Msu Football Linebacker Methods Defensive

Eyes: Linebackers must train their eyes to see as much as possible. They must always focus on their target prior to the snap of the ball and then mentally visualize what may occur after the snap. Feet: Everything linebackers do involves their ability to move their feet. Making initial reads of what the offense is going to do, attempting to block offensive linemen and defeat them, and tackling the ball carrier are all directly related to proper foot movement.
