big way! Walliams makes going to the dentist a wacky adventure with his signature humor—this is one dentist appointment you don't want to miss. Something strange is happening in Alfie's town. Instead of shiny coins from the Tooth Fairy, kids are waking up to dead slugs, live spiders, and other dreadfully icky things under their pillows. Who would do something so horrific? Alfie is sure that Miss Root, the creepy new dentist in town, is behind it all. There's nothing Alfie hates more than going to the dentist, but to solve this mystery, he may have to book a dreaded appointment....

Never Take a Shark to the Dentist *Simon and Schuster*

A list of things one should not do with various animals, such as "hold hands with a lobster."

The Crocodile and the Dentist *Chronicle Books*

Oh, it's time to go to the dentist! Crocodile has a toothache, but he's afraid of the dentist. The dentist wants to help, but he's afraid of Crocodile. Never fear! Bestselling author-illustrator Taro Gomi cleverly and humorously presents both sides of the story, as the crocodile and the dentist learn to be brave and face their fears—of what might happen in that dentist's chair and of each

other!

Taryn Goes to the Dentist *Crown Pub*

A little girl describes her first visit to the dentist.

You Bet Your Life *Basic Books*

One of America's top physicians traces the history of risk in medicine—with powerful lessons for today. Every medical decision—whether to have chemotherapy, an X-ray, or surgery—is a risk, no matter which way you choose. In *You Bet Your Life*, physician Paul A. Offit argues that, from the first blood transfusions four hundred years ago to the hunt for a COVID-19 vaccine, risk has been essential to the discovery of new treatments. More importantly, understanding the risks is crucial to whether, as a society or as individuals, we accept them. Told in Offit's vigorous and rigorous style, *You Bet Your Life* is an entertaining history of medicine. But it also lays bare the tortured relationships between intellectual breakthroughs, political realities, and human foibles. Our pandemic year has shown us, with its debates over lockdowns, masks, and vaccines, how easy it is to get everything wrong. *You Bet Your Life* is an essential read for getting the future a bit more right.

We're Going to the Doctor *Campbell Books*

The Big Steps series is designed to help little ones deal with new experiences in their lives. In *We're Going to the Doctor*, meet Billy and Nell, who go for a check-up and have an injection. Help Billy and Nell explore the waiting room, get weighed by the doctor and have their injection in this fun-filled novelty book, brought to life with flaps and mechanisms. Each page has really helpful tips for parents and carers that are endorsed by The Good Play Guide and leading Early Years Consultant, Dr Amanda Gummer. With delightful illustrations from Marion Cocklico, *We're Going to the Doctor* is a brilliant way to introduce going for a check-up in a fun and relatable way. For more toddler tips, read *We're Having A Baby*, *I'm Not Sleepy* and *Can You Say Please?*

Stuff You Should Know *Flatiron Books*

From the duo behind the massively successful and award-winning podcast *Stuff You Should Know* comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast *Stuff You Should Know* back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making *Stuff You Should Know* one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with *Stuff You Should Know*. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

A Brush with Love *St. Martin's Griffin*

Nine out of ten dentists agree, Mazey Eddings's rom-com *A Brush with Love* makes your smile brighter!* *not scientifically proven Harper is anxiously awaiting placement into a top oral surgery residency program when she crashes (literally) into Dan. Harper would rather endure a Novocaine-free root canal than face any distractions, even one this adorable. A first-year dental student with a family legacy to contend with, Dan doesn't have the same passion for pulling teeth that Harper does. Though he finds himself falling for her, he is willing to play by Harper's rules. So with the greatest of intentions and the poorest of follow-throughs, the two set out to be "just friends." But as they get to know each other better, Harper fears that trading fillings for feelings may make her lose control and can't risk her carefully ordered life coming undone, no matter how drool-worthy Dan is. Blood, gore, and extra-long roots? No problem. The idea of falling in love? Torture.

Going to the Dentist *Off We Go Publishing*

Part of a series of six books which prepare children for a particular event. The books explain 'what comes next' on an outing, and therefore help children to get through the task or situation more easily.

Jaws *Stanford University Press*

There's a silent epidemic in western civilization, and it is right under our noses. Our jaws are getting smaller and our teeth crooked and crowded, creating not only aesthetic challenges but also difficulties with breathing. Modern orthodontics has persuaded us that braces and oral devices can correct these problems. While teeth can certainly be straightened, what about the underlying causes of this rapid shift in oral evolution and the health risks posed by obstructed airways? Sandra Kahn and Paul R. Ehrlich, a pioneering orthodontist and a world-renowned evolutionist, respectively, present the biological, dietary, and cultural changes that have driven us toward this major health challenge. They propose simple adjustments that can alleviate this developing crisis, as well as a major alternative to orthodontics that promises more significant long-term relief. Jaws will change your life. Every parent should read this book.

The Night Before the Dentist *Penguin*

Grab your toothbrush and get ready for a trip to the dentist in the latest big moment to be celebrated in Natasha Wing's best-selling series! It's the night before a young boy's check-up with the dentist. He's lost four teeth, and two big ones have come in already! So what does he do? He brushes and brushes his teeth to make sure his smile is super bright, of course! Join him on his journey to explore the ins and outs of the dentist's office in this delightful story, told in the style of Clement C. Moore's classic tale.

Medical and Dental Expenses

Clinical Problem Solving in Dentistry E-Book *Elsevier Health Sciences*

The latest edition of this popular book continues to provide a highly visual step-by-step guide to the practical management of a wide variety of presentations seen in clinical dental practice. Containing over 350 high-quality photographs, line artworks and tables, *Clinical Problem Solving in Dentistry* is written in an easy-to-read 'how to' style and contains a large number of real life clinical cases carefully presented to maximise learning outcomes for the reader. Covering all core aspects of practice, *Clinical Problem Solving in Dentistry*, 3rd edition will be of value to all

general dental practitioners, both qualified and in training. More than 350 colour illustrations, artworks and tables present clinical, diagnostic and practical information in an easy-to-follow manner Designed to help the reader reorganise their knowledge into a clinically useful format Explores treatment alternatives and evaluates their advantages and disadvantages Integrates material from all the dental specialties in order to cover the full range of problems which will be seen in practice Practical approach to the subject makes learning especially easy Includes ten completely new problems, making the book almost twice as long as the first edition! All the chapters have been completely revised to account for new national guidelines, changes in legislation and advances in treatment Additional topics include Down's syndrome, bisphosphonate-induced osteonecrosis, headache and child protection

A Larger Sense of Purpose *Princeton University Press*

Universities were once largely insular institutions whose purview extended no further than the campus gates. Not anymore. Today's universities have evolved into multifaceted organizations with complex connections to government, business, and the community. This thought-provoking book by Harold Shapiro, former president of both Princeton University and the University of Michigan, and Chairman of the National Bioethics Advisory Commission under President Bill Clinton, explores the role the modern university should play as an ethical force and societal

steward. Based on the 2003 Clark Kerr lectures, *A Larger Sense of Purpose* draws from Shapiro's twenty-five years of experience leading major research universities and takes up key topics of debate in higher education. What are the nature and objectives of a liberal education? How should universities address the increasing commercialization not only of intercollegiate sports but of education and research? What are the university's responsibilities for the moral education of students? The book begins with an expanded history of the modern research institution followed by essays on ethics, the academic curriculum, the differences between private and public higher education, the future of intellectual property rights, and the changing relationship between the nation's universities and the for-profit sector. Shapiro calls for universities to be more accountable morally as well as academically. He urges scientists not only to educate others about the potential and limitations of science but also to acknowledge the public's distress over the challenges presented by the very success of the scientific enterprise. He advocates for a more intimate connection between professional training and the liberal arts--in the hope that future doctors, lawyers, and business executives will be educated in ethics and the social sciences as well as they are in anatomy, torts, and leveraged buyouts. Candid, timely, and provocative, *A Larger Sense of Purpose* demands the attention of not only those in academics but of anyone who shares an interest in the soul of education.
