Structural Linguistics. By Nasrullah Mambrol on December 22, 2018 • (1) Structural linguistics was developed by Ferdinand de Saussure between 1913 and 1915, although his work wasn't translated into English and popularized until the late 1950s. Before Saussure, language was studied in terms of the history of changes in individual words over time, or diachronically, and it was assumed that words somehow imitated the objects for which they stood.
