How to make your minibeast home. Step one: Attach the string tightly to the side of the container. You can tie it around the outside of the container or make a hole in one side of the container and thread the string through a knot on the inside. Next, add sticky tape to make sure the string is tied on tight.

details | rspca.org.uk

Rolled up corrugated cardboard – place in a plastic bottle to protect it from the rain, lacewings favour this habitat. You can create a green roof on your hotel too. Lining the top will protect the inside of the hotel by keeping it dry from rain, then you can plant nectar rich flowers to encourage the bees and butterflies.
