The Present Age (1846) The present age is one of understanding, of reflection, devoid of passion, an age which flies into enthusiasm for a moment only to decline back into indolence. Not even a suicide does away with himself out of desperation, he considers the act so long and so deliberately, that he kills himself with thinking -- one could barely call it suicide since it is thinking which takes his life.

The Present Age On The Death Of Rebellion

The Present Age is a stellar entry in the genre of anti-modern manifesto, an early landmark in the still far-from-exhausted intellectual backlash against democracy, science, and unbelief. Kierkegaard did not get around to railing at democracy or science very much - he died too young - but his hostility to secular rationalism was implacable, and far more subtle than that of most other defenders of religious faith.
