Amazon.com : Champion 5500-Watt Portable Generator with ...

A 5000-watt generator is something we can say a reliable power source that can meet your everyday power needs. No matter whether you want a generator for your home, office, or recreational use; a 5000-watt generator produces enough power to run your multiple appliances and power tools at the same time.

7 Best 5000 Watt Generators 2020 - Totus Power

The first 5 hours of run time are the break-in period for the unit. During the break in period stay at or below 50% of the running watt rating and vary the load occasionally to allow stator windings to heat and cool. Adjusting the load will also cause engine speed to vary and help seat piston rings. After the 5 hour break-in period, change the oil.
