This work took the field of physical anthropology and applied the techniques to the forensic context, specifically, the medicolegal identification of individuals from their skeletal remains.

Radford University | Virginia | Best in the Southeast

Forensic anthropology has seen an increase in newcomers over the past decade, mainly due to popular TV series that glamorize the field. A forensic anthropologist deals with human remains in a medico-legal context.

What Is a Forensic Anthropologist?

Forensic Anthropology concerns the identification of human remains for medico-legal purposes. This begins by determining whether remains are human or non-human and are of forensic significance. Forensic anthropologists are commonly required to deal with remains that are in advanced stages of decomposition or are fully skeletonised.
