Treatment for Posttraumatic Stress Disorder in Military and Veteran Populations

Initial Assessment *National Academies Press*

Prior to the military conflicts in Iraq and Afghanistan, wars and conflicts have been characterized by such injuries as infectious diseases and catastrophic gunshot wounds. However, the signature injuries sustained by United States military personnel in these most recent conflicts are blast wounds and the psychiatric consequences to combat, particularly posttraumatic stress disorder (PTSD), which affects an estimated 13 to 20 percent of U.S. service members who have fought in Iraq or Afghanistan since 2001. PTSD is triggered by a specific traumatic event - including combat - which leads to symptoms such as persistent re-experiencing of the event; emotional numbing or avoidance of thoughts, feelings, conversations, or places associated with the trauma; and hyperarousal, such as exaggerated startle responses or difficulty concentrating. As the U.S. reduces its military involvement in the Middle East, the Departments of Defense (DoD) and Veterans Affairs (VA) anticipate that increasing numbers of returning veterans will need PTSD services. As a result, Congress asked the DoD, in consultation with the VA, to

sponsor an IOM study to assess both departments' PTSD treatment programs and services. Treatment for Posttraumatic Stress Disorder in Military and Veteran Populations: Initial Assessment is the first of two mandated reports examines some of the available programs to prevent, diagnose, treat, and rehabilitate those who have PTSD and encourages further research that can help to improve PTSD care.

"This text is designed to give the advanced Air Force ROTC student an over-all view of the military justice system, of how it operates in the Air Force, and of the general responsibilities of those in 'authority or command' who must administer the system. And, above all, it is hoped that the text will engender a feeling that military justice is directly, intimately, and essentially concerned with human conduct - rather than with arbitrary rules, legalistic distinctions, and inflexible classifications"--Pref.

The American Crisis *Standard Ebooks*

The American Crisis is a collection of articles by Thomas Paine, originally published from December 1776 to December 1783, that focus on rallying Americans during the worst years of the Revolutionary War. Paine used his deistic beliefs to galvanize the revolutionaries, for example by claiming that the British are trying to assume the powers of God and that God would support the American colonists. These articles were so influential that others began to adopt some of their more stirring phrases, catapulting them into the cultural consciousness; for example, the opening line of the first Crisis, which reads "These are the times that try men's souls." This book is part of the Standard Ebooks project, which produces free public domain ebooks.

'Difficult Heritage' in Nation Building

South Korea and Post-Conflict Japanese Colonial Occupation *Architecture Springer*

This book explores South Korean responses to the architecture of the Japanese colonial occupation of Korea and the ways that architecture illustrates the relationship between difficult heritage and the formation of national identity. Detailing the specific case of Seoul, Hyun Kyung Lee investigates how buildings are selectively destroyed, preserved, or reconstructed in order to either establish or challenge the cultural identity of places as new political orders are developed. In addition, she illuminates the Korean traditional concept of feng shui as a core indigenous framework for understanding the relationship between space and power, as it is associated with nation-building processes and heritagization. By providing a detailed study of a case little known outside of East Asia, 'Difficult Heritage' in Nation Building will expand the framework of Western-centered heritage research by introducing novel Asian perspectives.

Social Usage and Protocol Handbook

A Guide for Personnel of the U. S. Navy

Members of the naval service will find that at all points in their careers they can expect to be involved to some extent in the planning and execution of official ceremonies and social events. Protocol is a code of established guidelines on proper etiquette and precedence which, when followed, lays the foundation for a successful event. From this foundation, the host should consider the facets which make a particular situation unique, and from there, use imagination to design a memorable occasion. The most important consideration in planning should always be the comfort of one's guests. A clever host/hostess is able to reach a proper mixture of protocol and common sense that will enable guests to enjoy themselves completely. If this is accomplished, an event is truly successful.

The Mentor Connection

Strategic Alliances within Corporate Life *Routledge*

In the past several years the concept of the mentor has become a part of the common parlance. There is a widespread interest in the pivotal role of mentoring for the success of individuals. Research has made it plain that mentors play a major role in career development. Now human resources and organizational development groups have come to appreciate the role of mentoring on the donor as well as recipient, for the career of the helper no less than the person(s) being helped. Michael Zey, in this study based upon interviews with over 150 executives in Fortune 500 companies and smaller firms, provides a major exploration of the sociological dynamics of the mentoring relationships, locating this phenomenon in the fields of career growth, job satisfaction, and social mobility. In doing so, Zey offers a framework for the understanding of corporate culture, an approach that raises this volume far beyond the usual self-help literature found in this field.

Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the

image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically it's either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>

Legal Guide for Commanders (FM 27-1) *Createspace Independent Pub*

This manual, "Legal Guide for Commanders (FM 27-1)," is a guide to military law for company commanders, officers and noncommissioned officers. It will acquaint you with military law as reflected in military justice, administrative law, and personal rights, responsibilities, and restrictions. It outlines basic responsibilities and daily procedures for administering military justice and administrative law in the unit. It will assist you in safeguard the personal and civil rights of the soldiers under your command. The "Powell Report" on the Uniform Code of Military Justice stresses military law's role of maintaining discipline in the Army: Discipline - state of mind which leads to a willingness to obey an order no matter how unpleasant the task to be performed - is not characteristic of a civilian community. Development of this state of mind among soldiers is a command responsibility and a necessity. In the development of discipline, correction of individuals is indispensable; in correction, fairness or justice is indispensable. Thus, it is a mistake to talk of balancing discipline and justice - the two are inseparable. Once a case is before a court-martial, it should be realized by all concerned that the sole concern is to accomplish justice under the law. This does not mean justice as determined by the commander referring a case or by anyone not duly constituted to fulfill a judicial role. It is not proper to say that a military court-martial has a dual function as an instrument of discipline and as an instrument of justice. It is an instrument of justice, and in fulfilling this function it will promote discipline (Powell Report: Report to Honorable Wilbur M. Brucker, Secretary of the Army, 1960).

The First 100 Days of Platoon Leadership - Handbook (Lessons and Best Practices) *Lulu.com*

The platoon leader and platoon sergeant are two of the most important leaders in the U.S. Army. The way platoon leaders and sergeants work together as a team can cause the success or failure of companies, battalions, brigades, and divisions. They represent the leading edge of leadership on and off the battlefield. On the battlefield, platoon leaders and sergeants build their platoons, empower squad leaders, integrate outside elements, and use troop-leading procedures to plan and lead. Off the battlefield, platoon leaders and sergeants prepare their platoon for combat through tough training. The platoon leader and platoon sergeant's ability to coach, teach, and mentor their Soldiers leads directly to the readiness of our formations. Worldwide, platoon leaders and sergeants are personally leading the U.S. Army at the lowest level. This handbook is a guide for new leaders to help prepare them for a critical crucible of leadership that will determine the U.S. Army's ability to fight and win our country's wars.

United States Marine Corps - The Basic School - Warrant Officer Basic Course Materials

Jeffrey Frank Jones

Over 2,200 total pages !!! WARRANT OFFICER BASIC COURSE (WOBC) 1-18 INFORMATION Congratulations on your selection as a Warrant Officer of Marines. You are about to embark upon a truly remarkable journey as an officer of Marines. That journey begins with your successful completion of the Warrant Officer Basic Course (WOBC) at The Basic School (TBS) in Quantico, Virginia. Warrant Officers and Title 10: Warrant Officer (WO) is an appointed rank, vice a commissioned one. Chief Warrant Officers (Marine Gunners and Recruiting Officers) are commissioned. All Chief Warrant Officers and Warrant Officers must successfully complete the WOBC in order to retain their appointment or commission. Title 10 U.S.C. Section 1165 states: THE SECRETARY OF THE NAVY HAS THE AUTHORITY TO TERMINATE THE REGULAR APPOINTMENT OF ANY PERMANENT REGULAR WO AT ANY TIME WITHIN THREE YEARS AFTER THE DATE WHEN THE OFFICER ACCEPTED HIS ORIGINAL PERMANENT APPOINTMENT. A MARINE WHOSE APPOINTMENT IS TERMINATED MAY, UPON HIS REQUEST

AND AT THE DISCRETION OF THE SECRETARY OF THE NAVY, BE ENLISTED IN A GRADE NOT LOWER THAN THAT HELD IMMEDIATELY PRIOR TO APPOINTMENT. THEREFORE, THE FIRST THREE YEARS AS A WO IS A PROBATIONARY PERIOD AND THE APPOINTMENT TO WO WILL BE TERMINATED IF A MARINE DOES NOT COMPLETE THE REQUIREMENTS OF THE WOBC. WOBC MISSION STATEMENT: Train and educate newly appointed warrant officers in the high standards of professional knowledge esprit-de-corps, and leadership required to transition from enlisted Marine to officer with particular emphasis on the duties, responsibilities and warfighting skills required of a provisional rifle platoon commander. The Warrant Officer Basic Course: The WOBC is an eighteen-week course that focuses on the transition from enlisted Marine to Marine officer. TBS and the WOBC focus on five horizontal themes that define expectations of all Marine Officers: (1) a man/woman of exemplary character, (2) devoted to leading Marines 24/7, (3) able to decide, communicate, and act in the fog of war, (4) a Warfighter who embraces the Corps' warrior ethos, and (5) mentally strong and physically tough. The universal concept that Marine Officers must be able to assess situations, weigh the pros and cons of various decisions, make a decision, develop a plan, communicate that plan effectively, and supervise its execution is stressed and exercised throughout the course. The course will teach the science and art required for service of Marine Officers with an emphasis on decision making throughout. Provisional infantry and planning subjects are together used as the means or vehicle to teach and evaluate this process. Since all students are evaluated on leadership as Marine Officers; physical, mental, and emotional stress are incorporated throughout the course in order to evaluate the ability to lead in chaotic and stressful environments. Some individuals will be pushed close to their failing point, but the WOBC is designed to give students an opportunity to display positive leadership qualities in the face of adversity. The WOBC is not a "check in the block." It is a course designed to provide students with the learning experiences necessary to effectively transition to service as a Marine Officer. Students who do not successfully complete the course face a variety of administrative actions, including repetition of the course, recycle to a six month lieutenant Basic Officer Course, revocation of appointment, or separation from the service. The WOBC curriculum is an academically rigorous, provisional infantry and staff planning based program of instruction (POI) which consists of approximately 935 hours of formal instruction. The POI includes classroom instruction, field exercises, sand table exercises, and discussion groups. Classroom instruction is designed around the flipped classroom model.

The Noncommissioned Officer and Petty Officer

Backbone of the Armed Forces Military Bookshop

Full color publication with photographs. A first of its kind, this book-of, by, and for the noncommissioned officer and petty officer-is a comprehensive explanation of the enlisted leader across the U.S. Armed Services. It complements The Armed Forces Officer, the latest edition of which was published by NDU Press in 2007, as well as the Services' NCO/PO manuals and handbooks. Written by a team of Active, Reserve, and retired senior enlisted leaders from all Service branches, this book defines and describes how NCOs/POs fit into an organization, centers them in the Profession of Arms, explains their dual roles of complementing the officer and enabling the force, and exposes their international engagement. As Chairman of the Joint Chiefs of Staff General Martin E. Dempsey writes in his foreword to the book, "We know noncommissioned officers and petty officers to have exceptional competence, professional character, and

soldierly grit-they are exemplars of our Profession of Arms." Aspirational and fulfilling, this book helps prepare young men and women who strive to become NCOs/POs, re-inspires serving enlisted leaders, and stimulates reflection by those who have retired from or left active service. It also gives those who have never worn the uniform a better understanding of who these exceptional men and women are, and why they are properly known as the "Backbone of the Armed Forces."
